Modern Lives A Cultural Rereading Of The Lost Generation:

The Cambridge Companion to the Literature of Paris Anna-Louise Milne, 2013-08-01 No city more than Paris has had such a constant and deep association with the development of literary forms and cultural ideas The idea of the city as a space of literary self consciousness started to take hold in the sixteenth century By 1620 where this volume begins the first in a long line of extraordinary works of the human imagination in which the city represented itself to itself had begun to find form in print This collection follows that process through to the present day Beginning with the salon followed by the hybrid culture of libertinage and the revolutionary hotbeds of working class districts it explores the continuities and changes between the pre modern era and the nineteenth century when Paris asserted itself as cultural capital of Europe It goes on to explore how this vision of Paris as a key capital of modernity has shaped contemporary literature **The Essential Cult TV Reader** David Lavery, 2014-07-11 The Essential Cult TV Reader is a collection of insightful essays that examine television shows that amass engaged active fan bases by employing an imaginative approach to programming Once defined by limited viewership cult TV has developed its own identity with some shows gaining large mainstream audiences By exploring the defining characteristics of cult TV The Essential Cult TV Reader traces the development of this once obscure form and explains how cult TV achieved its current status as legitimate television The essays explore a wide range of cult programs from early shows such as Star Trek The Avengers Dark Shadows and The Twilight Zone to popular contemporary shows such as Lost Dexter and 24 addressing the cultural context that allowed the development of the phenomenon The contributors investigate the obligations of cult series to their fans the relationship of camp and cult the effects of DVD releases and the Internet and the globalization of cult TV The Essential Cult TV Reader answers many of the questions surrounding the form while revealing emerging debates on its future **Zelda Sayre Fitzgerald** Linda Wagner-Martin, 2004-07-30 Linda Wagner Martin s Zelda Sayre Fitzgerald is a twenty first century story Using cultural and gender studies as contexts Wagner Martin brings new information to the story of the Alabama judge s daughter who at seventeen met her husband to be Scott Fitzgerald Swept away from her stable home life into Jazz Age New York and Paris Zelda eventually learned to be a writer and a painter and she came close to being a ballerina An evocative portrayal of a talented woman s professional and emotional conflicts this study contains extensive notes and new photographs **Enterprising Youth** Monika Elbert, 2008-06-09 Recommended by Choice Enterprising Youth examines the agenda behind the shaping of nineteenth century children s perceptions and world views and the transmission of civic duties and social values to children by adults The essays in this book reveal the contradictions involved in the perceptions of children as active or passive as representatives of a new order or as receptacles of the transmitted values of their parents The question then is whether the business of telling children s stories becomes an adult enterprise of conservative indoctrination or whether children are enterprising enough to read what many of the contributors to this volume see as the subversive potential of these texts This

collection of literary and historical criticism of nineteenth century American children's literature draws upon recent assessments of canon formations gender studies and cultural studies to show how concepts of public private male female and domestic foreign are collapsed to reveal a picture of American childhood and life that is expansive and constrictive at the same time

India Abroad Sandhya Shukla, 2021-03-09 India Abroad analyzes the development of Indian diasporas in the United States and England from 1947 the year of Indian independence to the present Across different spheres of culture festivals entrepreneurial enclaves fiction autobiography newspapers music and film migrants have created India as a way to negotiate life in the multicultural United States and Britain Sandhya Shukla considers how Indian diaspora has become a contact zone for various formations of identity and discourses of nation She suggests that carefully reading the production of a diasporic sensibility one that is not simply an outgrowth of the nation state helps us to conceive of multiple imaginaries of America England and India as articulated to one another Both the connections and disconnections among peoples who see themselves as in some way Indian are brought into sharp focus by this comparativist approach This book provides a unique combination of rich ethnographic work and textual readings to illuminate the theoretical concerns central to the growing fields of diaspora studies and transnational cultural studies Shukla argues that the multi-sitedness of diaspora compels a rethinking of time and space in anthropology as well as in other disciplines Necessarily the standpoint of global belonging and citizenship makes the boundaries of the America in American studies a good deal more porous And in dialogue with South Asian studies and Asian American studies this book situates postcolonial Indian subjectivity within migrants transnational recastings of the meanings of race and ethnicity Interweaving conceptual and material understandings of diaspora India Abroad finds that in constructed Indias we can see the contradictions of identity and nation that are central to the globalized condition in which all peoples displaced and otherwise live

