Livingston, Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments This second edition deals with the entire modern period in both Europe and America and is the first to include extensive treatment of

modern Catholic thinkers Evangelical thought and Black and Womanist theology **Curating Revolution** Denise Y. Ho, 2018 *Curating Revolution* examines how Mao era exhibitions shaped popular understandings of and participation in the political campaigns of China's Communist revolution *Revolutionary Churches in Revolutionary Seasons*: Dagmawi M. Wube, 2018-01-20 Since the downfall of the Derge and the establishment of the decree for religious freedom there have been types of problems related to the size and type of groups that have greatly affected the Ethiopian evangelical church The first category of problem is due to the attraction that many contemporary church leaders have for reaching multitudes and building mega church ministries at the expense of small group ministries Because of the priority on the large group environment small group ministries have been neglected resulting in a whole generation of students and people who have never experience the vibrant spiritual benefits of a small group As a result believers are inclined to attend only Sunday Worship Services and the rest of the week live disconnected from vital relational community and involvement Too many churches in Ethiopia today have chosen to focus on the quantity of the people rather than the quality of the disciple resulting in the spiritual diseases of nominalism and carnality Discipleship and biblical Koinonia are being ignored therefore many people are not experiencing the richness of biblical Christianity in many practical ways This has resulted in the loss of Ethiopian Evangelicals identity as well as an influence on all aspects of Ethiopian culture including her institutions and government *Volume 19, Tome II: Kierkegaard Bibliography* Peter Šajda, Jon Stewart, 2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies

Kierkegaard Bibliography Peter Šajda, Jon Bartley Stewart, 2016 **Revolutionary Christian Citizenship** John Howard Yoder, 2013-09-13 In a world where many believers have lost a sense of their true home in God's alternative society *Revolutionary Christian Citizenship* addresses the difficulties of being both a follower of Jesus and a citizen of a political nation Down to earth and original theologian John Howard Yoder challenges traditional understanding of politics and reconsiders Christian citizenship in three parts the witness of Jesus the witness of the church and witness in action More accessible and practical than most of Yoder's works *Revolutionary Christian Citizenship* bridges the gap between faith and

politics equipping us to faithfully represent Christ in society and wage peace in a world of war Book Two in the Yoder for Everyone series Free downloadable study guide available here *A Kingdom Not of this World* Garrett Green,1964

Theology After Christendom Joshua T. Searle,2018-02-14 Christianity must be understood not as a religion of private salvation but as a gospel movement of universal compassion which transforms the world in the power of God's truth Amid several major global crises including the rise of terrorism and religious fundamentalism and a sudden resurgence of political extremism Christians must now face up fearlessly to the challenges of living in a post truth age in which deceitful politicians present their media spun fabrications as alternative facts This book is an attempt to enact a transformative theology for these changing times that will equip the global Christian community to take a stand for the gospel in an age of cultural despair and moral fragmentation The emerging post Christendom era calls for a new vision of Christianity that has come of age and connects with the spiritual crisis of our times In helping to make this vision a reality Searle insists that theology is not merely an academic discipline but a transformative enterprise that changes the world Theology is to be experienced not just behind a desk in an armchair or in a church but also in hospitals in foodbanks in workplaces and on the streets Theology is to be lived as well as read **Fools for Christ** Jaroslav Pelikan,2001-11-07 The Holy is too great and too terrible when

encountered directly for men of normal sanity to be able to contemplate it comfortably Only those who cannot care for the consequences run the risk of the direct confrontation of the Holy This book is a study of six men who ran this risk Balancing the negative and positive points of view throughout these six essays Jaroslav Pelikan has written a brilliant examination of the three questions the True the Good and the Beautiful With Kierkegaard and Paul Dr Pelikan looks into the relationship between the True and the Holy With Dostoevsky and Luther it is the Good and the Holy and with Nietzsche and Bach it is the Beautiful and the Holy In the first two he draws on the whole history of Western thought In the second two he looks into the background of Christian morality and in the last two he reaches all the way back to the Greeks in his penetrating study of Western aesthetics Philosophy theology ethics and aesthetics they are all here Beyond them all Dr Pelikan shows how the Holy cannot be captured and held by any of them although the attempt is frequently made Rather the Holy must remain unqualified transfiguring within itself the experience of the True the Good or the Beautiful *Nathan Soderblom* Peter

Katz,2019-04-29 The nations of Scandinavia the descendants of the Vikings still from time to time send out world conquerors of an increasingly spiritualized type For centuries the name of Gustavus Adolphus the saviour of continental Protestantism has stood out and we must go back to him to find the proper standards of comparison for a figure like Nathan Soderblom himself a real defender of the faith His great name stands for a great cause Already the ranks of his champions begin to grow thinner but there are still many at work who received a decisive impulse from him for them the saga of Nathan Soderblom inspiring their loftiest thoughts and achievements is no story of the past So the following pages will be neither hagiography nor a monograph for experts but directed to the wider circle of those for whom the struggle for church reunion social peace

and international good will forms an important part of their spiritual life From the Preface **The Palgrave Handbook of Radical Theology** Christopher D. Rodkey, Jordan E. Miller, 2018-10-10 The Palgrave Handbook of Radical Theology is the definitive guide to radical theology and the commencement for new directions in that field For the first time radical theology is addressed and assessed in a single comprehensive volume including introductory and historical essays for the beginner essays on major figures and their thought and shorter articles on various themes concepts and related topics This book is a seminal work for the radical theology movement It clarifies origins and demonstrates the exigency and utility of current figures and issues A useful and essential guide for newcomers and veterans in the field this volume serves as both a reference work and an introduction to omitted or forgotten topics within contemporary discussions
