Architecture and the Public World Kenneth Frampton, 2024-01-25 This book brings together Kenneth Frampton's essays from the 1960s to today which epitomize his reflections on the historical theoretical entanglements of architecture with place the public realm cultural identity urban landscape and environment and the political question of the predicament of architecture in the new Millennium The essays explore Frampton's contention that architecture's imperative is to assume a significant responsibility for the edification and stewardship of the Arendtian public world One of the most theoretically sophisticated and politically committed architectural thinkers Frampton's work breaks emphatically with the limits and norms of much contemporary practice and restores a sense of richness and social consequence of architecture's unfinished project while offering abiding lessons not only for architecture but for social cultural and design criticism alike

The Sources of Modern Architecture and Design (Second) (World of Art) Nikolaus Pevsner, 2024-06-04 An updated edition of this classic survey of the origins of twentieth century ideas in architecture and the applied arts The turn of the nineteenth century saw an extraordinary flowering of invention in

architecture and design leading to the emergence of two contrasting styles art nouveau and the International Style Professor Nikolaus Pevsner brings clarity to this period of dynamic change by tracing the origins of twentieth century ideas in architecture and the applied arts Featuring a new foreword by the distinguished architectural historian Kenneth Frampton The Sources of Modern Architecture and Design has now been updated with color illustrations throughout *Le Corbusier (Second) (World of Art)* Kenneth Frampton,2024-07-16 A revised and updated edition of a bestselling introduction to Le Corbusier one of the leading architects of the twentieth century Le Corbusier is one of the most famous architects of the twentieth century The richness and variety of his work combined with his passionately expressed philosophy of architecture have had an immense impact on the urban fabric and the way we live Weaving through his long and prolific life are certain recurrent themes his perennial drive toward new types of dwelling such as the early white villas to the Unit d Habitation at Marseilles his evolving concepts of urban form including the Plan Voisin of 1925 with its cruciform towers imposed on the city of Paris and his work at Chandigarh in India and his belief in a new technocratic order The distinguished critic and architecture historian Kenneth Frampton reexamines all facets of the architect s artistic and philosophical worldview in light of recent thinking and presents us with a Le Corbusier whose work is still relevant for the twenty first century This second edition of Le Corbusier features a new introduction and color illustrations **Modern Architecture** Kenneth Frampton,1982 Reading Kenneth Frampton Gevork Hartoonian,2022-05-10 This book focuses on the first edition of Kenneth Frampton s Modern Architecture A Critical History published in 1980 It searches for clues and positions that will provide the reader with an unprecedented insight into the significance of Frampton s historiography of modern architecture It explores selected themes in line with Frampton s many faceted contribution certain aspects of which can be noted between the lines of his ongoing criticism of the present day architecture which inevitably lead us to a critical understanding of the past the modernity of architecture s contemporaneity The compiled chapters attempt to open a window onto the constellation of themes that allowed Frampton to hold on to his anteroom view of history even amidst the flow of time and flood of temporalities spanning 1980 2020 The book elucidates how Frampton s critical presentation of the history of modern movement architecture and the book s classificatory mode periodization contribute to our understanding of the contemporaneity of architecture today **Le Corbusier** Kenneth Frampton,2001 Le Corbusier s ideas and works constitute the greatest single influence in the development of architecture in the 20th century His passionately expressed philosophy has had an enormous effect on the urban fabric and the way we live Weaving through his long and prolific life are certain recurrent themes his perennial drive towards new types of dwelling from the early white villas to the Unite d Habitation at Marseilles his evolving concepts of urban form including the Plan Voisin of 1925 and his belief in a new technocratic order Le Corbusier Kenneth Frampton,2023-10-26 A revised and updated edition of a best selling introduction to Le Corbusier one of the leading architects of the twentieth century **Modern Architecture and the Critical Present** Kenneth

