Modeling Policy Outcomes Donald Ellerman,1990-01-01 **Modeling Policy Outcomes: Decision Making at Local Transit Agencies** Donald Ellerman,2022 **The Traffic Assignment Problem - Models and Methods** Michael Patriksson,1994-10 **Urban Transportation Abstracts** ,1987 **Making Tracks** Iain Docherty,2018-10-26 First published in 1999 this book contains case studies of rail transport policy making in two UK Passenger Transport Authority areas and reviews the factors informing such policy making It contributes to transport geography by explaining why the actual policies implemented in Strathclyde and Merseyside were pursued and to the continuing development of the political science theory of the urban policy regime by analysing the differences in policy development attributable to the different city regional Strathclyde and public choice Merseyside geographical structures of local governance The book demonstrates that these differences in the spatial organisation of local institutions play a powerful role in determining the operation of the local regime of policy makers the form of final policy outputs and the level of public accountability achieved **Innovations in Travel Demand Modeling: Session summaries** ,2008 The 31 individual authored papers from the breakout sessions are contained in Volume 2 Pub desc Making Urban Transport Sustainable N. Low,B. Gleeson,2002-11-30 Making Urban Transport Sustainable addresses the future of urban transport as a global issue Money is being poured into roads railways and airports at a time when the global atmosphere is threatened and oil production has reached its peak If the world s environment and societies are to be sustained urban transport has to change Contributions by experts from the developed and developing world discuss the severity of the problem and suggest potential solutions **Modelling Freight Transport** Lorant Tavasszy, Gerard De Jong,2013-10-11 Freight Transport Modelling is a unique new reference book that provides insight into the state of the art of freight modelling Focusing on models used to support public transport policy analysis Freight Transport Modelling systematically introduces the latest freight transport modelling approaches and describes the main methods and techniques used to arrive at operational models As freight transport has grown exponentially in recent decades policymakers now need to include freight flows in quantitative evaluations of transport systems Whereas early freight modelling practice was inspired by passenger transport models by now it has developed its separate stream of methods and techniques inspired by disciplines such as economic geography and supply chain management Besides summarizing the latest achievements in fundamental research this book describes the state of practice and advises practitioners on how to cope with typical challenges such as limitations in data availability Uniquely focused book exploring the key issues and logistics of freight transport modelling Highlights the latest approaches and describes the main methods and techniques used to arrive at operational models Summarizes fundamental research into freight transport modeling as well as current practices and advice for practitioners facing day to day challenges Public Administration Series--Bibliography ,1990 **Transport Models in Urban Planning Practices** Marco te Brömmelstroet, Luca

Bertolini,2016-04-08 This book explores how transportation models can play a role in a changing transport planning and policy making context Most models are rooted in decades of development work and are geared to offer value free academic and explicit knowledge to transport planning experts However planning practice has changed dramatically over the years resulting in a less technical rational view on the use of such knowledge especially so in early strategy making phases More and more complex policy goals integration of a wide area of other policy domains a wider ever changing and much more mixed group of planning participants and much more focus on wicked problems The book maps how this influences the effectiveness of transport modelling exercises and explores several state of the art implementations This book was published as a special issue of Transport Reviews

Strategic Planning and Decision Making in State Departments of Transportation Theodore H. Poister,2004 TRB s National Cooperative Highway Research Program NCHRP Synthesis 326 Strategic Planning and Decision Making in State Departments of Transportation examines state and provincial transportation departments experience with strategic planning and synthesizes current approaches to linking strategic planning with other decision making processes including operational and tactical planning resource allocation performance management and performance measurement

Handbook of Transportation and Public Policy Anthony Perl,Rosalie Singerman Ray,Louise Reardon,2025-01-09 This cutting edge Handbook explores the many ways in which politics influences transportation policy planning and implementation as well as the effects of transportation on political processes It rigorously analyses the complex interrelation between administration politics and transportation presenting theoretical and empirical insights into the governance approaches required to advance transportation s contribution to social and ecological wellbeing
