Power, Islam, and Political Elite in Iran Eva Rakel, 2008-11-30 The Iranian Islamic revolution brought about a political system based on a combination of state institutions that derive their legitimacy from Islamic law and republican institutions legitimized by the people As there are no legal political parties in the Islamic Republic of Iran political factions represent the varying ideological and material interests of members of the political elite and their supporters This book analyzes the rivalries between the political factions and their related state institutions and the impact of the dynamics of factionalism on domestic economic and socio cultural and foreign policy formulation It shows that tensions inherent to the structure of state institutions and factional rivalries slow down the process of democratization and economic reforms in the Islamic Republic of Iran

Iran's Political Economy since the Revolution Suzanne Maloney, 2015-08-13 Over three decades after the Iranian Revolution reconfigured the strategic landscape in the Middle East scholars are still trying to decipher its aftereffects Suzanne Maloney provides the first comprehensive overview of Iran's political economy since the 1979 revolution and offers detailed examinations of two aspects of the Iranian economy of direct interest to scholars and non specialist readers of Iran the energy sector and the role of sanctions Based on the author's research as both a scholar and government advisor the book also features interviews with American and Iranian government officials Moving chronologically from the early years under Khomeini through the economic deprivations of the 1980s during the Iran Iraq war through liberalization under Khatami to the present Maloney offers fascinating insights into Iran's domestic politics and how economic policies have affected ideology leadership priorities and foreign relations

Dynamics of Power in Contemporary Iran Anoushiravan Ehteshami, 2010-08-25 Iran's 1979 revolution has stood out as one of the 20th century's most intriguing and unusual social uprisings This revolution defied the socialist radicalism of its day which had been making inroads as the non capitalist path to development in several African and Asian countries and had created social change without reliance on the East or in the name of socialism It had by the same token rejected the Western premises of liberalism and individualism as its guiding principles Its leader an aging cleric even used an apparently alien discourse as he chastised the great Satan United States for its socio cultural sins and for its crimes against humanity In speaking of the plight of the downtrodden and in condemning the alien and morally corrupt values of the uptown living Iranian taghutis he accused the reigning monarch a Western educated urbane man for taking the country down the path of Satan How could an aging mullah with little international experience be

challenging the survival of a modern powerful and internationally well connected monarchy How could a cleric whose views of an Islamic state were arguably abstract at best proceed to establish a revolutionary Islamic theocracy where there had previously been apparently entrenched Western style modernity The answers could be sought in a number of places In the deep rooted struggle of the Iranian people for freedom which dated back to before the Bolshevik revolution in Russia the ruling Pahlavi establishment s inability to manage the economic and cultural crisis that engulfed Iran in the 1970s the disenchantment of the monarchy s potential middle class and bourgeois allies the critical role of a radicalized clerical group which emerged to provide a legitimate alternative to the Pahlavi order and finally in the nature of the modern Iranian state itself Prospects for change are historically good but change is likely to take time Nor can the direction of change be easily predicted despite the country s choices increasingly narrowing between that of a naked military regime on the one hand and a pluralistic republic on the other However given the country s vibrant and defiant civil movement and their progressive social democratic program for change Iran again could become a trendsetter for the rest of the region were these forces to return to the corridors of power Having been the first country in the world to have marched political Islam into power in the 20th century Iran s people could again be in the long process of trading political Islam for a truly open and democratic system in the 21st century

Debating the Iran-Iraq War in Contemporary Iran Narges Bajoghli, Amir

Moosavi, 2019-12-18 The Iran Iraq War 1980 1988 is a cornerstone of the Islamic Republic of Iran s existence It entrenched the newly established regime and provided the means for its consolidation of power in the country following the 1979 Revolution Officially recognized as the War of Sacred Defense the Iranian government has been careful to control public discourse and cultural representation concerning the war since the since wartime Nearly 30 years since the war s end however debates around the war and its aftermath are still very much alive in Iran today This volume uncovers what some of those debates mean nearly 30 years since the war s end The chapters in this volume take a fresh look at the far reaching legacies of the Iran Iraq War in Iran today a war that dominated the first decade of the Islamic Republic s existence The chapters examine the political social and cultural ramifications of the war and the wide range of debates that surround it The chapters in this book were originally published in Middle East Critique

Evolving Iran Barbara Ann

Rieffer-Flanagan, 2013-03-22 Evolving Iran presents an overview of how the politics and policy decisions in the Islamic Republic of Iran have developed since the 1979 revolution and how they are likely to evolve in the near future Despite the fact that the revolution ushered in a theocracy its political system has largely tended to prioritize self interest and pragmatism over theology and religious values while continuing to reinvent itself in the face of internal and international threats The author also examines the prospects for democratization in Iran Since the early years of the twentieth century Iranians have attempted to make their political system more democratic yet various attempts to produce a system where citizens have a meaningful voice in political decisions have failed This book argues that greater democratization is unlikely to

occur in the short term especially in light of increased threats from the international community This accessible overview of Iran s political system covers a broad array of subjects including foreign policy human rights women s struggle for equality the development and evolution of elections and the institutions of the political system including the Revolutionary Guards and Assembly of Experts It will appeal to undergraduates and the general public who seek to understand a country and regime that has mystified Westerners for decades

