A Reference Guide for English Studies Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner s Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse s volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal

Literary Research and the British Renaissance and Early Modern Period Jennifer Bowers, Peggy Keeran, 2010-04-13 Recognizing that every literary era presents scholars with particular challenges this volume covers the best practices and describes important reference resources both print and electronic that can be used in conducting literary research of the British Renaissance and Early Modern period Although the primary emphasis is on literature produced in England the guide also covers literature from Scotland Wales and Ireland This book addresses specific research characteristics integral to studying the period including a more inclusive canon and the predominance of Shakespeare a dual environment of print and manuscript production the challenges of reading early modern handwriting a lack of reviewing media the role of translations and researching non standardized genres among others Central to this volume and to literary research of the era are the equally valid approaches to studying this literature through the more traditional Renaissance lens or through the varying theoretical approaches falling under the rubric early modern Bowers and Keeran explore primary and secondary research resources of this era including general literary research guides union library catalogs print and online bibliographies scholarly journals manuscripts and archives microfilm and digitization projects 17th century periodicals contemporary reception translations and lexicons genres and electronic texts journals and Web resources A final chapter entitled Researching a Thorny Problem demonstrates how many of the research tools and strategies presented in the volume can be employed to explore a question that perhaps has no definitive answer Each chapter addresses how research methods and tools are best used to extract relevant information and compare and evaluate sources The strengths and weaknesses of core and specialized electronic and print research tools and standard search techniques are also examined making this book an invaluable guide to any scholar of the Renaissance and early modern era

Palestinian Literature and Film in Postcolonial Feminist Perspective Anna Ball, 2012 Palestinian Literature and Film in Postcolonial Feminist Perspective is the first sustained study of gender consciousness in the Palestinian creative imagination Drawing on concepts from postcolonial feminist theory Ball analyses a range of literary and filmic works by major creative practitioners

including Michel Khleifi Liana Badr Annemarie Jacir Elia Suleiman Mona Hatoum and Suheir Hammad and reveals a hitherto unrecognized trajectory in gender consciousness under development in the Palestinian imagination from the start of the twentieth century The book explores how these works resonate with questions of power identity nation resistance and self representation in the Palestinian imagination more broadly and asks how these gender conscious narratives transform our understanding of Palestine s struggle for postcoloniality Working at the cusp of postcolonial feminist and cultural enquiry Ball seeks to open up vital new directions in the interdisciplinary study of Palestine

Literary History: Towards a Global Perspective Anders Pettersson, Gunilla Lindberg-Wada, Margareta Petersson, Stefan Helgesson, 2011-12-22 Literary History Towards a Global Perspective is a research project funded by the Swedish Research Council Vetenskapsrådet Initiated in 1996 and launched in 1999 it aims at finding suitable methods and approaches for studying and analysing literature globally emphasizing the comparative and intercultural aspect Even though we nowadays have fast and easy access to any kind of information on literature and literary history we encounter more than ever the difficulty of finding a credible overall perspective on world literary history Until today literary cultures and traditions have usually been studied separately each field using its own principles and methods Even the conceptual basis itself varies from section to section and the genre concepts employed are not mutually compatible As a consequence it is very difficult if not impossible for the interested layperson as well as for the professional student to gain a clear and fair perspective both on the literary traditions of other peoples and on one s own traditions The project can be considered as a contribution to gradually removing this problem and helping to gain a better understanding of literature and literary history by means of a concerted empirical research and deeper conceptual reflection The contributions to the four volumes are written in English by specialists from a large number of disciplines primarily from the fields of comparative literature Oriental studies and African studies in Sweden All of the literary texts discussed in the articles are in the original language Each one of the four volumes is devoted to a special research topic

The Comparative Perspective on Literature Clayton Koelb, Susan Noakes, 1988

Robert Greene Kirk Melnikoff, 2017-03-02 While Robert Greene was the most prolific and perhaps the most notorious professional writer in Elizabethan England he continues to be best known for his 1592 quip comparing Shakespeare to an upstart crow In his short twelve year career Greene wrote dozens of popular pamphlets in a variety of genres and numerous professional plays At his premature death in 1592 he was a bonafide London celebrity simultaneously maligned as Grub Street profligate and celebrated as literary prodigy The present volume constitutes the first collection of Greene s reception both in the early modern period and in our present era offering in its poems prose passages essays and chapters that which is most singular among what has been written about Greene and his work It also includes a complete list of Greene s contemporary reception until 1640 Kirk Melnikoff s wide ranging and revisionist introduction organizes this reception generically while at the same time situating it in the context of recent critical methodologies

Modern Britain: Volume Three Clive Bloom, Gary Day, 2014-06-11 British culture has changed almost beyond recognition since 1956 Angry young men have been displaced by Yuppies Elvis by the Spice Girls and meat and two veg by continental cuisine What is more as the death of Diana Princess of Wales showed the British are now more famous for a trembling lower lip than a stiff upper one This volume the last in the series examines the transformations in literature and culture over the last forty years An introductory essay provides a context for the following chapters by arguing that although there have been significant changes in British life there are also profound continuities It also discusses the rise of theory and its impact on the humanities Each essay in the volume concentrates on a facet of British culture over the last half century from painting to poetry from the seriousness of the novel to the postmodern ironies of the computing age What we get from this selection is not only an informed history of the relations between literature and culture but also a lively sense of cultural change not least of which is the new found relationship between literature and other arts which ushers us into the new millennium **Voices**

and Books in the English Renaissance Jennifer Richards, 2019-10-24 Voices and Books in the English Renaissance offers a new history of reading that focuses on the oral reader and the voice or performance aware silent reader rather than the historical reader who is invariably male silent and alone It recovers the vocality of education for boys and girls in Renaissance England and the importance of training in pronuntiatio delivery for oral aural literary culture It offers the first attempt to recover the voice and tones of voice especially from textual sources It explores what happens when we bring voice to text how vocal tone realizes or changes textual meaning and how the literary writers of the past tried to represent their own and others voices as well as manage and exploit their readers voices The volume offers fresh readings of key Tudor authors who anticipated oral readers including Anne Askew William Baldwin and Thomas Nashe It rethinks what a printed book can be by searching the printed page for vocal cues and exploring the neglected role of the voice in the printing process Renaissance printed books have often been misheard and a preoccupation with their materiality has led to a focus on them as objects However Renaissance printed books are alive with possible voices but we will not understand this while we focus on the silent reader **The Modern Jewish Experience** Jack Wertheimer, 1993 This essential resource offers guidance for
