**Armchair Nation** Joe Moran, 2013-08-22 But what does your furniture point at asks

the character Joey in the sitcom Friends on hearing an acquaintance has no TV. It's a good question since its beginnings during WW2, television has assumed a central role in our houses and our lives just as satellite dishes and aerials have become features of urban skylines. Television or the idiot's lantern, depending on your feelings about it, has created controversy, brought coronations and World Cups into living rooms, allowed us access to 24hr news and media and provided a thousand conversation starters. As shows come and go in popularity, the history of television shows us how our society has changed. *Armchair Nation* reveals the fascinating, lyrical and sometimes surprising history of telly from the first demonstration of television by John Logie Baird in Selfridges to the fear and excitement that greeted its arrival in households; some viewers worried it might control their thoughts, the controversies of Mary Whitehouse's Clean Up TV campaign and what JG Ballard thought about Big Brother. Via trips down memory lane with Morecambe and Wise, Richard Dimbleby, David Frost, Blue Peter and Coronation Street, you can flick between fascinating nuggets from the strange side of TV: what happened after a chimpanzee called Fred J. Muggs interrupted American footage of the Queen's wedding and why aliens might be tuning in to *The Benny Hill Show*.

**Independent Television in Britain** P. Bonner, L. Aston, 2002-12-13. Success out of near disaster: finances taken to the edge of bankruptcy, resignations, this volume tells the dramatic stories of the major new commercial television developments in Britain between 1981-92. This is an authoritative account from the people involved and from official documents of the launches and first ten years of Channel 4 and TV-am, the expansion of cable television and early difficulties of satellite broadcasting.

*The Lost Hero* Mihir Bose, History abounds with many heroes. The Indian freedom struggle had its own share of them. Subhas Chandra Bose fired the nation with patriotic fervour, very different in character to the non-violent approach preached by Gandhi. Truly an outsider to the movements of satyagraha and passive resistance that rapidly gained momentum, he made a valiant effort to galvanize the nation into action with evocative slogans such as 'Freedom is never given, it is taken. Tum mujhe khun do, main tumhe azadi doonga.' JAI HIND, India's national greeting, was the salutation coined by him to arouse nationalistic passion among the Indians. In what was unthinkable then, Bose dared to ally with the Nazis and the Japanese and raised an indigenous army called Azad Hind Fauj to challenge the military might of the British Empire. Why then has Subhas Chandra Bose been largely marginalized as a footnote in the history of India's independence? Perhaps the mythical legends that continue to shroud both his personal life and political happenstance hold some answers. *The Lost Hero*, a thoroughly researched biography of Subhas Bose, delves into the life and times of this great man with the hope that he is granted a befitting place in the annals of Indian history.

**Television Producers** Jeremy Tunstall, 2003-09-02. Covering all the major areas of television production, this in-depth work highlights the widely varying influences, difficulties and opportunities at work in the industry. Each kind of producer, across the seven areas here examined, faces the same practical issues of budget, talent and equipment resources and end-product expectations; however, the self-image of the producers and the creative environment in which they work can differ greatly from one programming sector to

the next and whilst their careers may run parallel they are usually cut off from one another ideologically Based on interviews from over two hundred and fifty producers working across a selection of British television channels as well as producers of a number of high profile American shows this book takes in a panoramic view of production models at work today and concludes with some insightful suggestions for the future      **Silver: The Spy Who Fooled the Nazis** Mihir

Bose,2017-01-20      Dennis Potter: Between Two Worlds Glen Creeber,1998-05-20 Dennis Potter is the most well known respected and controversial television dramatist Britain has ever produced Plays and serials such as The Singing Detective and Pennies From Heaven received huge critical acclaim whilst always attracting audiences in their millions This book will critically analyse both the strengths and the weaknesses of Potter s oeuvre whilst investigating his status as both an author and a celebrity Re examining the drama it foregrounds its ambiguities and contradictions whilst clarifying the complex mixture of themes styles and techniques that produced its distinctive and often provocative appeal      *Lion and Lamb* Mihir Bose,2018-09-15 The great British dilemma is this Britain is a country forever wrestling with two moral sides whether to be viewed as a lion that roars and conquers or a gentle lamb that gambols happily In the days of the empire one face meant the Magna Carta Habeas Corpus the Mother of Parliaments and the country that harbored people forced to flee their homelands But there also was an imperial face where colonial subjects were made very aware that the British knew how to ensure obedience even if that required the use of brutal force Brexit has once again highlighted these dualities In Britain s Eternal Dilemma Mihir Bose shows how those who voted to leave the E U want Britain to roar like a lion In contrast the Remainers saw Brexit as a self inflicted wound believing the only option is to live symbiotically with the rest of Europe for a common future Writing from the unique perspective of an immigrant Bose personifies this ongoing debate He has experienced racism in his near half century in Britain but he has also been provided unimaginable opportunities to become a writer opportunities he would never have had in his native India This timely book demonstrates that Britain is still wresting with its two sided identity while also showing that Brexit is still the number one priority on the European political agenda      *Dennis Potter*

Mihir Bose,2017-07-03 Mihir Bose was born in January 1947 Eight months later India became a modern free nation The country he knew growing up in the 1960s has undergone vast and radical change India today exports food sends space probes to Mars and all too often Indian businesses rescue their ailing competitors in the West In From Midnight to Glorious Morning Bose travels the length and breadth of India to explore how a country that many doubted would survive has been transformed into one capable of rivaling China as the world s preeminent economic superpower Multifarious challenges still continue to plague the country although inequality and corruption are issues not unique to India such a rapid ascent to global

prominence creates a precarious position. However, as Bose outlines, this rapid ascent provides evidence that India is ever capable of making great strides in the face of great adversity. Bose's penetrating analysis of the last seventy years asks what is yet to be done for India in order to fulfill the destiny with which it has been imbued. The predictions of doom in August 1947 have proved to be unfounded; the growth of the nation in population and capital has been exponential, and there is much to celebrate. But Bose's nuanced, personal, and trenchant book shows that it is naïve to pretend the hoped-for bright morning has yet dawned.     **The Guardian Index**, 1998     **A Maidan View** Mihir Bose, 2006. Examines cricket's influence on India from the beginnings to the growth that led to India becoming the commercial backbone of the sport worldwide.
