Wisdom of the African World Reginald McKnight,1996 The newest volume of the acclaimed Classic Wisdom Collection pulls together pearls of wisdom from the

roots of Africa To this palette has been added contributions from the Caribbean including Jamaica the Dominican Republic Haiti and Cuba **The Theosophist** ,1999 **The Publishers Weekly** ,1908 **The Cumulative Book Index** ,1996 A world list of books in the English language **THE MIND, BODY, SPIRIT, And STORYTELLING** Hakeem R.

Jelani,2023-05-23 For a controversial yet refreshing perspective this book you are holding right now is one that will give you a salient insight into the author s discourse with a new subjective viewpoint regarding the Anunnaki ancient world Their significant deeds and contributions to humanity Which syncs very nicely with the modern ancient astronauts hypothesis Events that are largely associated with the Old Testament Bible Genesis narrative are inextricably linked back to Anunnaki as Those who from Heaven came down to Earth were a fifty man crew under command of the Anunnaki Royal Prince Enki Ea From his home planet Nibiru the eponymous God of creation imbued Kemetic spiritual science philosophy to the African Pharaohs dynasties of Egyptians Mithrum Its speculation and bold assumptions will brighten up your vision as you discover what has long been hidden by the elites who promulgate mendacious truthiness and storytelling as the vicar s of god on Earth Reading this book gives you this powerful insight from a mind body and spirit perspective You discover a different view of the Holy Old Testament Bible Genesis narrative and storytelling Hakeem invites readers to reexamine the Bible myth as a dichotomy between the significant transition into the Western New Testament Christian Church religion of western Europe and the African Egyptian consciousness of spiritual science precepts The Kemetic ankh life became the Christian cross death Each represents important symbolism Whereas the former was plagiarized and replaced and incorporated into the Roman Catholic New Testament Christian Bible religion and canons as the doctrine of theology It s a great story that postulates an assertion that calls one to reexamine the Bible book of genesis Which the Hebrew and Greek Septuagint Bible scribes removed acknowledge to conceal gods Anunnaki identity of the gods The truth about the elite Royals pantheon of alien gods as Anunnaki Anu Enlil and Enki as Those who from the Heavens came down The ancient account pertaining to the Sumerian Bible Genesis is the original codex of historical manuscript religious described rituals and rites which was the hidden books of sacred knowledge and wisdom taught in the halls of the mystery schools by the ancient Egyptian Priesthood This book imparts his speculative unvarnished anecdotal details about Genesis from a different perspective The Biblical history of Genesis as it should be taught Not like the Christian Catholic Protestant and Baptist religions teach the gospels of the Christian savior of the crucified Jesus Christ as the human savior or of the crucified Jesus Christ of heaven Not like the Christian Catholic Protestant and Baptist religions of blind faith But in its purest form of theology that is primarily the Gospels of death salvation and the resurrection after the end of Jesus Christ s crucifixion by the Roman Albeit speculative its conjecture dovetails nicely with attributions described in the Old Testament Bible god corresponds precisely to Enki Ea deeds This book is complete speculation with emphasis on the Bible book of Genesis Hakeem boldly conflated the creator of the homo sapien sapiens with Enki who was a brilliant scientist and chief medical doctor Which means that he was

exceptionally qualified to genetically fuse his biological DNA chromosome code by genetic manipulation of an African female mitochondrial DNA as described in the Old Testament Genesis narrative tale Which raises curious questions as to why the book of Genesis accounts can be examined with great skepticism and a misdirection play because much of the factual information about the Genesis of history was either burned by invading armed forces omitted the rulers suppressed by the Church or destroyed in order to control the narrative of historical evidence He pointed to Enki's process concerning an African female's mitochondrial DNA biological chromosome genetic codes manipulated and used to fashion Adam men as his Hebrew ancestral Royal bloodline It's a fictionalized story written to make people think about this with intellectual intuition logic and reason

The Village Enlightenment in America Craig Hazen, 2000-01-05 The Village Enlightenment in America focuses on three nineteenth century spiritual activists who epitomized the marriage of science and religion fostered in antebellum pre Darwinian America by the American Enlightenment A theologian writer and apologist for the nascent Mormon movement as well as an amateur scientist Orson Pratt wrote Key to the Universe or a New Theory of Its Mechanism to establish a scientific base for the Church of Jesus Christ of Latter day Saints Robert Hare an inventor and ardent convert to spiritualism used his scientific expertise to lend credence to the spiritualist movement Phineas Parkhurst Quimby generally considered the initiator of the American mind cure movement developed an overtly religious concept of science and used it to justify his system of theology Pratt Hare and Quimby all employed a potent combination of popular science and Baconianism to legitimate their new religious ideas Using the same terms matter ether magnetic force to account for the behavior of particles planetary rotation and the influence of the Holy Ghost these agents of the Enlightenment constructed complex systems intended to demonstrate a fundamental harmony between the physical and the metaphysical Through the lives and work of these three influential men The Village Enlightenment in America opens a window to a time when science and religion instead of seeming fundamentally at odds with each other appeared entirely reconcilable

Fetzer his deep spiritual yearnings led him from the Christianity of his youth to a restless exploration of metaphysical religions and movements ranging from Spiritualism Theosophy Freemasonry UFOology and parapsychology all the way to the New Age as it blossomed in the 1980s Author Brian C Wilson demonstrates how Fetzer s quest mirrored those of thousands of Americans who sought new ways of thinking and being in the ever changing spiritual movements of the twentieth century Over his lifetime Fetzer s worldview continuously evolved combining and recombining elements from dozens of traditions in a process he called freedom of the spirit Unlike most others who engaged in a similar process Fetzer s synthesis can be documented step by step using extensive archival materials providing readers with a remarkably rich and detailed roadmap through metaphysical America The book also documents how Fetzer s wealth allowed him to institutionalize his spiritual vision into a thriving foundation the Fetzer Institute which was designed to carry his insights into the future in hopes that it would help catalyze a global spiritual transformation John E Fetzer and the Quest for the New Age offers a window into the rich and complex history of metaphysical religions in the Midwest and the United States at large It will be read with interest by those wishing to learn more about this enigmatic Michigan figure as well as those looking for an engaging introduction into America s rapidly shifting spiritual landscape
