Breslin, G. Hook, 2016-01-19 Microregionalism and World Order is a pioneering work on the least understood aspect of regionalism Leading specialists analyze the form microregionalism takes in different parts of the world including the Americas Asia Pacific and Africa By illustrating the complex relationship amongst the political economic and social dimensions of microregionalism the book seeks to contribute to the theoretical debate on regionalism as well as to provide new empirical insights Statutory Rules and Orders for the Year ... Saint Vincent and the Grenadines, 1980 The SAGE International Encyclopedia of Music and Culture Janet Sturman, 2019-02-26 The SAGE Encyclopedia of Music and Culture presents key concepts in the study of music in its cultural context and provides an introduction to the discipline of ethnomusicology its methods concerns and its contributions to knowledge and understanding of the world's musical cultures styles and practices

The diverse voices of contributors to this encyclopedia confirm ethnomusicology's fundamental ethos of inclusion and respect for diversity. Combined, the multiplicity of topics and approaches are presented in an easy-to-search A-Z format and offer a fresh perspective on the field and the subject of music in culture. Key features include approximately 730 signed articles authored by prominent scholars, arranged A to Z and published in a choice of print or electronic editions. Pedagogical elements include Further Readings and Cross References to conclude each article and a Reader's Guide in the front matter organizing entries by broad topical or thematic areas. Back matter includes an annotated Resource Guide to further research, journals, books, and associations; an appendix listing notable archives, libraries, and museums; and a detailed Index. The Index, Reader's Guide, themes, and Cross References combine for thorough search and browse capabilities in the electronic edition.

Manual of Phytogeography Léon Croizat, 2013-11-21 **Trouillot Remixed** Michel-Rolph Trouillot, 2021-09-27 This collection of writings from Haitian anthropologist Michel Rolph Trouillot includes his most famous, lesser-known, and hard-to-find writings that demonstrate his enduring importance to Caribbean studies, anthropology, history, postcolonial studies, and politically engaged scholarship more broadly. Healers and Empires in Global History Markku Hokkanen, Kalle Kananoja, 2019-04-15 This book explores cross-cultural medical encounters involving non-Western healers in a variety of imperial contexts from the Arctic, Asia, Africa, Americas, and the Caribbean. It highlights contests over healing knowledge and medicines through the frameworks of hybridisation and pluralism. The intertwined histories of medicine, empire, and early globalisation influenced the ways in which millions of people encountered and experienced suffering, healing, and death. In an increasingly global search for therapeutics and localised definition of acceptable healing networks and mobilities, played key roles. Healers' engagements with politics, law, and religion underline the close connections between healing power and authority. They also reveal the agency of healers, sufferers, and local societies in encounters with modernising imperial states, medical science, and commercialisation. The book questions and complements the traditional narratives of triumphant biomedicine, reminding readers that traditional medical cultures and practitioners did not often disappear but rather underwent major changes in the increasingly interconnected world. Latin America, Second Edition Robert B. Kent, 2016-04-24 An authoritative overview of Latin America's human geography and regional complexity. It traces Latin America's historical developments while revealing the diversity of its people and places. Coverage encompasses cultural history, environment, and physical geography, urban development, agriculture, and land use, social and economic processes, and the contemporary patterns of Latin American diaspora. Publisher description. **Medicalizing Blackness** Rana A. Hogarth, 2017-09-26 In 1748, as yellow fever raged in Charleston, South Carolina, doctor John Lining remarked, "There is something very singular in the constitution of the Negroes which renders them not liable to this fever." Lining's comments presaged ideas about blackness that would endure in medical discourses and beyond. In this fascinating medical history, Rana A. Hogarth examines the creation and circulation of medical ideas about blackness in the Atlantic World during the late

eighteenth and early nineteenth centuries She shows how white physicians deployed blackness as a medically significant marker of difference and used medical knowledge to improve plantation labor efficiency safeguard colonial and civic interests and enhance control over black bodies during the era of slavery Hogarth refigures Atlantic slave societies as medical frontiers of knowledge production on the topic of racial difference Rather than looking to their counterparts in Europe who collected and dissected bodies to gain knowledge about race white physicians in Atlantic slaveholding regions created and tested ideas about race based on the contexts in which they lived and practiced What emerges in sharp relief is the ways in which blackness was reified in medical discourses and used to perpetuate notions of white supremacy

