**Framing the Sex Scene: A New Take on Israeli Film History** Naomi Rolef, 2021-02-22 This book retells the history of Israeli film in the 1960s and 1970s in sex scenes Through close readings of the first sex scenes in mainstream Israeli movies from this period it explores the cultural and social contexts in which these movies were made More specifically it discusses how notions of collective identity individual agency and the public and private spheres are inscribed into and negotiated in sex scenes especially in light of the historical events that marked these decades This study thus pushes away from the traditional academic perception of Israeli film and opens up new ways of understanding how it has developed in recent decades It draws on a growing international body of academic literature on the cinematic representation of sex in order to illuminate the particularities of the Israeli context in the 1960s and 1970s Apart from film scholars and scholars of Israeli film this study also addresses readers interested in Israeli cultural history more broadly

**To Build and Be Built** Eric Zakim, 2006-02-09 Eric Zakim follows the literary and intellectual career of the powerful Zionist slogan to build and be built from its conceptual origin in reaction to the Kishinev pogroms of 1903 when it

first served as an expression of settlement aspiration until the end of pre state national expansion in Palestine in 1938 Draining the swamps and making the desert bloom the Jewish settlers imagined themselves as performing miracles on the land By these acts they were also meant to reinvent the very notion of what it was to be a Jew in the modern world As Jewish settlers reshaped nature in the Holy Land by turning it from one thing into another they too were newly constructed Zakim argues that in the period leading up to the establishment of the state of Israel the action of working the land and building its cities in order to transform both into something essentially Jewish increasingly came to mark a turn inward toward the reclamation of a Jewish subject tied to the very soil of Palestine To Build and Be Built radically recontextualizes modernist Hebrew literature to demonstrate how literary aesthetics of nature formed the very political discourse they nominally reflected Zakim s work sees no division between politics and representation Instead the depiction of nature in literature art and architecture became constitutive of a political and social understanding of the Jew s place in the Middle East By refusing to acknowledge the disciplinary boundaries of standard works on literature history and political thought To Build and Be Built challenges the methodological certainties that have guided popular and academic understandings of the development of Zionist involvement in the land of Israel For this reason To Build and Be Built will be of interest to people beyond literature in particular those working in history and those outside of Israel studies who have an interest in modernism and the representation of nature in the history of culture

Projecting the Nation Eran Kaplan,2020-05-15 Projecting the Nation History and Ideology on the Israeli Screen is a wide ranging history of over seven decades of Israeli cinema The only book in English to offer this type of historical scope was Ella Shohat s Israeli Cinema East West and the Politics of Representation from 1989 Since 1989 however Israeli cinema and Israeli society have undergone some crucial transformations and moreover Shohat s book offered a single framework through which to judge Israeli cinema a critique of orientalism Projecting the Nation contends that Israeli cinema offers much richer historical and ideological perspectives that expose the complexity of the Israeli project By analyzing Israeli films which address such issues as the Arab Israeli conflict the Ashkenazi Mizrahi divide the kibbutz and urban life the rise of religion in Israeli public life and more the book explores the way cinema has represented and also shaped our understanding of the history of modern Israel as it evolved from a collectivist society to a society where individualism and adherence to local identities is the dominant ideology

**New Israeli Horror** Olga Gershenson,2023-11-10 Before 2010 there were no Israeli horror films Then distinctly Israeli serial killers zombies vampires and ghosts invaded local screens The next decade saw a blossoming of the genre by young Israeli filmmakers New Israeli Horror is the first book to tell their story Through in depth analysis engaging storytelling and interviews with the filmmakers Olga Gershenson explores their films from inception to reception She shows how these films challenge traditional representations of Israel and its people while also appealing to audiences around the world Gershenson introduces an innovative conceptual framework of adaptation

which explains how filmmakers adapt global genre tropes to local reality It illuminates the ways in which Israeli horror borrows and diverges from its international models New Israeli Horror offers an exciting and original contribution to our understanding of both Israeli cinema and the horror genre A companion website to this book is available at <https://blogs.umass.edu/newisraelihorror> <https://blogs.umass.edu/newisraelihorror> Book trailer <https://youtu.be/oVJsD0QCORw> <https://youtu.be/oVJsD0QCORw>

**Modern Hebrew Literature** ,1999 **The Writers Directory** ,2013 *Jewish Studies as Counterlife* Adam Zachary Newton,2019-06-04 This book tells the story of a Jewish Studies that hasn't fully happened at least not yet Newton asks what we mean when we say Jewish Studies and when we imagine it not as mere amalgam but as a project Jewish Studies offers a unique perspective from which to view the horizon of the academic humanities because although it arrived belatedly it has spanned a range of disciplinary locations and configurations from an origin story in nineteenth century historicism and philology to the emancipatory politics of the Enlightenment to the ethnicity driven pluralism of the postwar decades to more recent configurations within an interdisciplinary cultural studies The conflicted allegiances with respect to traditions disciplines divisions stakes and stakeholders represent the structural and historical situation of the field as it comes into contact with the humanities more broadly At once a literary and philosophical thinker Newton deploys a tableau of texts in concert with an ensemble of vivid elastic tropes not only to theorize Jewish Studies but also to reimagine it as an agent of that potency Jacques Derrida calls leverage a force multiplier for the field's multiple possibilities In refiguring a Jewish Studies to come the book intervenes in a broader discourse about the challenge of professing disciplinary knowledges while promoting transit across their boundaries Jewish Studies as Counterlife further amplifies Newton's career long articulation of the dialogic as the staging ground of ethical encounter

**Israeli Cinema** Ella Shohat,2010-07-30 When the Hebrew edition of this groundbreaking book came out it provoked a stormy public debate The author has now updated Israeli Cinema adding a substantial new postscript that reflects on the book's initial reception and points to exciting new trends in the cinematic representation of Israel and Palestine Ella Shohat explores the cinema as a productive site of national culture dating back to the early Zionist films about turn of the century Palestine She offers a deconstructionist reading of Zionism viewing the cinema as itself participating in the invention of the nation Unthinking the Eurocentric imaginary of East versus West Shohat highlights the paradoxes of an anomalous national colonial project through a number of salient issues including the Sabra figure as a negation of the Diaspora Jew the iconography of the land of Israel as a denial of Palestine and the narrative role of the good Arab The new postscript examines the emergence of a richly multiperspectival cinematic space that transcends earlier dichotomies through a palimpsestic and cross border approach to Israel Palestine

**Beyond the Land** Melissa Weininger,2023-08-29 A re-evaluation of the meaning and function of diaspora in contemporary Israeli culture This thought provoking exploration of literature and art examines contemporary Israeli works created in and about diaspora that exemplify new ways of envisioning a Jewish national identity Diaspora has become a popular mechanism to imagine non

sovereign models of Jewish peoplehood but these models often valorize powerlessness in sometimes troubling ways In this book Melissa Weininger theorizes a new category of diaspora Israeli culture that is formed around and through notions of homeland and complicate the binary between diaspora and Israel The works addressed here inhabit and imagine diaspora from the vantage point of the putative homeland engaging both diasporic and Zionist models simultaneously through language geography and imagination These examples contend with the existence of the state of Israel and its complex implications for diaspora Jewish identities and nationalisms as well as the implications for Zionism of those diasporic conceptions of Jewish national identity This dynamic understanding of both an Israeli and a Jewish diaspora works to envision a non hegemonic Jewish nationalism that can negotiate both political imagination and reality
