Ryle, Ninian Smart, Peter Strawson, Geoffrey Warnock, Bernard Williams, Richard Wollheim, Anthony Quinton Bryan Magee, 1971 **Egalitarianism of the Free Society** Robert Corfe, 2008 This volume presents the new realities in the spheres of social life as an introduction to the author's forthcoming three volume work on Social Capitalism which concentrates on the shattering economic and political changes in the contemporary world Foundations of New Socialism Robert Corfe, 2001 How can sincere support be given wholly to a political party unless it has clear principles underpinning its base Such a question is of particular relevance when asked of the Labour party in view of the events which have shattered the foundations of socialism worldwide over the past decade The author who has considerable practical experience as a Labour party activist sets out to re-establish the concept of socialism as a vision for the future But the forward looking views of New Socialism need to be very different from the old The transformation of society over the past 60 years means that old doctrines have to be replaced by new if socialism is to be made attractive to the modern man or woman *H, Natural science. H*, Medicine and surgery. I, Arts and trades.* 1926 William Swan Sonnenschein, 1926 The Philosophy and Psychology of Ambivalence Berit Brogaard, Dimitria Electra Gatzia, 2020-12-22 This book collects original essays by top scholars that address questions about the nature origins and effects of ambivalence While the nature of agency has received an enormous amount of attention relatively little has been written about ambivalence or how it relates to topics such as agency rationality justification knowledge autonomy self governance well being social cognition and various other topics Ambivalence presents unique questions related to many major philosophical debates For example it relates to debates about virtues rationality and decision making agency or authenticity emotions and social or political metacognition It is also relevant to a variety of larger debates in philosophy and psychology including nature vs nurture objectivity vs subjectivity or nomothetic vs idiographic The essays in this book offer novel and wide ranging perspectives on this emerging philosophical topic They will be of interest to researchers and advanced students working in ethics epistemology philosophy of mind philosophy of psychology and social cognition
