Modern Japan Social History Since 1898:

History of Contemporary Japan since World War II Edward R. Beauchamp, 2013-04-11 The best scholarship on the development of contemporary Japan This collection presents well over 100 scholarly articles on modern Japanese society written by leading scholars in the field These selections have been drawn from the most distinguished scholarly journals as well as from journals that are less well known among specialists and the articles represent the best and most important scholarship on their particular topic An understanding of the present through the lens of the past The field of modern Japan studies has grown steadily as Westerners have recognized the importance of Japan as a lading world economic force and an emerging regional power The post 1945 economic success of the Japanese has however been achieved in the context of that nation s history social structure educational enterprise and political environment It is impossible to understand the postwar economic miracle without an appreciation of these elements Japan s economic emergence has brought about and in some cases exacerbated already existing tensions and these tensions have in turn had a significant impact on Japanese economic life The series is designed to give readers a basic understanding of modern Japan its institutions and its people as we stand on the threshold of a new century often referred to as the Pacific Century Modern Japan J.E. Thomas, 2014-09-25 J E

Thomas examines the historical roots of Japanese social structures and preoccupations and he sets these within the broad chronological framework of Japan s political and military development The book can thus serve as an introduction to modern Japan in a more general sense but its focus throughout is on the people themselves Professor Thomas gives due attention to the Japanese mainstream but he also discusses those other sections of the community which have traditionally been underprivileged or marginalised most obviously women but also minority groups and outcasts and the Japanese attitude to foreigners beyond her shores *Contemporary Studies on Modern Chinese History* Zeng Yeying, 2021-03-15 The study of modern Chinese history has developed rapidly in recent decades and has seen increased exploration of new topics and innovative approaches Resulting from a special issue of Modern Chinese History Studies this set is devoted to showcasing the healthy development of Chinese modern history studies and has already been revised twice in the original language This three volume set exhibits major achievements on the study of modern Chinese history and shows how the role of history was in debate transformation and re evaluation throughout this tortuous yet prosperous period Articles on 23 different topics are collected from over 30 prominent historians in order to represent their insights on the developmental paths of Chinese historical studies Drawing on a large number of case studies of critical historical events that contribute to the establishment of the People s Republic of China this set offers a panoramic view on the studies of modern Chinese history In addition it incorporates more pioneering topics such as intellectual history cultural history and translations of overseas studies on contemporary Chinese history This set will be a valuable reference for scholars and students of Chinese history

Contemporary Studies on Modern Chinese History II Zeng Yeying, 2020-10-29 The study of modern Chinese history

has developed rapidly in recent decades and has seen increased exploration of new topics and innovative approaches. Resulting from a special issue of Modern Chinese History Studies this volume is devoted to showcasing the healthy development of Chinese modern history studies and has already been revised twice in the original language. This volume exhibits major achievements on the study of modern Chinese history and shows how the role of history was in debate, transformation and re-evaluation throughout this tortuous yet prosperous period. Articles on seven different topics are collected from over ten prominent historians in order to represent their insights on the developmental paths of Chinese historical studies. Drawing on a large number of case studies of critical historical events such as imperial China and the Chinese Workers Movement, this volume sets out to explore topics such as the history of Sino foreign relations as well as the history of workers' movements and youth movements. This book will be a valuable reference for scholars and students of Chinese history.

History of Contemporary Japan, 1945-1998 Edward R. Beauchamp, 1998. First Published in 1999. Routledge is an imprint of Taylor Francis, an informa company.

Catalogue of the University of Michigan University of Michigan, 1967. Announcements for the following year included in some vols.

Japanese History & Culture from Ancient to Modern Times John W. Dower, 1986.

The Cambridge History of Science: Volume 7, The Modern Social Sciences David C. Lindberg, Theodore M. Porter, Roy Porter, Ronald L. Numbers, 2003-08-04. This volume provides a history of the concepts, practices, institutions and ideologies of social sciences including behavioural and economic sciences since the eighteenth century. It offers original synthetic accounts of the historical development of social knowledge including its philosophical assumptions, its social and intellectual organization and its relations to science, medicine, politics, bureaucracy, philosophy, religion and the professions. Its forty-two chapters include inquiries into the genres and traditions that formed social science, the careers of the main social disciplines: psychology, economics, sociology, anthropology, political science, geography, history and statistics, and international essays on social science in Eastern Europe, Asia, Africa and Latin America. It also includes essays that examine the involvement of the social sciences in government, business, education, culture and social policy. This is a broad cultural history of social science which analyzes from a variety of perspectives its participation in the making of the modern world.

