# Models Of Jesus Revisited

**Andrew Ter Ern Loke**

## **Models Of Jesus Revisited:**

Models of Jesus Revisited John F. O'Grady, 1994 With this revised version of his Models of Jesus O Grady makes available a classic work that offers an extensive treatment of various models of Jesus that are not only possible but actual in the church today The author first surveys models of Jesus in the New Testament then examines six contemporary models of Jesus

**Lead Like Jesus Revisited** Ken Blanchard, Phil Hodges, 2016-04-19 The more I read the Bible the more evident it becomes that everything I have ever taught or written about effective leadership over the past 25 years Jesus did to perfection He is simply the greatest leadership role model of all time Effective leadership whether on the job in the community at church or in the home starts on the inside In this revised classic renowned leadership expert Ken Blanchard guides you through the process of discovering how to lead like Jesus Before you can hope to lead anyone else you must know who you are Every leader must answer two critical questions One deals with your relationship to Christ The other with your life purpose Whose are you going to be Who are you going to be Learning to lead like Jesus can be described as the process of aligning two internal domains the heart and the head and two external domains the hands and the habits These four dimensions of leadership form the outline for this very practical and transformational book from which you will learn how to Integrate your faith with your role and responsibility as a leader Identify your priorities Build your relationship with God in a new and personal way Move from success to significance Lead out of service rather than self interest Put the love of Jesus into action With simple yet profound principles from the life of Jesus and dozens of stories and leadership examples from his own life Ken Blanchard once again shows us the way effective leaders lead *Announcing the Feast* Jason

McFarland, 2012-02-01 How does the entrance song of the Mass function within the Roman Rite What can it express theologically What should Roman Catholics sing at the beginning of Mass In this groundbreaking study Jason McFarland answers these and other important questions by exploring the history and theology of the entrance song of Mass After a careful history of the entrance song he investigates its place in church documents He proposes several models of the entrance song for liturgical celebration today Finally he offers a skillful theological analysis of the entrance song genre focusing on the song for the Holy Thursday Evening Mass arguably the most important entrance song of the entire liturgical year *Announcing the Feast* provides the most comprehensive treatment of the Roman Rite entrance song to date It is unique in that it bridges the disciplines of liturgical studies musicology and theological method The Omnipresence of Jesus

Christ Theodore Zachariades, 2015-06-01 This important book reassesses the classic Chalcedonian view of Jesus one person two natures It carefully rejects all forms of kenotic Christology and affirms that Jesus possessed and used all the divine attributes in particular that of omnipresence arguing that evangelical scholars have abandoned this important truth This has ramifications for our view of the Holy Spirit and of Christ's presence with his people It challenges us to read the Scriptures again and to live in the presence of Jesus Publisher Commendation In this important study of orthodox Christology Dr

Zachariades develops an aspect of it that has generally been neglected How should we understand the universal presence of the risen ascended and glorified Christ Starting with the controversies of the early church he takes us through the questions involved in the discussion and points us to a deeper understanding of how Christ is both God and man at the same time Gerald L Bray Research Professor of Divinity History and Doctrine Beeson Divinity School USA **Jesus and the Quest for Meaning** Thomas H. West, A new approach to introducing theology As God's self communication to humans Jesus is the key to the human search for meaning argues Thomas West He therefore introduces the practice of theology through Christology From the question of personal meaning and self constitution and their relationship to transcendent meaning and value he proceeds to discuss the figure and import of Jesus and then the ethical imperative engendered through encounter with him Fresh and clear West's book is an invitation to grapple with one's religious commitments especially in light of recent insights in biblical studies and Continental feminist and liberation theologies This new text will prove an engaging and effective introduction to theological thinking for both undergraduates and Christian adults **Hearing Christ's Call** Catholic Church. United States Conference of Catholic Bishops, 2002 The presentations and speeches printed in this resource were given at a symposium on leadership for ministry with Catholic men which was held on Dec 4-7 2001 in Palm Beach Florida

*Catholic Beliefs and Traditions* John F. O'Grady, 2001 A comprehensive overview of Catholic belief and practices aimed at undergraduates and faith sharing groups **Christianity with an Asian Face** Peter C. Phan, 2015-02-19 The Sacraments Joseph Martos, 2009-08-01 What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there no other way to understand them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see [www TheSacraments.org](http://www.TheSacraments.org) Christian Foundations Kathleen R. Fischer, Thomas N. Hart, 1995 I found myself praying from Christian Foundations in new ways Of course like most academics I had heard it all before But I haven't not this way at least It was truly an experience of talking to God while thinking about God not a bad way to do theology Needless to say I will use it with my undergraduates Dr Thomas Groome Boston College *The Roles of Christ's Humanity in Salvation* Frederick G McLeod, 2005-05 Theodore of Mopsuestia was hailed in his lifetime as one of the outstanding theologians and bishops in the second half of the fourth and early fifth centuries He was then and still is respected as the preeminent spokesperson for the School of Antioch's unwavering defense of Christ's full

