Mibing Believed Killed:

Missing: Believed Killed Roy Conyers Nesbit, 2010-08-19 The uncertain fates of Amelia Earhart Amy Johnson and Glenn Miller have fascinated readers and aviation historians ever since they disappeared Even today more than half a century after their final flights what happened to them is still the subject of speculation conspiracy theory and controversy This has prompted Roy Conyers Nesbit to reinvestigate their stories and to write this perceptive level headed and gripping study Using testimony from new witnesses and hitherto undisclosed public records he seeks to explain why they were reported missing believed killed He describes why American aviatrix Amelia Earhart vanished in the Pacific on her round the world flight in 1937 what caused the death of Britains aviation heroine Amy Johnson over the Thames estuary in 1941 and what really killed band leader Glenn Miller on his doomed flight to Paris in 1944 And he applies the same expert forensic eye to other tragic aerial mysteries of the period including the flying boat crash that claimed the life of the Duke of Kent in Scotland in 1942 This classic study issued here for the first time in paperback will be fascinating reading for students of aviation history and for anyone who is intrigued by tales of flights into the unknown **Missing Believed Killed** Stuart

Hadaway, 2008-09-22 During the early years of WW2 it soon became apparent that the system for tracing the remains of R A F aircrew deemed Missing Believed Killed was totally inadequate The Missing Research Section M R S of the Air Ministry was set up in 1941 to deal with this problem It collected and collated intelligence reports from a wide variety of official unofficial and covert sources in an attempt to establish the fate of missing aircrew using forensic or semi forensic work to identify personal effects passed on through clandestine channels or bodies washed up on Britains shores In 1944 the M R S a small team of fourteen men was sent to France to seek the missing men on the ground With 42 000 men missing the amount they achieve was limited although a lot of useful work was carried out through contacts in the French Resistance The book explains why men volunteered for the job and why they worked for so long at such a gruesome task Facing difficulties in terrain and climate from the Arctic Circle to the jungles of Burma and Germany and not knowing if the local people would be friendly or hostile The book also explains how to trace R A F members through both personnel and operational records where these records are kept and how to access them *Missing-believed Killed. families both in the United Kingdom and around the world The result will be a vital work of reference to the events of 1 July 1916 a valuable information source for not only for those interested in military history but genealogists and historians alike

Against All Odds Stephen Wynn, 2018-01-30 Walter Tull would have been a remarkable individual no matter when he had been born but to achieve what he did during the time that he did makes him even more remarkable He was an orphan at just six years of age and despite not wanting to his step mother Clara had no choice but to place him and his elder brother Edward in to a children s home in the East End of London As neither Walter or Edward had ever traveled outside of Folkestone before the upheaval must have come as quite a shock Two years after entering the home Walter and Edward were split up when Edward was adopted and went to live in Glasgow Walter s sporting prowess saw him play for top local amateur side Clapton Football club signing for them in 1908 but it was to be a short lived affair as by the following year he had signed as a professional for the prestigious Tottenham Hotspur Football Club making his first team debut against Manchester United In October 1911 Walter was transferred to Northampton Town Football Club where he would go on to play over one hundred first team games before the First World War brought a premature end to his career as a professional footballer With the outbreak of war Walter wasted no time enlisting in the British Army initially as a Private in the newly formed 17th Football Battalion Middlesex Regiment Further promotions followed and in no time at all he had reached the rank of Sergeant He was put forward for a commission and passed out as a 2nd Lieutenant on 29 May 1917 He went on to become the first black officer in the British Army to lead white troops in to battle and was fondly regarded by the men who served under him Walter was killed in action whilst leading his men in a counter attack against German defensive positions on Monday 25 March 1918 He died a hero He was well liked and respected by all who knew him Like many men of his generation his life was cut short for the greater good whilst in the service of his country so that others might prevail
