Modern Love:

Modern Love David Shumway, 2003-08 My ideas of romance came from the movies said Woody Allen and it is to the movies as well as to novels advice columns and self help books that David Shumway turns for his history of modern love Modern Love argues that a crisis in the meaning and experience of marriage emerged when it lost its institutional function of controlling the distribution of property and instead came to be seen as a locus for feelings of desire togetherness and loss Over the course of the twentieth century partly in response to this crisis a new language of love intimacy emerged not so much replacing but rather coexisting with the earlier language of romance Reading a wide range of texts from early twentieth century advice columns and their late twentieth century antecedent the relationship self help book to Hollywood screwball comedies and from the relationship films of Woody Allen and his successors to contemporary realist novels about marriages Shumway argues that the kinds of stories the culture has told itself have changed Part layperson's history of marriage and romance part meditation on intimacy itself Modern Love will be both amusing and interesting to almost anyone who thinks about relationships and who doesn't

Modern Love Marcus Collins, 2006-06 Private life has altered beyond all recognition during the past one hundred years Britain in 1900 was emerging from a Victorian era in which prudery patriarchal authority and pettifogging rules of etiquette were widely perceived to have circumscribed relations between men and women The twentieth century witnessed a reaction against this system of separate spheres spearheaded by reformers eager that the sexes become each other's equals and intimates Modern Love traces the trajectory of this new model of personal relationships over the course of the twentieth century from its emergence out of the crucible of the suffrage campaign through its reshaping by the women's liberation movement It explores its impact on smut merchants warring couples and teenagers as well as its reception by such diverse figures as Bertrand Russell and Germaine Greer It draws on sources as varied as suffragette propaganda banned sex manuals marriage counseling literature and pin up magazines Marcus Collins teaches modern British history at Emory University

Modern Love Marcus Collins, 2004 Collins writes a history of relations between men and women through the twentieth century The narrative is one of competing ideas as gender relations are not merely a matter of public policy economics and technology **The Traffic in Poems** Meredith L. McGill, 2008 The transatlantic crossing of people and goods shaped nineteenth century poetry in surprising ways that cannot be fully understood through the study of separate national literary traditions American and British poetic cultures were bound by fascination envy influence rivalry recognition and piracy as well as by mutual fantasies about and competition over the Caribbean Drawing on examples such as Felicia Hemans's elaboration of the foundational American myth of Plymouth Rock Emma Lazarus's ambivalent welcome of Europe's cast off populations black abolitionist Mary Webb's European performances of Hiawatha and American reprints of Robert Browning and George Meredith the eleven essays in this book focus on poetic depictions of exile slavery immigration and citizenship and explore the often asymmetrical traffic between

British and American poetic cultures *Terror Train* Al Feldstein, 2020-08-11 This collection features all of the stories Feldstein created for both of EC Comics crime and horror titles including the very first appearances of The Crypt Keeper and the Vault Keeper This volume collects stories Feldstein wrote and drew about The Machine Gun Mad Mobsters and The Case of the Floating Corpse as well such horror gems as The Mummy's Curse The Thing in the Swamp and our title story Terror Train Plus the most unlikely origin story of them all the tongue in cheek origin of EC Comics itself in Horror Beneath the Streets There are more than 30 stories in all with essays and commentary by EC experts **Modernity and the Spirit of Truth & The Recognition of Gender** Trautman, 2017-05 These two essays touch on many problems and hindrances that prevent us from becoming mature human beings in the modern world During the course of these works solutions are offered and hindrances are creatively overcome **Love & Eroticism** Mike Featherstone, 1999-03-19 This major collection explores the contested nature of love and eroticism examining the ways in which erotic bodily pleasures have become central to contemporary consumer culture It investigates the spatial dimension of erotic life through considerations of Bohemian love the gay city and the ways in which the urban landscape and everyday life have become sexualized issues which have become central to the emergence of queer as a new form of gender politics and more general questions of sexual citizenship Drawing on the work of feminists sociologists and cultural theorists this book contains a wide ranging and accessible set of contributions to contemporary debates on sexuality love and eroticism Love Eroticism is simultaneously published as volume 15 issue 3 4 of Theory Culture Society *Veering* Nicholas Royle, 2011-10-12 Reading *Veering* generates the intense joy of veering An exuberantly successful medium Royle calls up swarms of passages from literature and elsewhere where the word or concept of veering is salient On this basis he creates new theories of literature and of creative writing's place in criticism Royle's best book yet J Hillis Miller Distinguished Research Professor of Comparative Literature and English University of California Irvine Nicholas Royle is one of the most interesting inventive and provocative thinkers of literary language currently writing in English and he has done something truly extraordinary here By allowing a theory of literature to emerge right from the traces of the veering movements of fiction and poetry he has thoroughly renewed the possibility of thinking in the wake of our literary encounters *Veering* issues a general license to read once again with all the wonder generosity and freedom it calls forth on every page Professor Peggy Kamuf University of Southern California Every genre every great work has its way of veering This fascinating richly compendious necessary book shows the way forward for literary studies Nicholas Royle's twisty key opens and magically re opens the wonders of the canon and beyond The spiralling pleasure he takes in doing so lightens refreshes instructs and inspires Royle is a wonderful communicator about literature and theory and a uniquely powerful original critical voice This is his most exciting and widely relevant work so far Sarah Wood University of Kent Reflections on the figure of veering form the basis for a new theory of literature Exploring images of swerving loss of control digressing and deviating *Veering* provides new critical perspectives on all major literary genres the novel poetry

drama the short story and the essay as well as creative writing Royle works with insights from Lewis Carroll Freud Adorno Raymond Williams Edward Said Deleuze Cixous and Derrida With wit and irony he investigates veering in the writings of Jonson Milton Dryden Wordsworth Coleridge Melville Hardy Proust Lawrence Bowen J H Prynne and many others Contrary to a widespread sense that literature has become increasingly irrelevant to our culture and everyday life Royle brilliantly traces a strange but compelling literary turn **Library of Congress Subject Headings** Library of Congress,2011