humanity and its exegetical approach to the Scriptures But within ten years after his death in 428 his enemies began to attack him openly eventually succeeding in condemning both his works and person at the Second Council of Constantinople in 553 He has since been declared by some as the Father of Nestorianism In this book Frederick G McLeod first establishes the principal influences that shaped Theodore's exegetical outlook He then draws out the typology that Theodore sees present between Adam and Christ's humanity exploring three major roles that Christ's humanity plays as the head of all human immortal existence the bond of the universe and the perfect image of God Next McLeod shows how Theodore's customary word for Christ's person *pros pon* ought to be understood in a functional way The book concludes by applying these insights to the 71 excerpts that were used to condemn Theodore at the Second Council of Constantinople and proposing that these passages can be interpreted in a different non heretical way This book enables one to judge Theodore's christological statements in the wider context of how he conceives of Christ's roles in salvation It establishes clearly how Christ can be said to be a true mediator between the Father and all creation It also makes one aware of the communal dimensions and relationships contained in the notion of person Finally it indicates how the body plays an essential role in human and cosmic salvation

ABOUT THE AUTHOR Frederick G McLeod S J is Professor of Theological Studies at St Louis University and author of *The Image of God in the Antiochene Tradition*

PRAISE FOR THE BOOK The author's contribution is ground breaking McLeod modifies the whole perspective in which the problem of Theodore's much questioned orthodoxy needs to be considered Thereby he opens a very constructive access to ancient christology Sensitive to contemporary concerns he demonstrates a consistent and well documented command over all essential issues of patristic thought about Christ Charles Kannengeisser Concordia University McLeod's contribution is significant He provides a thorough and careful description of Theodore's view of Christ's humanity McLeod has an excellent command of the primary and secondary materials His use of the texts from Theodore that have been preserved only in Syriac is worth special commendation Rowan A Greer Professor Emeritus Yale Divinity School McLeod's crisp and balanced introductory examination of Theodore's exegetical practices serves on its own as a fine introduction to Theodore's life and work McLeod certainly brings clarity and insight to what Theodore meant by his novel terminology and approach McLeod has made a significant contribution by unfolding an integrated understanding of Theodore's account of Christ Daniel A Keating Theological Studies This important book is welcome in a threefold way It not only exegetes Theodore in a sensitive and contextualized manner achievement enough but it also takes the consideration of Theodore through to an overview of how the Syrians were treated in the wider Christological controversy through to the sixth century It greatly assists our understanding by adding generous translations throughout from the complete works of Theodore so few of which are yet available in an English language version The author is to be congratulated for revealing the inner workings of a great biblical consciousness John A McGuckin Modern Theology

*According to John* John F. O'Grady, 1999 *The Gospel of John* intrigues fascinates and confuses many It is filled with

compelling personalities who move on and off the stage Each contributes to an overview of the meaning of Jesus and his life death and resurrection The community behind this gospel in particular the Beloved Disciple has remained in shadows for centuries New insights into how this community actually expressed their faith opens the gospel to further analysis and deeper appreciation of the life and spirituality of the early church at the end of the first century

**BOOK JACKET Title**  
Summary field provided by Blackwell North America Inc All Rights Reserved No Ordinary Work Larry Snyder, 2021-06-17

With so many church planters seeking to be successful many of the ways we measure success can lead to personal disappointment frustration comparisons and even depression This can result in church planters who quit and churches that close even before they really get started potentially ruining a witness to an entire community What if we redefined and clarified the biblical metrics for church planting in a way that replaces frustration with fire and replaces disappointment with direction What if we stopped the comparisons to steroid growth and replaced them with a better understanding of kingdom growth In this lighthearted and encouraging book we will highlight each extraordinary aspect to church planting and detail the biblical metrics that can infuse in each planter a better understanding of success

**The Gospel of Matthew and the Sayings Source Q** Frans Neirynck, 1998

**A Kryptic Model of the Incarnation** Andrew Ter Ern Loke, 2016-03-03 The Incarnation traditionally understood as the metaphysical union between true divinity and true humanity in the one person of Jesus Christ is one of the central doctrines for Christians over the centuries Nevertheless many scholars have objected that the Scriptural account of the Incarnation is incoherent Being divine seems to entail being omniscient omnipotent and omnipresent but the New Testament portrays Jesus as having human properties such as being apparently limited in knowledge power and presence It seems logically impossible that any single individual could possess such mutually exclusive sets of properties and this leads to scepticism concerning the occurrence of the Incarnation in history A Kryptic Model of the Incarnation aims to provide a critical reflection of various attempts to answer these challenges and to offer a compelling response integrating aspects from analytic philosophy of religion systematic theology and historical critical studies Loke develops a new Kryptic model of the Incarnation drawing from the Greek word Kryptis meaning hiding and proposing that in a certain sense Christ's supernatural properties were concealed during the Incarnation

