Eysteinsson,2006-08-04 Translation Theory and Practice A Historical Reader responds to the need for a collection of primary
texts on translation in the English tradition from the earliest times to the present day Based on an exhaustive survey of the
wealth of available materials the Reader demonstrates throughout the link between theory and practice with excerpts not
only of significant theoretical writings but of actual translations as well as excerpts on translation from letters interviews
autobiographies and fiction The collection is intended as a teaching tool but also as an encyclopaedia for the use of
translators and writers on translation It presents the full panoply of approaches to translation without necessarily judging
between them but showing clearly what is to be gained or lost in each case Translations of key texts such as the Bible and the
Homeric epic are traced through the ages with the same passages excerpted making it possible for readers to construct their
own map of the evolution of translation and to evaluate in their historical contexts the variety of approaches The passages in
question are also accompanied by ad verbum versions to facilitate comparison The bibliographies are likewise comprehensive
The editors have drawn on the expertise of leading scholars in the field including the late James S Holmes Louis Kelly
Jonathan Wilcox Jane Stevenson David Hopkins and many others In addition significant non English texts such as Martin
Luther s Circular Letter on Translation which may be said to have inaugurated the Reformation are included helping to set
the English tradition in a wider context Related items such as the introductions to their work by Tudor and Jacobean
translators or the work of women translators from the sixteenth to eighteenth centuries have been brought together in
collages marking particularly important moments or developments in the history of translation This comprehensive reader
provides an invaluable and illuminating resources for scholars and students of translation and English literature as well as
poets cultural historians and professional translators   *The Page is Printed* Carrie Smith,2021 This book chronicles the