Frampton,1982 **Modern Architecture and the Sacred** Ross Anderson,Maximilian Sternberg,2020-11-26 This edited volume *Modern Architecture and the Sacred* presents a timely reappraisal of the manifold engagements that modern architecture has had with the sacred It comprises fourteen individual chapters arranged in three thematic sections Beginnings and Transformations of the Modern Sacred Buildings for Modern Worship and Semi Sacred Settings in the Cultural Topography of Modernity The first interprets the intellectual and artistic roots of modern ideas of the sacred in the post Enlightenment period and tracks the transformation of these in architecture over time The second studies the ways in which organized religion responded to the challenges of the new modern self understanding and then the third investigates the ways that abstract modern notions of the sacred have been embodied in the ersatz sacred contexts of theatres galleries memorials and museums While centring on Western architecture during the decisive period of the first half of the 20th century a time that takes in the early musings on spirituality by some of the avant garde in defiance of Sachlichkeit and the machine aesthetic the volume also considers the many varied appropriations of sacrality that architects have made up to the present day and also in social and cultural contexts beyond the West **Without and Within** Mark Pimlott,2007 **The Architecture of Persistence** David Fannon,Michelle Laboy,Peter Wiederspahn,2021-08-24 The *Architecture of Persistence* argues that continued human use is the ultimate measure of sustainability in architecture and that expanding the discourse about adaptability to include continuity as well as change offers the architectural manifestation of resilience Why do some buildings last for generations as beloved and useful places while others do not How can designers today create buildings that remain useful into the future While architects and theorists have offered a wide range of ideas about building for change this book focuses on persistent architecture the material spatial and cultural processes that give rise to long lived buildings Organized in three parts this book examines material longevity in the face of constant physical and cultural change connects the dimensions of human use and contemporary program and discusses how time informs the design process Featuring dozens of interviews with people who design and use buildings and a close analysis of over a hundred historic and contemporary projects the principles of persistent architecture introduced here address urgent challenges for contemporary practice while pointing towards a more sustainable built environment in the future The *Architecture of Persistence* Designing for Future Use offers practitioners students and scholars a set of principles and illustrative precedents exploring architecture's unique ability to connect an instructive past a useful present and an unknown future **Utopias and Architecture** Nathaniel Coleman,2007-05-07 Utopian thought though commonly characterized as projecting a future without a past depends on golden models for re invention of what is Through a detailed and innovative re assessment of the work of three architects who sought to represent a utopian content in their work and a consideration of the thoughts of a range of leading writers Coleman offers the reader a unique perspective of idealism in architectural design With unparalleled depth and focus of vision on the work of Le Corbusier Louis I Kahn and Aldo van Eyck this book persuasively challenges predominant

assumptions in current architectural discourse forging a new approach to the invention of welcoming built environments and transcending the limitations of both the postmodern and hyper modern stance and orthodox modernist architecture

Latin American Modern Architectures Patricio del Real, Helen Gyger, 2013-06-03 Latin American Modern Architectures Ambiguous Territories has thirteen new essays from a range of distinguished architectural historians to help you understand the region's rich and varied architecture. It will also introduce you to major projects that have not been written about in English. A foreword by historian Kenneth Frampton sets the stage for essays on well-known architects such as Lucio Costa and Félix Candela which will show you unfamiliar aspects of their work and for essays on the work of little-known figures such as Uruguayan architect Carlos Gómez Gavazzo and Peruvian architect and politician Fernando Belaúnde Terry. Covering urban and territorial histories from the nineteenth and twentieth centuries along with detailed building analyses, this book is your best source for historical and critical essays on a sampling of Latin America's diverse architecture, providing much-needed information on key case studies. Contributors include Noem Adagio, Pedro Ignacio Alonso, Luis Castañeda Viviana, d'Auria, George F. Flaherty, María González Pons, Cristina López Uribe, Hugo Mondragón, López Jorge Nudelman, Blejwas, Hugo Palmarola, Sagredo, Gaia Piccarolo, Claudia Schmidt, Daniel Talesnik, and Paulo Tavares.

The Pragmatist Imagination Joan Ockman, 2000 Thirty-three leading thinkers discuss topics such as place and citizenship, technology, and its impact on perception and pragmatist aesthetics.

Heritage Conservation in Postcolonial India Manish Chakana, Ashima Krishna, 2020-12-29 Heritage Conservation in Postcolonial India seeks to position the conservation profession within historical, theoretical, and methodological frames to demonstrate how the field has evolved in the postcolonial decades and follow its various trajectories in research, education, advocacy, and practice. Split into four sections, this book covers important themes of institutional and programmatic developments in the field of conservation, critical and contemporary challenges facing the profession, emerging trends in practice that seek to address contemporary challenges and sustainable solutions to conservation issues. The cases featured within the book elucidate the evolution of the heritage conservation profession, clarifying the role of key players at the central, state, and local level and considering intangible, minority, colonial, modern, and vernacular heritages among others. This book also showcases unique strands of conservation practice in the postcolonial decades to demonstrate the range, scope, and multiple avenues of development in the last seven decades. An ideal read for those interested in architecture, planning, historic preservation, urban studies, and South Asian studies.
