Lee, 1990-11-01 The history of Korea in the twentieth century has been a grim succession of oppressions humiliations and betrayals Yet through it all modern Korean writers have been able not only to find their own distinctive voices but to forge a national literature that speaks eloquently of the survival of the human spirit in times of crisis This anthology includes the finest translations available of representative works in all the major genres including poetry fiction essays and drama Readers will gain a clear sense of the development of twentieth century Korean literature and a vivid impression of the resilience strength and tenacity of modern Korean writers *Routledge Handbook of Modern Korean History* Michael Seth, 2016-01-29 Beginning in the mid nineteenth century when Korea became entangled in the world of modern imperialism and the old social economic and political order began to change this handbook brings together cutting edge scholarship on major themes in Korean History Contributions by experts in the field cover the Late Choson and Colonial periods Korea's partition and the diverging paths of North and South Korea Topics covered include The division of Korea Religion Competing imperialisms Economic change War and rebellions Nationalism Gender North Korea Under Kim Jong Il Global Korea The Handbook provides a stimulating introduction to the most important themes within the subject area and is an invaluable reference work for any student and researcher of Korean History

The History of Modern Korean Fiction (1890-1945) Young Min Kim, 2020-11-09 This book explores the history of modern Korean literature from a sociocultural perspective Rather than focusing solely on specific authors and their works Young Min Kim argues that the development of modern media shifting conceptualizations of the author and a growing mass readership fundamentally shaped the types of narratives that appeared at the turn of the twentieth century In particular Kim follows the trajectory of the *sin sosol* new fiction as it meshed with the new print and media culture to give rise to innovative and hybrid genres and literary styles In doing so he compellingly illuminates the relationship between literary systems and forms and underscores the necessity of re locating literary texts in their sociohistorical contexts *Modern Korean Literature* Chung Chong-Wha, 2012-10-12 The sixth book in Kegan Paul International's Korean Culture Series this volume contains thirty stories that have been selected on the basis of historical interest and literary worth each representing a monumental moment in the history of Korean Literature The ten stories in the first part share the common theme of the Korean experience of the confrontation between man and woman in some stories the relationship is portrayed as innocent and pure in others the relationship becomes more sophisticated and complex The ten stories in the second part all deal with old Korean or the old Korean way of life the Korea of bygone days which is gradually disappearing in the face of industrialization and internationalization The third group of stories reveals modern Korea in the process of change during the period of the Japanese Occupation the liberation from the Occupation and the Korean War All thirty stories may serve as social documents From the time of ideological chaos following

the independence of Korea in 1945 up to the fall of the USSR in the 1980s modern Korean literature has been powerfully swayed by Marxist ideology one way or another Literature has an important role to play in its portrayal of the relations between society and individual people and it has a particularly vital social function in developing or undeveloped countries However the stories in this anthology are not just historical documents They represent the peak of literary achievements by great and gifted writers in the first half of this century It is remarkable to find so many talented writers producing so many powerful works of art in a short span of just over 50 years between 1908 and 1965 This anthology is an invitation to readers to grasp how much Korea has attained in the process of its modernization The authors whose works appear in this volume are Yi Kwang su Kim Dong in Hyun Chin kon Yi Hyo suk Kim Yu jong Yi Sang Kim Dong ni O Yung su Hwang Sun won Sohn So hi Hahn Mu suk Sunwu Hwi Kang Shin jae Oh Sang won Suh Ki won Han Mal suk Choi In hun Kim sung ok Yi Mun ku

Peace Under Heaven: A Modern Korean Novel Man-Sik Chae, Kyung-Ja Chun, 2015-07-17 Originally published in Seoul in 1938 soon after the outbreak of the Pacific War *Peace Under Heaven* is a satirical novel centering on the household of a Korean landlord during the Japanese colonial occupation Master Yun embodying the traditional ambitions of a standard Korean paterfamilias by being projected fast forward into a modern urban environment caricatures the increasing irrelevance of Confucian mores to 20th century social reality Depicting the anomic lives of the Yun household in colonial Seoul Chase Man Sik one of modern Korea s best known writers uses black comedy to underscore the collapse of ritualistic traditional values in the face of capitalist modernisation The decadence of the nouveau riche pseudo aristocrat Master Yun is interwoven with insights into the customary bases of oppression of Korean women into the self deceptions underlying collaboration by Koreans with the Japanese oppressor The savage hilarity of Chae s style lends force and historical relevance to his insight into the attitudes of the milieu in which his narrative is set **Korea Journal** ,1983 Modern Korean Fiction Bruce Fulton, 2005 Home to the New York Yankees the Bronx Zoo and the Grand Concourse the Bronx was at one time a haven for upwardly mobile second generation immigrants eager to leave the crowded tenements of Manhattan in pursuit of the American dream Once hailed as a wonder borough of beautiful homes parks and universities the Bronx became during the 1960s and 1970s a national symbol of urban deterioration Thriving neighborhoods that had long been home to generations of families dissolved under waves of arson crime and housing abandonment turning blocks of apartment buildings into gutted graffiti covered shells and empty trash filled lots In this revealing history of the Bronx Evelyn Gonzalez describes how the once infamous New York City borough underwent one of the most successful and inspiring community revivals in American history From its earliest beginnings as a loose cluster of commuter villages to its current status as a densely populated home for New York s growing and increasingly more diverse African American and Hispanic populations this book shows how the Bronx interacted with and was affected by the rest of New York City as it grew from a small colony on the tip of Manhattan into a sprawling metropolis This is the story of the clattering of elevated subways and the cacophony

of crowded neighborhoods the heady optimism of industrial progress and the despair of economic recession and the vibrancy of ethnic cultures and the resilience of local grassroots coalitions crucial to the borough's rejuvenation In recounting the varied and extreme transformations this remarkable community has undergone Evelyn Gonzalez argues that it was not racial discrimination rampant crime postwar liberalism or big government that was to blame for the urban crisis that assailed the Bronx during the late 1960s Rather the decline was inextricably connected to the same kinds of social initiatives economic transactions political decisions and simple human choices that had once been central to the development and vitality of the borough Although the history of the Bronx is unquestionably a success story crime poverty and substandard housing still afflict the community today Yet the process of building and rebuilding carries on and the revitalization of neighborhoods and a resurgence of economic growth continue to offer hope for the future
