Mind Siege:

Mind Siege Tim La Haye, 2001-02-01 **Mind Siege** Tim LaHaye, David A. Noebel, Dr David Noebel, Thomas Nelson Publishers, 2000-01-07 Popular author Dr Tim LaHaye provides encouragement and practical suggestions for evangelical Christians to return families churches schools and our country to moral and spiritual truth The Prologue to Mind Siege is fiction written in the trademark LaHaye style vividly illustrating the importance of the battle for the mind **Mind Siege** Tim LaHaye, 2000 *Shaking the World for Jesus* Heather Hendershot, 2010-03-15 In 1999 the Reverend Jerry Falwell outed Tinky Winky the purple character from TV's Teletubbies Events such as this reinforced in many quarters the common idea that evangelicals are reactionary out of touch and just plain paranoid But reducing evangelicals to such caricatures does not help us understand their true spiritual and political agendas and the means they use to advance them Shaking the World for Jesus moves beyond sensationalism to consider how the evangelical movement has effectively targeted Americans as both converts and consumers since the 1970s Thousands of products promoting the Christian faith are sold to millions of consumers each year through the Web mail order catalogs and even national chains such as Kmart and Wal Mart Heather Hendershot explores in this book the vast industry of film video magazines and kitsch that evangelicals use to spread their message Focusing on the center of conservative evangelical culture the white middle class Americans who can afford to buy Christian lifestyle products she examines the industrial history of evangelist media the curious subtleties of the products themselves and their success in the religious and secular marketplace To garner a wider audience Hendershot argues evangelicals have had to carefully temper their message But in so doing they have painted themselves into a corner In the postwar years evangelical media wore the message of salvation on its sleeve but as the evangelical media industry has grown many of its most popular products have been those with heavily diluted Christian messages In the eyes of many followers the evangelicals who purvey such products are sellouts hucksters more interested in making money than spreading the word of God Working to understand evangelicalism rather than pass judgment on it Shaking the World for Jesus offers a penetrating glimpse into a thriving religious phenomenon *The Mystery of Life What's It All About?* David E. Peeples, 2018-03-15 Have you ever seriously considered the most difficult and puzzling questions presented to our minds during this mortal sojourn through an often difficult and challenging existence Who am I Where did I come from Why am I here Where am I going And perhaps the most important question of all What is my purpose for living In this ultra modern digital world of today many people have become so preoccupied with the daily pursuits of life and the addictive overuse of time consuming technology that many of them rarely pause to seriously consider what life is actually all about In writing The Mystery of Life it has been my hope and my goal to personally challenge each reader to consider many relevant facts and to follow a line of evidence pointing toward a worldview that is often overlooked and too easily marginalized We live in an aggressive technology driven world where the wild pursuit of power prestige possession and pleasure has become the driving influence ruling over many

of our lives What does your worldview look like Is there enough evidence to support it beyond reasonable doubt If not then I invite you to consider a vast body of mounting evidence that could lead toward a more accurate discernment of an often confusing existence The view of life that we have each come to know will strongly influence everything we do say and become in this world Based on a remarkable consensus of evidence perhaps we should consider a worldview understanding that will ultimately avail our hearts and minds of the personal fulfillment and satisfaction we have always longed for and often dreamed of We owe it to ourselves to seriously consider where the evidence is leading us Isn't it about time to discover the answers to our most persistent and pressing questions The Mystery of Life is presented as a literary expose addressing the questions of origin meaning morality and destiny

Marks of the Beast Glenn W. Shuck, 2005 The Left Behind series by Tim LaHaye and Jerry B. Jenkins has become a popular culture phenomenon selling an astonishing 40 million copies to date These novels written by two well known evangelical Christians depict the experiences of those left behind in the aftermath of the Rapture when Christ removes true believers leaving everyone else to suffer seven years of Tribulation under Satan's proxy Antichrist In *Marks of the Beast* Shuck uncovers the reasons behind the books unprecedented appeal assessing why the novels have achieved a status within the evangelical community even greater than Hal Lindsey's 1970 blockbuster *The Late Great Planet Earth* It also explores what we can learn from them about evangelical Christianity in America Shuck finds that ironically the series not only reflects contemporary trends within conservative evangelicalism but also encourages readers especially evangelicals to embrace solutions that enact rather than engage their fears Most strikingly he shows how the ultimate vision put forth by the series authors inadvertently undermines itself as the series unfolds

How Precious Was That While Piers Anthony, 2024-07-02 An uncensored uncompromising autobiography from the New York Times bestselling author of the Xanth series Piers Anthony tells his own remarkable life story in this candid autobiography a volume that is sure to intrigue and entertain his many fans and infuriate his critics The book begins with a review of the author's early years revealing new and telling details about his upbringing at the hands of two brilliant but often careless parents including a riveting section about their harrowing experiences as expatriates in Spain just before the Second World War But most of the book focuses on the past fifteen years since *Bio of an Ogre* the first volume of his autobiography was published a time both of personal progress and professional frustration for Anthony as his works became increasingly ambitious while his sales began to slow He offers cautionary tales on the pitfalls of the bottom line publishing mentality as well as scathing portraits of several well known publishing figures Candid opinionated and endlessly fascinating *How Precious Was That While* is an intimate self portrait by one of the most intriguing writers of our time This unsparingly forthright second memoir should ruffle some feathers that badly need ruffling Kirkus Reviews

