The Little Book of the London Underground David Long, 2010-12-26 Did You Know In 1884 the Circle Line opened and was described in The Times as a form of mild torture which no person would undergo if he could conveniently help it According to one psychologist Tube commuters can experience greater levels of stress than a police officer facing a rioting mob or even a fighter pilot going into a dogfight Underground trains have only twice been used to transport deceased people in coffins William Gladstone and Dr Barnardo Some of the most bizarre items handed in to lost property include 250lb of sultanas a 14ft canoe a child's garden slide a harpoon gun a pith helmet an artificial leg someone's brother's ashes and a sealed box containing three dead bats WITH well over a billion passengers a year more than 250 miles of track literally hundreds of different stations and a history stretching back at least 160 years the world's oldest underground railway might seem familiar but how well do you actually know it This book offers a feast of Tube based trivia for travellers and lovers of London alike

Mind The Gap Peter Wilson, 2014-06-03 We rarely speak or even write in the complete sentences that are often held to be the ideal form of linguistic communication Language is in fact full of gaps because speakers and writers operate in contexts which allow bits of language to be understood rather than expressed This book systematically analyses this inherent gappiness of language known as ellipsis and provides an account of the different contexts both linguistic and situational which affect its use Peter Wilson draws on a wide variety of examples of spoken and written English and both literary and non literary to present a comprehensive classification of elliptical language that ranges from the conversational fragment and the advertisement to the dialogue of Shakespeare and imagist poetry Mind the Gap shows how ellipsis is a feature of major structural and stylistic importance to our understanding of spoken and written language and will be of interest to undergraduate students of linguistics literature communication and the interrelations between them
