Hitchcock and the Spy Film James Chapman, 2017-11-30 Film historian James Chapman has mined Hitchcock's own papers to investigate fully for the first time the spy thrillers of the world's most famous filmmaker Hitchcock made his name as director of the spy movie He returned repeatedly to the genre from the British classics of the 1930s including *The 39 Steps* and *The Lady Vanishes* through wartime Hollywood films *Foreign Correspondent* and *Saboteur* to the Cold War tracts *North by Northwest* *Torn Curtain* and his unmade film *The Short Night* Chapman's close reading of these films demonstrates the development of Hitchcock's own style as well as how the spy genre as a whole responded to changing political and cultural contexts from the threat of Nazism in the 1930s and 40s to the atom spies and double agents of the post war world

Destination London Tim Bergfelder, Christian Cargnelli, 2008-08-01 The legacy of emigrants in the British film industry from the silent film era until after the Second World War has been largely neglected in the scholarly literature *Destination London* is the first book to redress this imbalance Focusing on areas such as exile genre technological transfer professional training and education cross cultural exchange and representation it begins by mapping the reasons for this neglect before examining the contributions made to British cinema by emigrant directors actors screenwriters cinematographers set designers and composers It goes on to assess the cultural and economic contexts of transnational industry collaborations in the 1920s artistic cosmopolitanism in the 1930s and anti Nazi propaganda in the 1940s

British Cinema Amy Sargeant, 2019-07-25 Although new writing and research on British cinema has burgeoned over the last fifteen years there has been a continued lack of single authored books providing a coherent overview to this fascinating and elusive national cinema Amy Sargeant's personal and entertaining history of British cinema aims to fill this gap With its insightful decade by decade analysis *British Cinema* is brought alive for a new generation of British cinema students and the general reader alike Sargeant challenges Rachel Low's premise that few of the films made in England during the twenties were any good by covering subjects as diverse as the art of intertitling the narrative complexities of *Shooting Stars* and Brunel's burlesques Sargeant goes on to examine among other things the differing acting styles of Dietrich and Donat in the seminal

Knight Without Armour to early promotional campaigns in the 1930s whereas subjects ranging from product endorsement by stars to the character of the suburban wife are covered in the 1940s The 1950s includes topics such as the effect of post war government intervention to Free Cinema and Lindsay Anderson's infuriating lapses of rigour together with a much needed overview of Michael Balcon's contribution to British cinema For Sargeant the 1960s provides an overview of the tentative relationship between film and advertising and the rise of young Turks such as Tony Richardson Ken Loach Donald Cammell and Nicolas Roeg

The People's Pictures James Caterer, 2011-08-08 When John Major launched the UK's National Lottery in 1994 he christened it the people's Lottery and handed it to the mythical stewardship of the Everyman But when the proceeds began to be distributed to worthy causes including the British film industry this populist rhetoric came under increasing strain If Lottery funding is used to produce the type of British films which the public want to see such as romantic comedies then many

question whether the market deserves such subsidy Short films and low budget experimental cinema which often require state support tend to go unwatched by large swathes of the Lottery ticket buying public This book explores the debates which were sparked by the arrival of the people s pictures and places them in historical context by examining their many precedents Is public patronage a boon or a burden for filmmakers And how do institutional cultures or political buzzwords affect the finished films Case studies include the popular hits Billy Elliot 2000 and Shooting Fish 1997 art house releases such as Love Is The Devil 1998 and Gallivant 1997 short films by Lynne Ramsey and David MacKenzie and artists film and video work by Bill Viola and Tracey Emin

Ripping England! Roger Rawlings, 2017-12-04 Ripping England investigates a fertile moment for British satire the period between 1947 and 1953 which produced the films Passport to Pimlico Kind Hearts and Coronets and The Lavender Hill Mob as well as the seminal radio program The Goon Show Against the postwar background of fading empire universal rationing and the implementation of a welfare state these satires laid the foundation for a new British cultural identity later fleshed out by the Angry Young Men the Movement poets the Social Realists and those involved in the satire boom of the 1960s which lives on even to this day The peculiarity of these satires and the British identity they shaped is better understood when seen in relief against postwar cinematic cultures of Italy France and the United States Roger Rawlings places postwar British film in the context of contemporaneous European national film movements and contrasts it with Hollywood s comedies and satires of the same period British satires of the late forties and early fifties held up a mirror to a nation that was in the throes of change moving from a colonial empire to an inward turning island culture Ripping England looks at the all too often neglected miracle of postwar British cinema and popular culture

