Fighter Aircraft Andy Singleton, 2025-08-30 Andy Singleton in association with the Kent Battle of Britain Museum has produced an excellent guide to building and painting scale models of the iconic fighters involved in that critical struggle. Aimed at beginner and intermediate modellers, the step by step instructions will help the reader build a Supermarine Spitfire, Bolton Paul Defiant, Messerschmitt Bf109 and Messerschmitt Bf110. Each build represents either an aircraft type or colour scheme used during the Battle of Britain and Blitz periods. Archive photographs from the Kent Battle of Britain Museum support each build along with historical information on the part played by that particular plane and its crew in the battle. Each stage of the instructions is accompanied by a colour photograph and they guide the user through the process from the tools and materials required, preparation and construction of the model, painting using both brush and airbrush and applying decals. There is even advice on displaying the finished models and incorporating them into dioramas and on painting pilots and aircrew. It is packed full of professional hints and tricks of the trade, allowing the reader to create worthy scale tributes to these legendary aircraft. Sixty Years of Airfix Models Jeremy Brook, 2015-06-30 The best known and most important

manufacturer of plastic model kits in the UK Airfix has been at the forefront of the industry since 1955 when the first Airfix aircraft kit appeared in UK branches of Woolworth's. The kits were made to a constant scale and covered a wide variety of subjects from aircraft to birds and from tanks to dinosaurs. In 1981 the famous London based company closed down and only the kits survived intact. For the next twenty five years Airfix was run by Palitoy and later Humbrol but suffered from a lack of investment. In 2006 Hornby Hobbies Ltd the train and Scalextric manufacturer bought the ailing company and transformed it. Money and resources were ploughed into the range and today Airfix releases around twenty new kits per year designed to an incredibly high standard. The old kits of the 1950s and 1960s are gradually being replaced by new state of the art tooling all bearing that most prestigious name Airfix. Published to coincide with the sixtieth anniversary of the first Airfix aircraft kit *Sixty Years of Airfix Models* tells the full story year by year of the company and its products. Illustrated throughout with colour photographs of kits box art and completed models.
