Modern History Of Syria Including Lebanon And Palestine:

A Modern History of Syria, Including Lebanon and Palestine Abdul Latif Tibawi, 1969 [A Modern History of Syria Including Lebanon and Palestine](#) 'Abd al-Laṭīf : al- Tibāwī, 1960 [Western Imperialism in the Middle East 1914-1958](#) D. K. Fieldhouse, 2006-04-06 The term Fertile Crescent is commonly used as shorthand for the group of territories extending around the Rivers Tigris and Euphrates Here it is assumed to consist of Syria Lebanon Jordan Iraq and Palestine Much has been written on the history of these countries which were taken from the Ottoman empire after 1918 and became Mandates under the League of Nations For the most part the histories of these countries have been handled either individually or as part of the history of Britain or France In the first instance the emphasis has normally been on the development of nationalism and local resistance to alien control in a particular territory leading to the modern successor state In the second most studies have concentrated separately on how either France or Britain handled the great problems they inherited seldom comparing their strategies The aim of this book is to see the region as a whole and from both the European and indigenous points of view The central argument is that the mandate system failed in its stated purpose of establishing stable democratic states out of what had been provinces or parts of provinces within the Ottoman empire Rather it generated basically unstable polities and in the special case of Palestine one totally unresolved and possibly unsolvable conflict The result was to leave the Middle East as perhaps the most volatile part of the world in the later twentieth century and beyond The main purpose of the book is to examine why this was so **The Making of the Modern Near East 1792-1923** Malcolm Yapp, 2014-01-09 This clear and authoritative text surveys the history of the region from the collapse of the Ottoman Empire to the present day It contains a general regional introduction followed by a series of country by country analyses and a section which places the Near East in the international context Professor Yapp's new edition covers recent dramatic events including the end of the Cold War the Kuwait Crisis of 1990 91 and the continuing conflict in Israel as well as assessing the huge social and economic changes in the region It will be essential reading for students and scholars concerned with modern middle eastern history and politics of the middle east *Humanitarian intervention in the long nineteenth century* Alexis Heraclides, Ada Dialla, 2015-07-01 This electronic version has been made available under a Creative Commons BY NC ND open access license This book is a comprehensive presentation of humanitarian intervention in theory and practice during the course of the nineteenth century Through four case studies it sheds new light on the international law debate and the political theory on intervention linking them to ongoing issues and paying particular attention to the lesser known Russian dimension The book begins by tracing the genealogy of the idea of humanitarian intervention to the Renaissance evaluating the Eurocentric gaze of the civilisation barbarity dichotomy and elucidates the international legal arguments of both advocates and opponents of intervention as well as the views of major political theorists It then goes on to examine four cases as humanitarian interventions the Greek War of Independence 1821 31 the Lebanon and Syria 1860 61 the Bulgarian atrocities 1876 78 and

the U S intervention in Cuba 1895 98 Humanitarian intervention in the long nineteenth century will be of benefit to scholars and students of international relations international history international law and international political theory **The Last Ottoman Generation and the Making of the Modern Middle East** Michael Provence,2017-08-18 A study of the period of armed conflict following the collapse of the Ottoman Empire in the Middle East **Conflict in the Middle East** P.J. Vatikiotis,2016-07-22 The Middle East is a continuing crisis area in world politics This crisp and penetrating book first published in 1971 analyses the historical development of the major issues in Arab politics explains the conflicting interests now at stake in the Middle East and how the politics of the area were likely to develop It examines among other topics the Palestine Liberation Movement the prospects for Arab unity and Great Power interference and was written by one of the world s leading scholars writing on the Middle East *Middle Eastern Societies in the 20th Century* Jerzy Zdanowski,2014-10-16 This book provides a comprehensive overview of the last 100 years in the Middle East from the perspective of social history It is apt to date the beginning of the modern Middle East to the industrialization era while it extends its reach into the present Taking its lead from modernization theory this book illustrates past expectations of the present and helps to understand everyday occurrences rather than sensational events It adopts a multi disciplinary perspective and concentrates on the relationship between history and social theory From a historical perspective the categories of social anthropology and social theory are referred to as social mobility urbanization migration cultural change gender identities and the young generation The book addresses the primary issues of importance for the region namely natural and human resources demography and its dynamics family life patriarchy and the emancipation of women class structure and social mobility ethnic and religious minorities migration and its impact on culture and politics refugees problems in historical and contemporary contexts urbanization in the Middle Eastern context the challenges of development and finally the social and political consequences of the Arab Spring **German Religious Women in Late Ottoman Beirut** Julia Hauser,2015-04-14 In German Religious Women in Late Ottoman Beirut Competing Missions Julia Hauser offers a critical analysis of the German Protestant Kaiserswerth deaconesses orphanage and boarding school for girls in late Ottoman Beirut as situated within the larger field of educational development in the city Drawing among other sources on the deaconesses largely unpublished letters home her study illuminates that the only way missionary organizations like the deaconesses could succeed was by entering into negotiations with their local environment adapting their agenda in the process Mission therefore was shaped not merely at home but by conflictual negotiations on the periphery a perspective quite different from the top down isolationist perspective of earlier research on missions *Middle East from Empire to Sealed Identities* Kamel Lorenzo Kamel,2019-01-22 This compelling analysis of the modern Middle East based on research in 19 archives and numerous languages shows the transition from an internal history characterised by local realities that were plural and multidimensional and where identities were flexible and hybrid to a simplified history largely imagined and