Concise Dictionary of Modern Japanese History Janet Hunter, 1984-06-28. This is a concise, reliable guide to the people, places, events and ideas of significance from the Meiji Restoration to the present.

The Economic and Business History of Occupied Japan Thomas French, 2017-08-07. The Occupation era 1945-1952 witnessed major change in Japan and the beginnings of its growth from the ashes of defeat towards its status as a developmental model for much of the world. The period arguably saw the sowing of the seeds of the post-war flowering of what some term the postwar Japanese economic miracle. However, some scholars dispute this position and argue that the Occupation's policies and impacts actually hindered Japan's recovery. This volume

addresses this question and others surrounding the business and economic history of this crucial period The chapters presented in *The Economic and Business History of Occupied Japan* are authored by major scholars of the Occupation from the U S Japan and Europe The chapters are divided into three sections Planning reform and recovery Industries under the Occupation and Legacies of the Occupation era Following an introduction focusing on the historiographical background the first section examines zaibatsu dissolution and its significance the role of Japanese businessmen within the Occupation s reforms the crucial impact of Japan s postwar Materials Crisis and the impact of reform at the local level in Hokkaid Part two looks at a number of individual industries and their development during the era including the fishing automotive and cotton spinning industries The final section looks at the human impact of the changes of the initial postwar years including the reintegration of repatriates into the Japanese labour force and the impact of changing working patterns on society and family life This book covers a key period of the economic and business history of Japan and presents numerous new approaches and original contributions to the scholarship of the Occupation era It will be of interest to scholars of modern Japan economic history business history development studies and postwar U S Japan relations The New Larned History for Ready Reference, Reading and Research Josephus Nelson Larned,1924

Institutional and Technological Change in Japan's Economy Janet Hunter,Cornelia Storz,2006-06-28 Institutional and technological change is a highly topical subject At the theoretical level there is much debate in the field of institutional economics about the role of technological change in endogenous growth theory At a practical policy level arguments rage about how Japan and the Japanese economy should plan for the future In this book leading economists and economic historians of Japan examine a range of key issues concerning institutional and technological change in Japan rigorously using discipline based tools of analysis and drawing important conclusions as to how the process of change in these areas actually works In applying these ideas to Japan the writers in this volume are focusing on an issue which is currently being much debated in the country itself and are helping our understanding of the world s second largest economy The Cambridge Economic History of Europe: Volume 7, The Industrial Economies: Capital, Labour and Enterprise, Part 2, The United States, Japan and Russia Peter Mathias,M. M. Postan,1982-06-17 The role of capital labour and enterprise in the growth of the industrial economies *The Statesman's Year-book* Frederick Martin,Sir John Scott Keltie,Isaac Parker Anderson Renwick,Mortimer Epstein,Sigfrid Henry Steinberg,John Paxton,Brian Hunter (Librarian),Barry Turner,1906

Japanese Studies from Pre-History to 1990 Richard Perren,1992 *The Social History of "manuals" for the Body and Environment* Osamu Hattori,2017 This compilation seeks to explore the ways in which perceptions of the body within society culture and nature changed throughout the period from the end of the 18th century through the 19th century through the examination of concrete historical objects in the form of manuals The ultimate goal of this project is to shed light on the nature of the fundamental problems within the social constructs in which our present bodies exist **Toward a History Beyond Borders** Daqing Yang,2020-03-17 This

volume brings to English language readers the results of an important long term project of historians from China and Japan addressing contentious issues in their shared modern histories Originally published simultaneously in Chinese and Japanese in 2006 the thirteen essays in this collection focus renewed attention on a set of political and historiographical controversies that have steered and stymied Sino Japanese relations from the mid nineteenth century through World War II to the present These in depth contributions explore a range of themes from prewar diplomatic relations and conflicts to wartime collaboration and atrocity to postwar commemorations and textbook debates all while grappling with the core issue of how history has been researched written taught and understood in both countries In the context of a wider trend toward cross national dialogues over historical issues this volume can be read as both a progress report and a case study of the effort to overcome contentious problems of history in East Asia