Manufacturing Powerlessness in the Black Diaspora Charles Green, 2002-05-09 Despite the economic utopianism brought on by globalization effective solutions to the persistent plight of urban blacks throughout the African diaspora continue to elude scholars politicians and community leaders Charles Green brings a decade of research and original fieldwork in Africa the Caribbean and the United States to investigate the interface of the historic racism faced by these urban communities and contemporary trends of globalization Green pays particular attention to the condition of the youth whose aspirations vulnerabilities and insights into their own conditions are central to the future prospects for their communities as a whole Considering the impacts of economic restructuring and cultural diffusion alike his analysis asserts the importance of both global ties and local distinctiveness Ultimately Manufacturing Powerlessness aims to encourage the formation of alliances throughout the diaspora so that urban black communities can manufacture a future of empowerment Visit the author's web page **Indian Diaspora**, 2015-02-04 The chapters presented in this volume represent a wide variety of Indian diasporic experiences From indenture labour to the present day immigrations Indian diasporic narrative is one that offers

opportunities to evaluate afresh notions of ethnicity race caste gender and religious diversity From victim discourse to narratives of optimism and complexities of identity issues the Indian diaspora has exhibited characteristics that enable us as scholars to construct theoretical views on the diaspora and migration The cases included in this volume will illumine such theoretical ideas The readers will certainly be able to appreciate the diversity and the depth of these narratives and gain insight into the social and cultural and religious world of the diaspora Contributors are Archana Kumar Ram Narayan Tiwari Ashutosh Kumar Brij Vilash Lal In s Louren o Prea Persaud Nalini Moodley Carolyn V Prorok Thembisa Waetjen Kalpana Hiralal Sultan Khan Shanta B Singh Abdalla Khair Gabralla Abul Fadl Mohsin Ebrahim Sharmina Mawani Anjoom Mukadam Goolam Vahed and P Pratap Kumar

Difference and Disease Suman Seth, 2018-06-07 Before the nineteenth century travellers who left Britain for the Americas West Africa India and elsewhere encountered a medical conundrum why did they fall ill when they arrived and why if they recovered did they never become so ill again The widely accepted answer was that the newcomers needed to become seasoned to the climate Suman Seth explores forms of eighteenth century medical knowledge including conceptions of seasoning showing how geographical location was essential to this knowledge and

helped to define relationships between Britain and her far flung colonies In this period debates raged between medical practitioners over whether diseases changed in different climes Different diseases were deemed characteristic of different races and genders and medical practitioners were thus deeply involved in contestations over race and the legitimacy of the abolitionist cause In this innovative and engaging history Seth offers dramatically new ways to understand the mutual shaping of medicine race and empire

Cultures in Contact Dirk Hoerder, 2002-11-21 A landmark work on human migration around the globe Cultures in Contact provides a history of the world told through the movements of its people It is a broad pioneering interpretation of the scope patterns and consequences of human migrations over the past ten centuries In this magnum opus thirty years in the making Dirk Hoerder reconceptualizes the history of migration and immigration establishing that societal transformation cannot be understood without taking into account the impact of migrations and indeed that mobility is more characteristic of human behavior than is stasis Signaling a major paradigm shift Cultures in Contact creates an English language map of human movement that is not Atlantic Ocean based Hoerder describes the origins causes and extent of migrations around the globe and analyzes the cultural interactions they have triggered He pays particular attention to the consequences of immigration within the receiving countries His work sweeps from the eleventh century forward through the end of the twentieth when migration patterns shifted to include transpacific migration return migrations from former colonies refugee migrations and distinct regional labor migrations in the developing world Hoerder demonstrates that as we enter the third millennium regional and intercontinental migration patterns no longer resemble those of previous centuries They have been transformed by new communications systems and other forces of globalization and transnationalism

