Michael Jackson Number Ones

Vladimir Bogdanov

Michael Jackson Number Ones:

Michael Jackson Number Ones Michael Jackson, 2003 Number Ones includes Michael Jackson's solo chart toppers in the UK and abroad from the period beginning with his Off the Wall album right up to the new song One More Chance. The remaining 17 songs on the album are all classics drawn from the disco soul Off the Wall Thriller Bad Dangerous History and Invincible. Regardless of whether the bulk of Number Ones has appeared on other greatest hits albums, this is still an incredible selection of Michael Jackson's best music.

Jacksons Number Ones Craig Halstead, Chris Cadman, 2003 The Jackson family between them have scored over 200 hits since November 1969 when the Jackson 5's I Want You Back entered Billboard's Hot 100 and Hot R & B singles charts in the States. I Want You Back went on to become the first Jackson no. 1, the first of 50, and counting. It is these chart toppers that form the A-Z backbone of this book. 20 by Janet, 20 by Michael, seven by the Jackson 5, two by Jermaine, and one by the Jacksons, plus a further seven with a Jackson connection. The book also features a comprehensive Fact File section including Top 100 Jackson singles, Chartography USA, UK, the Jacksons in the USA, and the Jacksons in the UK and around the world.

The Billboard Book of Number One Hits Fred Bronson, 2003 Provides lists of hit songs by date with information on the artist, songwriter, producer, label, and offering interviews with popular artists.

The Number Ones Tom Breihan, 2022-11-15 Beloved music critic Tom Breihan's fascinating narrative of the history of popular music through the lens of game-changing #1 singles from the Billboard Hot 100. When Tom Breihan launched his Stereogum column in early 2018, The Number Ones, a space in which he has been writing about every #1 hit in the history of the Billboard Hot 100 in chronological order, he figured he'd post capsule-size reviews for each song. But there was so much more to uncover. The column has taken on a life of its own, sparking online debate and occasional death threats. The Billboard Hot 100 began in 1958, and after four years of posting the column, Breihan is still in the early aughts. But readers no longer have to wait for his brilliant synthesis of what the history of #1s has meant to music and our culture. In The Number Ones, Breihan writes about twenty pivotal #1s throughout chart history, revealing a remarkably fluid and connected story of music that is as entertaining as it is enlightening. The Numbers Ones features the greatest pop artists of all time, from the Brill Building songwriters to the Beatles and the Beach Boys, from Motown to Michael Jackson, Prince, and Mariah Carey, and from the digital revolution to the K-pop system. Breihan also ponders great artists who have never hit the top spot, like Bob Dylan, Bruce Springsteen, and James Brown. Breihan illuminates what makes indelible ear candy across the decades, including dance crazes, recording innovations, television phenomena, disco, AOR, MTV, rap, compact discs, mp3s, social media, memes, and much more, leaving readers to wonder what could possibly happen next.