Politics of the Dispossessed Hafizullah Emadi,2001-08-30 This study provides a comprehensive analysis of state society development in the most volatile region of the world In the Middle East various anti systemic movement and radical Islam often clashed and resisted the political cultural economic and military domination of the region by the world s major imperial powers Emadi investigates state revolution and development in the Middle Eastern states of Afghanistan Iran Iraq and Syria in the immediate post World War II period Maintaining that the state is an instrument of class domination exhibiting a certain degree of autonomy in the creation and design of domestic development programs he details the role of class in an attempt to provide a better understanding of the diverse factors at work Politics of the Dispossessed provides an alternative analysis of development in regional politics and its context in world politics aspects that are generally neglected by most mainstream studies It examines state formation internal development strategies and how class conflict and ideology led to class alliance on an international basis as well as the external interference in the internal affairs of these societies It also explores the process of political and ethnic integration of the Middle East into the global economic system and the resulting counter strategies of the nationalist and Islamic resistance to the increasing superpower domination of the international system

Iran Encountering Globalization Ali Mohammidi,2013-02-01 With new material and up to date information this book examines the current state of Iran exploring a wide range of areas including the economy finance politics the media and the position of women and migration Iran Encountering Globalization discusses the uneasy balance between the theocratic conservatism modernization and globalization This is a key tension in Iran one which has arisen following the revolution of 1979 since the regime has worked to Islamicize the country while at the same time international globalization forces have been pulling in a different direction Concluding that forces for change in Iran are currently building up this is an extremely topical book that makes an important contribution to current debates surrounding democracy in Iran

Big Business and Economic Development Barbara Hogenboom,Alex E. Fernández Jilberto,2006-12-21 Bringing together an international and multidisciplinary group of experts this is the first comprehensive volume to analyze conglomerates and economic groups in developing countries and transition economies Using sixteen in depth case studies it provides a comparative framework for the study of contemporary process of privatization economic and financial liberalization and neoliberal globalization Exploring the various causes and economic social and political effects of the rise of big business in Asia Latin America Africa and Eastern Europe the main issues that are examined include the nature of contemporary economic concentration the relations between local and external investors

the impact on development and on economic and political control over its direction the new role of the state towards conglomerates and economics groups the effects of economic and political changes on the legitimacy of the state and large companies This volume is perfect as either a textbook or supplementary reading for students at all levels as well as researchers and governmental and non governmental professionals working and studying in the fields of international business and economic development

Islam's Political Culture Nasim Ahmad Jawed, 2010-07-05 This book examines the political dimension of Islam in predivided Pakistan 1947 1971 one of the first new Muslim nations to commit itself to an Islamic political order and one in which the national debate on Islamic political and ideological issues has been the most persistent focused and rich of any dialogues in the contemporary Muslim world Nasim Jawed draws on the findings of a survey he conducted among two influential social groups the ulama traditional religious leaders and the modern professionals as well as on the writings of Muslim intellectuals He probes the major Islamic positions on critical issues concerning national identity the purpose of the state the form of government and free socialist and mixed economies This study contributes to an enhanced understanding of Islam's political culture worldwide since the issues positions and arguments are often similar across the Muslim world The empirical findings of the study not only outline the ideological backdrop of contemporary Islamic reassertion but also reveal diversity as well as tensions within it

Islamic Economy and Social Mobility: Cultural and Religious Considerations Shahpari, Hasan, 2016-01-12 In an era of globalization and cross cultural awareness an interest in the relationship between economics and religion politics and social behavior is alive and well In particular the Islamic economy has become a focal point of interest for economists and government leaders around the world interested in understanding the relationship between religion and economics among primarily Islamic regions Islamic Economy and Social Mobility Cultural and Religious Considerations analyzes the social cultural religious and political implications of the Islamic economy at the global level Highlighting the foundations upon which Islamic ideology is formed and how it impacts socio cultural and economic systems both within and outside of primarily Islamic regions this publication is an ideal reference source for economists sociologists international relations professionals researchers academics and graduate level students

Economics, Ethics and Religion R. Wilson, 1997-02-24 There is a revival of interest by economists in ethical issues and beliefs and by moral philosophers and theologians in economics This book is intended to make a contribution to this cross fertilisation of ideas Rodney Wilson has undertaken an extensive survey of Jewish Christian and Muslim views on economics and reviewed the rapidly expanding business ethics literature from a religious perspective The juxtaposition of the work of theologians and moral philosophers with that of economists results in some interesting comparisons