Africa, Asia, and South America Since 1800 A. J. H. Latham, 1995 A reference for graduate and undergraduate students presenting the bibliographic details and sometimes describing and evaluating the content of over 5 000 books in English most published since 1945 and many quite recently but also some earlier works of enduring importance A section of works on all three continents is followed by sections on each which first consider the continent as a whole then each country usually by chronological periods and topics such as economics politics and society Indexed only by author and editor but the table of contents is detailed enough to provide adequate access Distributed in the US by St Martin s Press Annotation copyright Book News Inc Portland Or

Empire of Neglect Christopher Taylor, 2018-05-03 Following the publication of Adam Smith s The Wealth of Nations nineteenth century liberal economic thinkers insisted that a globally hegemonic Britain would profit only by abandoning the formal empire British West Indians across the divides of race and class understood that far from signaling an invitation to nationalist independence this liberal economic discourse inaugurated a policy of imperial neglect a way of ignoring the ties that obligated Britain to sustain the worlds of the empire s distant fellow subjects In Empire of Neglect Christopher Taylor examines this neglect s cultural and literary ramifications tracing how nineteenth century British West Indians reoriented their affective cultural and political worlds toward the Americas as a

response to the liberalization of the British Empire Analyzing a wide array of sources from plantation correspondence political economy treatises and novels to newspapers socialist programs and memoirs Taylor shows how the Americas came to serve as a real and figurative site at which abandoned West Indians sought to imagine and invent postliberal forms of political subjecthood

Merchants of Medicines Zachary Dorner, 2020-07-15 The period from the late seventeenth to the early nineteenth century the so called long eighteenth century of English history was a time of profound global change marked by the expansion of intercontinental empires long distance trade and human enslavement It was also the moment when medicines previously produced locally and in small batches became global products As greater numbers of British subjects struggled to survive overseas more medicines than ever were manufactured and exported to help them Most historical accounts however obscure the medicine trade's dependence on slave labor plantation agriculture and colonial warfare In *Merchants of Medicines* Zachary Dorner follows the earliest industrial pharmaceuticals from their manufacture in the United Kingdom across trade routes and to the edges of empire telling a story of what medicines were what they did and what they meant He brings to life business medical and government records to evoke a vibrant early modern world of London laboratories Caribbean estates South Asian factories New England timber camps and ships at sea In these settings medicines were produced distributed and consumed in new ways to help confront challenges of distance labor and authority in colonial territories *Merchants of Medicines* offers a new history of economic and medical development across early America Britain and South Asia revealing the unsettlingly close ties among medicine finance warfare and slavery that changed people's expectations of their health and their bodies

The Routledge International Handbook of Race, Culture and Mental Health Roy Moodley, Eunjung Lee, 2020-10-27 This handbook presents a thorough examination of the intricate interplay of race ethnicity and culture in mental health historical origins subsequent transformations and the discourses generated from past and present mental health and wellness practices The text demonstrates how socio cultural identities including race gender class sexual orientation disability religion and age intersect with clinical work in a range of settings Case vignettes and recommendations for best practice help ground each in a clinical focus guiding practitioners and educators to actively increase their understanding of non Western and indigenous healing techniques as well as their awareness of contemporary mental health theories as a product of Western culture with a particular historical and cultural perspective The international contributors also discuss ways in which global mental health practices transcend racial cultural ethnic linguistic and political boundaries *The Routledge International Handbook of Race Culture and Mental Health* is an essential resource for students researchers and professionals alike as it addresses the complexity of mental health issues from a critical global perspective