Blueprint for Theocracy James C. Sanford, 2014-07-01 This investigation sheds new light on the confrontational stance the religious right has taken toward contemporary America by examining the nature and origins of its highly charged ideas It traces its belief system commonly called the Christian

Worldview to four Christian thinkers Abraham Kuyper Cornelius Van Til Rousas John Rushdoony and Francis Schaeffer known for their anti modernist authoritarian and in some cases openly theocratic ideas Although virtually unknown to most Americans these men have been treated like patron saints by the religious right Their ideas seriously discussed within the movement and codified in Christian Worldview documents during the 1980s have been widely disseminated to followers through textbooks and seminars evolving over time into standard talking points The book then examines how the ideology buttresses the movement s controversial right wing agenda It explores how the Christian Worldview advances a concept of total truth that is unique to biblical Christians and enables them to redefine freedom law government and even history and science in their own infallible terms A vision for the future and plan of action are formed on the basis of these certainties The book concludes by discussing the danger the ideology poses to pluralist society and offers intelligent ways of confronting it

Seduction of the Heart Tim LaHaye,Ed Hindson,2010-06-14 Christians are engaged in the ultimate battle the battle for the heart The overwhelming influences of the media materialism and selfish ambition threaten to decay even the most tender of hearts While the world screams to the contrary every Christian must fight to maintain a clear conscience and discover what it really means to have the heart of God On the heels of his New York Times bestseller Mind Siege Tim LaHaye with Ed Hindson equip readers with armor to guard their hearts and draw nearer to God Some chapter titles include The Battle for the Heart The Ultimate Deception The Erosion of Trust A Prescription for the Heart Finding God s Heart

Evolution and Religion in American Education David E. Long,2011-08-03 Evolution and Religion in American Education shines a light into one of America s dark educational corners exposing the regressive pedagogy that can invade science classrooms when school boards and state overseers take their eyes off the ball It sets out to examine the development of college students attitudes towards biological evolution through their lives The fascinating insights provided by interviewing students about their world views adds up to a compelling case for additional scrutiny of the way young people s educational experiences unfold as they consider and indeed in some cases reject one of science s strongest and most cogent theoretical constructs Inevitably open discussion and consideration of the theory of evolution can chip away at the mental framework constructed by Creationists eroding the foundations of their faith The conceptual battleground is so fraught with logical challenges to Creationist dogma that in a number of cases students exposure to such dangerous ideas is actively prevented This book provides a detailed map of this astonishing struggle in today s America a struggle many had thought was done and dusted with the onset of the Enlightenment

Atheist Awakening Richard P. Cimino,Christopher Smith,2014 Atheist Awakening is a groundbreaking study of the growth and revitalization of the atheist movement in the U S Through in depth interviews and observation of atheist gatherings the authors find that much of this awakening has come about as atheists have engaged in new forms of activism and community building The book portrays a new atheism one that has revised strategies to wage a powerful defensive and offensive battle against their ideological and political antagonists

"Raising Sexually Pure Kids" Claire

Greslé-Favier,2009 Raising Sexually Pure Kids Sexual Abstinence Conservative Christians and American Politics analyzes pro abstinence discourses issued by the conservative Christian community and the G W Bush administration to underline that abstinence is not a peripheral matter but is a cultural and political issue of great significance in US society especially in the past decade This book seeks to bring to light how pro abstinence discourses coalesce most of the core agendas of conservative Christians like creationism parental rights or the culture war and enabled them and the Bush administration to on the one hand preserve traditional hierarchies and on the other hand maintain the sense of threat necessary to the protection of the status quo and to the enduring commitment of the conservative Christian constituency **Toward a Civil**

Discourse Sharon Crowley,2006-04-02 Toward a Civil Discourse examines how in the current political climate Americans find it difficult to discuss civic issues frankly and openly with one another Because America is dominated by two powerful discourses liberalism and Christian fundamentalism each of which paints a very different picture of America and its citizens responsibilities toward their country there is little common ground and hence Americans avoid disagreement for fear of giving offence Sharon Crowley considers the ancient art of rhetoric as a solution to the problems of repetition and condemnation that pervade American public discourse Crowley recalls the historic rhetorical concept of stasis where advocates in a debate agree upon the point on which they disagree thereby recognizing their opponent as a person with a viable position or belief Most contemporary arguments do not reach stasis and without it Crowley states a nonviolent resolution cannot occur Toward a Civil Discourse investigates the cultural factors that lead to the formation of beliefs and how beliefs can develop into densely articulated systems and political activism Crowley asserts that rhetorical invention which includes appeals to values and the passions is superior in some cases to liberal argument which often limits its appeals to empirical fact and reasoning in mediating disagreements where participants are primarily motivated by a moral or passionate commitment to beliefs Sharon Crowley examines numerous current issues and opposing views and discusses the consequences to society when more often than not argumentative exchange does not occur She underscores the urgency of developing a civil discourse and through a review of historic rhetoric and its modern application provides a foundation for such a discourse whose ultimate goal in the tradition of the ancients is democratic discussion of civic issues *Black Friday*