*Contemporary Catholic Theology* Michael A. Hayes, Liam Gearon, 1999-03-01 The contents of this volume offer the reader a broad insight into Catholic theology Established as an indispensable introduction to six areas of study The Old Testament The New Testament The Person of Jesus The Church Christian Morality and The Sacraments This collection provides key texts from some of the most distinguished writers in Catholic theology today Contributors include Philippe Bégue and Claude Duchesneau Christopher Butler Raymond Brown S S Joseph A Fitzmyer S J Gideon Goosen and Margaret Tomlinson John H Hayes Monika Hellwig Aidan Kavanagh O S B Dermot A Lane Enda Lyons Vincent MacNamara Richard P McBrien Enda McDonagh Joseph Martos Robert Murray S J Denis F O Callaghan Timothy E O Connell John F O Grady Jean Pierre Prêtre Thomas P Rausch S J Jeffrey S

Siker Daniel L Smith Christopher Francis Sullivan S J      *Men in the Bible* John F. O'Grady, 2005 MEN IN THE BIBLE explores the lives of twelve men whose lives figure prominently in Scripture six each from the Old and New Testaments Throughout the text John O Grady is careful to keep these stories in perspective and focuses on the historical and archaeological evidence surrounding them The profiles presented here represent the entire span of biblical history from Adam and Abraham to Jesus and his followers Among them are such familiar figures as Moses David Jeremiah Jesus John the Baptist Peter and Judas Apart from Jesus all the subjects in this book have flaws some of them quite serious Often their noble qualities are obscured by such negative traits as pettiness meanness jealousy anger and pride These bad and ugly aspects make the rough edges more than evident Yet these same individuals are bound together by a common faith in God Even Judas must have had considerable talents and generosity to be included among the twelve disciples As in biblical times people today also represent a spectrum of traits some good some bad and some downright ugly But the author demonstrates that because of the goodness of God the bad and the ugly never eradicate the presence of goodness He explains how such stories from the past can serve as examples for people today By fully understanding the character of each of the men covered in this work we can overcome the dark side of our natures and learn to become stronger and better people      *The Superiority of an Evangelical Model of Religious Liberty* Daniel J. Trippie, 2022-11-14 Religious liberty is America's first freedom But in recent years challenges to religious liberty have abounded For example some claim that religious freedom promotes intolerance and bigotry while others contend religious freedom condemns people to hell And others weaponize religious liberty for culture warring Nevertheless evangelicals believe that religious liberty is fundamentally a matter of human dignity thus religious liberty is a right we must preserve for all people This book will explore how evangelical anthropology cosmology and eschatology offer the most stable basis for religious freedom Secular and Roman Catholic theories may positively contribute to religious liberty but the evangelical model is superior because it answers fundamental questions left unanswered in other models      *Seeking the Welfare of the City* Naomi Noguchi Reese, 2025-01-27 In the history of public theology the Holy Spirit's role in creation has been underexplored If the Holy Spirit is the agent of transformation in creation why have so many theologians neglected the Spirit's activity in the context of public theology One of the causes of such neglect derives from a long held belief in dualism or its assumption As a result generally speaking theologians have neglected the eschatological aspect of the Spirit's work over creation and instead have devoted much of their attention to the immanent spiritual aspect of the Spirit's work Hence a theology is needed that recaptures the eschatological aspect of the Spirit's work over creation and Colin E Gunton's pneumatology that is trinitarianly formulated and eschatologically conceived brings a fresh approach to public theology and moves us toward a full bodied holistic and trinitarian public theology that takes into account the triune God This study attempts to draw upon the resources uncovered in Gunton's pneumatology to outline applications for Christian engagement of the public square for the twenty first century

The book concludes with criteria for discerning the Spirit's work in the public square to give us practical ways to see how the Spirit may be working in the public square for transformation      *Doing Theology and Philosophy in the African Context* Luke G. Mlilo, Nathanaël Yaovi Soédé, 2003 Teaching and the research of theology and philosophy in Africa faces serious challenges Contents and methods of study programs are often coined by European universalism Tertiary institutions depend largely on foreign funding This study analyzes the situation and suggests a closer collaboration
