Critical Multimodal Studies of Popular Discourse Emilia Djonov, Sumin Zhao, 2013-09-23 Studies of multimodality have significantly advanced our understanding of the potential of different semiotic resources verbal visual aural and kinetic to make meaning and allow people to achieve various social purposes such as persuading entertaining and explaining Yet little is known about the role that individual nonverbal resources and their interaction with language and with each other play in concealing and supporting or drawing attention to and subverting social boundaries and inequality political or commercial agendas This volume brings together contributions by prominent and emerging scholars that address this gap through the critical analysis of multimodality in popular culture texts and semiotic practices It connects multimodal analysis to critical discourse analysis demonstrating the value of different

approaches to multimodality for building a better understanding of critical issues of central interest to discourse analysis