Subject Guide to Books in

Print ,1997 Rereading Modernism Lisa Rado,2012 Until about 1986 feminists generally considered modernism a reactionary misogynist and hegemonic mire not worth investigating Since then enough studies of modernism have appeared that 17 feminist critics can now review and debate their treatment of the period They evaluate the progress and goals of the new era of modernist scholarship As the authors in this volume suggest instead of condemning writers for not practicing or portraying an acceptable politics of gender we ought instead to show how their assumptions about the nature of the sexes inform their texts both in their creation and in their reception This also allows examination of the complex and changing relationship between human subjectivity and aesthetics This volume is a highly reflective dialogue introspective and evaluative at a moment of crisis within modernist studies and feminist studies The analysis of critical work on early twentieth century literature not only helps reread and redefine a definition of modernism it also intends to redirect and reintegrate feminist theory **Hard-boiled Masculinities** Christopher Breu,2005 The persona of the American male in the period between the two world wars was characterized by physical strength emotional detachment aggressive behavior and an amoral worldview This ideal of a hard boiled masculinity can be seen in the pages and even more vividly on the covers of magazines such as Black Mask which shifted from Victorian influenced depictions of men in top hats and mustaches in the early 1920s to the portrayal of much more overtly violent and muscular men Looking closely at this transformation Christopher Breu offers a complex account of how and why hard boiled masculinity emerged during an unsettled time of increased urbanization and tenuous peace and traces the changes in its cultural conception as it moved back and forth across the divide between high and low culture as well as the color line that bifurcated American society Examining the work of Ernest Hemingway Dashiell Hammett Chester Himes and William Faulkner as well as many lesser known writers for the hypermasculine pulp magazines of the 1920s and 1930s Breu illustrates how the tough male was a product of cultural fantasy one that shored up gender and racial stereotypes as a way of lashing out at the destabilizing effects of capitalism and social transformation Christopher Breu is assistant professor of English at Illinois State University *Memories of Colonisation in Medieval and Modern Castile* Rebecca De Souza,2024-10-31 Memories of Colonisation in Medieval and Modern Castile Rereading and Refashioning al Andalus traces the evolving memory of a dominant al Andalus in medieval Castilian and later modern Spanish literature and its overlap with contemporary formations of collective identity race and nation It presents a series of close readings of neomedievalist literary works that look back to the socioeconomic apogee of al Andalus the tenth century Umayyad Caliphate of Cordoba from the thirteenth to the nineteenth century These works rewrite what has become known as the story of the siete infantes de Lara although it is their Andalusí half brother Mudarra who takes centre stage from the early modern period on In its earliest form it is a story of a weak conflictual county of Castile dependent socioeconomically and morally upon Andalusí intervention This book therefore traces how a story of Castilian weakness is repeatedly rewritten once the reverse colonial dynamic had taken hold and Castile had begun conquering al Andalus

Memories of Colonisation asks why Mudarra and the infantes continue to reappear in medieval chronicles from the Estoria de Espa a to lesser known regional historiography early modern ballads comedias and nineteenth century Romantic poetry and prose By examining how each of these texts remember tenth century Iberia s fluid geographical and interracial boundaries it explores how they support or challenge dominant contemporary discourses of collective identity race and nation from the neogothic aspirations of thirteenth century Castile to the antisemitism of fifteenth century Toledo expansion in the Mediterranean the Islamophobia of the morisco expulsion and the partisan manipulation of al Andalus under nineteenth century liberalism As the first study of the development of Spanish neomedievalism it explores how this serves as a productive prescient discourse of cultural memory through which chroniclers poets playwrights and authors can look forward It questions the inevitability of Christian Castilian colonial hegemony by invoking a narrative of Christian Iberia s own subjugation by a superior Umayyad Caliphate It also explores how each text exposes the task of reconstructing historical memory in the present and thereby challenges the notion of a stable incontestable past for Castile and Spain [Arts & Humanities Citation Index](#) ,2001 **Authority Matters** ,2015-06-29 In this wide ranging collection of essays eleven literary scholars and creative writers examine authorship and authority in relation to the production and reception of cultural texts Ranging in time from the Renaissance to the era of digital publishing the essays invite us to reconsider the influential theories of Roland Barthes Michel Foucault and Pierre Bourdieu for our understanding of writers such as Philip Sidney Thomas Hardy Laura Riding W B Yeats Gertrude Stein and J M Coetzee Shedding new light on authority s complex role in the generation of cultural meaning the essays will be of interest to students and teachers of literary history and critical theory alike **Inventing Southern Literature** Michael Kreyling,2009-11-12 Winner of the 1997 Eudora Welty Prize I take an outward route arguing that the Agrarian project was and must be seen as a willed campaign on the part of one elite to establish and control the South in a period of intense cultural maneuvering The principal organizers of I ll Take My Stand knew full well there were other Souths than the one they touted they deliberately presented a fabricated South as the one and only real thing In Inventing Southern Literature Michael Kreyling casts a penetrating ray upon the traditional canon of southern literature and questions the modes by which it was created He finds that it was indeed an invention rather than a creation In the 1930s the foundations were laid by the Fugitive Agrarian group a band of poet critics that wished not only to design but also to control the southern cultural entity in a conservative political context From their heyday to the present Kreyling investigates the historical conditions under which literary and cultural critics have invented the South and how they have chosen its representations Through his study of these choices Kreyling argues that interested groups have shaped meanings that preserve a South as the South As the Fugitive Agrarians molded the region according to their definition in I ll Take My Stand they professed to have developed a critical method that disavowed any cultural or political intent or content a claim that Kreyling disproves He shows that their torch was taken by Richard Weaver on the Right and Louis D Rubin Jr on

the Center Left and that both critics tried to preserve the Fugitive Agrarian credo despite the severe stresses imposed during the era of desegregation As the southern literary paradigm has been attacked and defended certain issues have remained in the forefront Kreyling takes on three reconciling the imperatives of race with the traditional definitions of the South testing the ways white women writers of the South have negotiated space within or outside the paradigm and analyzing the critics use and abuse of William Faulkner the major figure of southern literature as they have relied on his achievement to anchor the total project called Southern Literature **Richard Wright** Keneth Kinnamon,2014-11-04 African American writer Richard Wright 1908 1960 was celebrated during the early 1940s for his searing autobiography Black Boy and fiction Native Son By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8 320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author s earlier bibliography covering the years from 1934 through 1982 This is the exhaustive reference for serious students of Richard Wright and his critics