Bomber Boys on Screen S. P. MacKenzie, 2019-08-08 Since the Second World War depictions of Royal Air Force operations in film and television drama have become so numerous that they make up a genre worthy of scholarly attention In this illuminating study S P MacKenzie explores the different ways in which the men of RAF Bomber Command have been represented in dramatic form on the big and small screen from the war years to the present day Bomber Boys on Screen is the first in depth study of how and why the

screen drama image of those who flew those who directed them and those who provided support for RAF bomber operations has changed over time sometimes in contested circumstances Until now dramas that focus on Bomber Command have tended to be mentioned only in passing or studied in isolation despite the prevalence of surveys of both the British war film genre and of aviation cinema In *Bomber Boys on Screen* MacKenzie examines the development presentation and reception of significant dramas on a decade by decade basis Titles from the beginning of the war *The Lion Has Wings* 1939 to the start of new century Bomber's Moon 2014 are situated in the context of technical possibilities and limitations evolving social and cultural norms in the United Kingdom and elsewhere and the development of moral and utilitarian controversies surrounding the wartime bomber offensive directed against Nazi Germany While the focus is on feature films and television plays reference is also made to documentaries memorials veterans organizations book titles war comics and other representations of the war fought by Bomber Command *British War Films, 1939-1945* S. P. MacKenzie, 2001-02-01 The cinema was the most popular form of entertainment during the Second World War Film was a critically important medium for influencing opinion Films such as *In Which We Serve* and *One of Our Aircraft is Missing* shaped the British people's perceptions of the conflict *British War Films 1939-1945* is an account of the feature films produced during the war rather than government documentaries and official propaganda making the book an important index of British morale and values at a time of desperate national crisis *Cinema of Basil Dearden and Michael Relph* Alan Burton, 2009-12-14 A historical and critical assessment of the cinema of Basil Dearden and Michael Relph one of the most significant filmmaking teams that characterised British cinema in the postwar decades *British Stars and Stardom* Bruce Babington, 2001 British film stars even the most famous ones such as James Mason Sean Connery and Julie Andrews are a neglected subject in film history This interesting collection looks at the whole of British stardom from circa 1910 onwards and the many types of British stars who gained worldwide fame through national and international cinema *Transformation and Tradition in 1960s British Cinema* Farmer Richard Farmer, 2019-05-03 Over half a century on the 1960s continue to generate strong intellectual and emotional responses both positive and negative and this is no less true in the arena of film Making substantial use of new and underexplored archive resources that provide a wealth of information and insight on the period in question this book offers a fresh perspective on the major resurgence of creativity and international appeal experienced by British cinema in that dramatic decade *Transformation and Tradition in 1960s British Cinema* is the first scholarly volume on this period of British cinema for more than twenty five years It provides a major reconsideration of the period by focusing on the central tensions and contradiction between novelty revolution and continuity tradition during what remains a highly contentious period of cultural production and consumption **The Screenwriter in British Cinema** Jill Nelmes, 2019-07-25 Though screenwriting is an essential part of the film production process in Britain it is yet to be fully recognised as a form in itself In this original study Jill Nelmes brings the art of screenwriting into sharp focus foregrounding the role of the screenwriter in

British cinema from the 1930s to the present day Drawing on otherwise unseen drafts of screenplays correspondence and related material held in the Special Collections of the BFI National Archive Nelmes's close textual analysis of the screenplay in its many forms illuminates both the writing and the production process With case studies of a diverse range of key writers from individuals such as Muriel Box Robert Bolt and Paul Laverty to teams such as the Carry On writers Nelmes exposes the depth and breadth of this thriving field