Political Islam Joel Beinin, Joe Stork, 2023-04-28 The essays and case studies collected here featuring some of the best material from Middle East Report over the past decade as well as much original material challenge the facile generalizations about what Western media and political establishments usually call Islamic fundamentalism The authors

demonstrate the complexity of these movements and offer complementary and contrasting interpretations of their origins and significance The material included covers a broad range of themes including democracy and civil society gender relations and popular culture as they have emerged in countries throughout the Middle East and North Africa The essays and case studies collected here featuring some of the best material from Middle East Report over the past decade as well as much original material challenge the facile generalizations about what Western media and political establishments Islam and the Everyday World Sohrab Behdad, Farhad Nomani, 2006-11-22 This is a new examination of how Shari a law affects public policy both theoretically and in practice across a wide range of public policy areas including for example human rights and family law The process by which public policy is decided through elections debates political processes and political discourse has an additional dimension in the Islamic world This is because Shari a divine law has a great deal to say on many mundane matters of everyday life and must be taken into account in matters of public policy In addition matters are complicated further by the fact that there are differing interpretations of the Shari a and how it should be applied to contemporary social issues Written by leading experts in their field this is the first comprehensive single volume analysis of Islam and public policy in the English language and offers further understanding of Islam and its wider social and political implications

After Khomeini Anoushiravan Ehteshami, 2002-03-11 For Iran the years since Ayatollah Khomeini's death have been dominated by the need for political consolidation and economic reconstruction The book assesses the critical dilemmas of the regime both previous to and since the demise of its first spiritual leader The vital issues of political succession and constitutional reform are addressed contributing to an analysis of the structures and politics of power How these have reflected upon economic policy is considered with close attention being given to the reform policies of Rafsanjani Foreign policy and security issues are discussed in both regional and global terms and include a study of Iranian defence strategy and its controversial re armament drive The final chapter examines the direction and context of all of these major policy areas providing an analysis of whether the Islamic Republic truly represents a revolutionary alternative for the Third World or whether in fact it has developed in time to fall within a similar mould to other notable revolutions casting by the wayside any uniquely Islamic agenda and alternatives At the heart of this study is the belief that the Islamic regime has since the cease fire with Iraq but more specifically since Ayatollah Khomeini's death passed into a new stage of development referred to in the book as the Second Republic **Islam, Muslims and the Modern State** Hussin Mutalib, Taj ul-Islam

Hashmi, 2016-07-27 This is the most recent and up to date study on the state of affairs in the Muslim world at a time when Muslims like others are confronted with the challenges posed by a rapidly changing new world order Some 15 countries and regions are covered in this scholarly collection The contributors are well informed academics and experts from 10 leading universities and institutes *Information Sources on Islamic Banking and Economics* S. Nazim Ali, Naseem N.

Ali, 1994-01-10 Islamic banking and economics IBE is a fast growing subject of vital interest in both East and West as

Muslims change their attitudes towards investments and find ways to invest their funds according to the Islamic faith Along with the rapid developments in Islamic banking there has been a concomitant increase in the quantity of relevant IBE mat

Recasting Iranian Modernity Kamran Matin,2013-11-07 Critically deploying the idea of uneven and combined development this book provides a novel non Eurocentric account of Iran s experience of modernity and revolution Recasting Iranian Modernity presents the argument that Eurocentrism can be decisively overcome through a social theory that has international relations at its ontological core This will enable a conception of history in which there is an intrinsic international dimension to social change that prevents historical repetition This hitherto under theorized international dimension is the book argues manifest in combined patterns of development which incorporate both foreign and native forms It is the tension prone and unstable nature of these hybrid developmental patterns that mark Iranian modernity and fuelled the socio political dynamics of the 1979 revolution and the rise of political Islam Challenging solely comparative approaches to the Iranian Revolution that explain it away as either a deviation from or a reaction to modernity on the grounds of its religious form this book will be valuable to those interested in an alternative theoretical approach to the Iranian Revolution modern Iran and political Islam working in the fields of International Relations Middle East and Islamic Studies History Political Science Political Sociology Postcolonialism and Comparative Politics **Contemporary Iran** Ali

Gheissari,2009-04-02 Iran is a key player in some of the most crucial issues of our time But because of its relative diplomatic isolation and the partisan nature of conflicting accounts voiced by different interest groups both inside and outside the country there is a shortage of hard information about the scale and depth of social change in today s Iran In this volume and imposing roster of both internationally renowned Iranian scholars and rising young Iranian academics offer contributions many based on recent fieldwork on the nature and evolution of Iran s economy significant aspects of Iran s changing society and the dynamics of its domestic and international politics since the 1979 revolution focusing particularly on the post Khomeini period The book will be of great interest not only to Iran specialists but also to scholars of comparative politics democratization social change politics in the Muslim world and Middle Eastern studies
