The Killer Strikes Rodney Mountain, 2011-06-04 A killer is among us walking the streets hiding in the crowd A killer you would never suspect with a purpose you will scarcely believe She does not hide in the shadows nor does she resemble the boogeyman She could be the girl next door but look out she's Waiting Lt Michael Miller has led a storied life first as the hero undercover cop who brought down the biggest crime syndicate in the city now he runs the best homicide squad in the same city He has been stuck with the not inconsiderable task of finding this killer but at times she is the least of his problems In the city there are many motives and many people all of whom have their own agenda But the killer is out there and she is not going away It is up to Miller and his unlikely crew to put an end to the reign of terror and

to make sure that they never again have to wake up to the phrase The Killer Strikes **Islands Magazine** ,2004-04 All about Northfield, Minn Northfield News, Inc. (Northfield, Minn.),1889 The Summa Halensis Lydia

Schumacher,2020-06-22 For generations early Franciscan thought has been widely regarded as unoriginal a mere attempt to systematize the longstanding intellectual tradition of Augustine in the face of the rising popularity of Aristotle This volume brings together leading scholars in the field to undertake a major study of the major doctrines and debates of the so called Summa Halensis 1236 45 which was collaboratively authored by the founding members of the Franciscan school at Paris above all Alexander of Hales and John of La Rochelle in an effort to lay down the Franciscan intellectual tradition or the first time The contributions will highlight that this tradition far from unoriginal laid the groundwork for later Franciscan thought which is often regarded as formative for modern thought Furthermore the volume shows the role this Summa played in the development of the burgeoning field of systematic theology which has its origins in the young university of Paris This is a crucial and groundbreaking study for those with interests in the history of western thought and theology specifically

Touched by Christ: The Sacramental Economy Lawrence Feingold,2021-05-07 The sacramental economy was instituted by Christ and entrusted to His Church in order to build up the Body of Christ in a twofold communion binding the members together with God and one another Touched by Christ The Sacramental Economy is an introductory course on Sacramental Theology suitable for all who seek a deeper understanding of how the Church s sacraments constitute channels of grace nurture supernatural life and heal us from our sins Lawrence Feingold expertly describes the nature of the sacraments their purpose fittingness and relationship with Christ and the New Covenant their relationship with the Old Covenant rites that prefigured them the character and grace that they communicate and the nature of their causality Touched by Christ shows that the sacraments of the New Covenant should be understood as instruments of Christ s humanity that are used as words of power to communicate the sanctification that they signify infuse grace communicate the Holy Spirit and build up ecclesial communion in those who receive them with the right dispositions *Deep Nights* Michael Miller,2010-10-20 DEEP NIGHTS is a true story of the battle that is waged every night on the streets of a gritty raw inside look at the everyday lives of the police officers who suit up put on the badge and gun and go out each night to protect the streets and neighborhoods of their beats It is a moving story of one officer s journey from an idealistic fresh young recruit to a jaded battle scarred sergeant Chronicling the thrill and triumph of risking life and limb to capture dangerous criminals the frustration of an overworked failing justice system the lives of victims shattered by drugs and violence and seeing death too close and personal this is a brutally honest no punches pulled story of entrenched bureaucracy and corruption the scandals the public never hears about and the quiet heroism of cops on their nightly beat Against it all is the backdrop of the lives of the men and women in uniform the humor the hardship the personal struggles and the camaraderie that forms an unbreakable bond in this profession they simply call the Job *How we Get Mendel Wrong, and Why it Matters* Kostas Kampourakis,2023-12-28 This book illustrates

that the stereotypical representations of Gregor Mendel and his work misrepresent his findings and their historical context The author sets the historical record straight and provides scientists with a reference guide to the respective scholarship in the early history of genetics The overarching argument is twofold on the one hand that we had better avoid na ve hero worshipping and understand each historical figure Mendel in particular by placing them in the actual sociocultural context in which they lived and worked on the other hand that we had better refrain from teaching in schools the naive Mendelian genetics that provided the presumed scientific basis for eugenics Key Features Corrects the distorting stereotypical representations of Mendelian genetics and provides an authentic picture of how science is done focusing on Gregor Mendel and his actual contributions to science Explains how the oversimplifications of Mendelian genetics were exploited by ideologues to provide the presumed scientific basis for eugenics Proposes a shift in school education from teaching how the science of genetics is done using model systems to teaching the complexities of development through which heredity is materialized

Groeschel, 2011-02-18 A Study of the History and Meaning of Personal Devotion to Jesus Christ for Catholic Orthodox and Protestant Christians The devotional life of Christians over the two millennia since Jesus birth has been one of motion changing and growing in response to the challenges presented to the Church the temperaments of newly baptized nations and controversies about how we can and should relate to God And yet the core of authentic Christian devotion has not changed it remains today as it was in the time of the Church Fathers the trusting and personal encounter with Christ that is both open and foundational to the life of all Christian believers In this book the well known spiritual writer and teacher Fr Benedict Groeschel C F R surveys the development and trials of Christian devotion from the days of the martyrs until the twentieth century Tracking it through the centuries and among sadly divided branches of Christianity he finds a commonality of experience and even of language that is constantly ignored among Christians themselves By observing what image of Christ the canvas of common devotion portrays he hopes we will move not to discredit this image but to sharpen it and make it more consistent with the New Testament and the ancient Church Though the devotional life is sometimes brushed off as unimportant in comparison to a theological understanding of Christ Groeschel warns that such dismissal threatens to make distant unknown and obscure the Savior who said I am with you always The answer instead is to draw near to Jesus in devotion and with authentic expressions of that devotion which themselves help paint the image of Christ found concretely in revelation onto the minds and daily life of the devout Begun on a pilgrimage to the Holy Land and the result of years of preparation and a whole life of guiding people as priest public preacher psychologist and spiritual director this book will help Catholic Orthodox and Protestant believers gain not only a comprehensive view of how pious Christians over the centuries have lived out their devotion to God but the examples and perspective they need to live more devoutly today
