Silenced Facts Bianca Theisen, 2021-10-01 In response to the silence that continues to shroud Austria's historical past Austrian literature after 1950 wants to retrace an untold history that left its marks in mental schemata and cultural clichés The question how literature can refer to the facts silenced by a political unconscious the question of literary reference and reality description lies at the core of Austrian literature since the 1950s This book traces the development of contemporary Austrian fiction from the 1950s to the 1990s showing how the Vienna Group's literary reductionism led to gesture of mere pointing in happening and performance While strongly indebted to the experimental techniques of the Vienna Group later Austrian authors such as Thomas Bernhard Peter Handke Peter Rosei and Gerhard Roth employ literary forms and extra literary media prone to the indexical in an attempt to cut through the net of linguistic and cultural clichés alluding to the microfascisms latent in common percepts and indexing a reality that eludes plain description

Historical Dictionary of Austria Paula Sutter Fichtner, 2009-06-11 Austrians today often seem to believe that they have two histories One is their republican present the other the centuries that their forebears spent as part of the multi ethnic Habsburg Empire Contemporary Austria is a fixture among Europe's democracies Yet it did not achieve this state easily World War I the unification with Germany in 1938 and World War II were catastrophes for Austria In 1995 it became part of the European Union and its government culture and egalitarian economy are far cries from the monarchical and highly stratified society of the old Empire The second edition of the Historical Dictionary of Austria has been thoroughly updated and greatly expanded Through its chronology introductory essay appendix bibliography and hundreds of cross referenced dictionary entries greater attention has been given to foreign affairs economic institutions and

policies social issues religion and politics *Polemical Austria* Anthony Bushell, 2013-06-15 This book maps the remarkable story of Austria's transition from Empire to modern Republic and the language that reflects that violent history within Europe's own turbulent past

Vienna Is Different Hillary Hope Herzog, 2011-10-01 Assessing the impact of fin de siècle Jewish culture on subsequent developments in literature and culture this book is the first to consider the historical trajectory of Austrian Jewish writing across the 20th century It examines how Vienna the city that stood at the center of Jewish life in the Austrian Empire and later the Austrian nation assumed a special significance in the imaginations of Jewish writers as a space and an idea The author focuses on the special relationship between Austrian Jewish writers and the city to reveal a century long pattern of living in tension with the city experiencing simultaneously acceptance and exclusion feeling *unheimlich* heimisch eerily at home in Vienna

Quinquereme, 1983 *Case Studies and the Dissemination of Knowledge* Joy Damousi, Birgit Lang, Katie Sutton, 2015-02-11 The case study has proved of enduring interest to all Western societies particularly in relation to questions of subjectivity and the sexed self This volume interrogates how case studies have been used by doctors lawyers psychoanalysts and writers to communicate their findings both within the specialist circles of their academic disciplines and beyond to wider publics At the same time it questions how case studies have been taken up by a range of audiences to refute and dispute academic knowledge As such this book engages with case studies as sites of interdisciplinary negotiation transnational exchange and influence exploring the effects of forces such as war migration and internationalization *Case Studies and the Dissemination of Knowledge* challenges the limits of disciplinary based research in the humanities The cases examined serve as a means of passage between disciplines genres and publics from law to psychoanalysis and from auto biography to modernist fiction Its chapters scrutinize the case study in order to sharpen understanding of the genre's dynamic role in the construction and dissemination of knowledge within and across disciplinary temporal and national boundaries In doing so they position the case at the center of cultural and social understandings of the emergence of modern subjectivities