imposed by external actors The author demonstrates how the once heterogeneous identities of Middle Eastern peoples were sealed into a standardised and uniform version that persists to this day He also sheds light on the efforts that peoples in the region in the context of a new process of homogenisation of diversities are exerting in order to get back into history regaining possession of their multifaceted pasts [Asian and African Studies meisai.org.il](http://meisai.org.il), **Books on Asia from the Near East to the Far East** Eleazar Birnbaum,1971-12-15 This is a selected annotated list of some 2 000 books on Asia in English and French currently in print chosen with the aim of providing a long term historical perspective for the general reader The list is presented in four main parts Asia as a whole the Islamic world India South and Southeast Asia the Far East Subdivisions cover such topics as general and reference works history social science and law history of literature literature in translation religion and ideas arts crafts architecture and science and the lands in modern times **The Damascus Seat of Power** Sami Moubayed,2023-10-19 While recent scholarship has focused on wartime Syria this book is dedicated to heads of state in the immediate post Ottoman era until the end of the French Mandate in 1946 Here renowned Syrian historian Sami Moubayed examines Syria s first eleven heads of state who led the country between 1918 and 1946 With a chapter dedicated to each leader Moubayed sheds light on the political culture of the time and traces the trajectory of how Syria was governed through colonialism monarchism and federalism and republicanism The study draws on numerous archives political memoirs and first hand interviews with key figures who were active between the 1930 s and 1950 s providing a rich picture of Syrian political culture during this forgotten period **Syrian Foreign Policy** Francesco Belcastro,2019-04-24 Examining Syrian foreign policy during the Ba th years from 1963 to 1989 this book traces the alliances of the Levantine country from a historical perspective and in the context of recent political developments Syrian Foreign Policy analyses the pivotal alliances of Damascus using a theoretical framework based on neoclassical realism an approach which incorporates domestic factors such as the role of ideology within a realist perspective Covering Syria s relations with Egypt Iraq Jordan Saudi Arabia Iran and the Soviet Union it asks the question what led to the formation of each alliance and what has caused either its break up or its continuation Belcastro seeks to answer this questions but also reflects on the country s foreign policy today and its broader implications for Syria and the whole region Making use of case studies to build upon a strong theoretical analysis this book will be useful to students and scholars of Middle Eastern politics as well as politics and International Relations more generally [The Middle East and North Africa 2003 Eur](#), *The Origins of the Arab Israeli Wars* Ritchie Ovendale,2015-10-23 This highly regarded history gives a balanced and judicious introduction to this immensely complex and controversial subject weaving different strands of the story into a single coherent narrative thus making it essential reading for all students studying conflict in the Middle East Of all the troubles affecting the modern world few are as topical deep rooted and intractable as the Arab Israeli conflict For this region an understanding of the past is vital to an understanding of the present Ritchie Ovendale s classic study of the roots of the conflict is now updated for a fourth time and considers events

until 2003 **Blaming the Victims** Edward W. Said, Christopher Hitchens, 2001-09-17 Blaming The Victims demonstrates with cold precision how the denial of truth about Palestinians by the governments and the media has led to the current impasse in Middle East politics Controversial forceful and honest it attempts to redress a crime against historical truth to make a more rational future possible **Civilizing Habits** Sarah A. Curtis, 2010-09-03 Civilizing Habits explores the life stories of three French women missionaries Philippine Duchesne Emilie de Vialar and Anne Marie Javouhey who crossed boundaries both real and imagined to evangelize far from France's shores In so doing they helped France reestablish a global empire after the dislocation of the Revolution and the fall of Napoleon They also pioneered a new missionary era in which the educational charity and health care services provided by women became valuable tools for spreading Catholic influence across the globe Philippine Duchesne traveled to former French territory in Missouri in 1818 to proselytize among Native Americans Thwarted by the American policy of removing tribes even further west she turned her attention to girls education on the frontier Emilie de Vialar followed French troops to Algeria after its conquest and opened missions throughout the Mediterranean basin in the mid nineteenth century Prevented from direct evangelization she developed strategies and subterfuges for working among Muslim populations Anne Marie Javouhey evangelized among Africans in the French slave colonies including a utopian settlement in the wilds of French Guiana She became a rare Catholic proponent of the abolition of slavery and a woman designated a great man by the French king Paradoxically through embracing religious institutions designed to shield their femininity these women gained increased authority to travel outside France challenge church power and evangelize among non Christians all roles more commonly ascribed to male missionaries Their stories teach us about the life paths open to religious women in the nineteenth century and how both church and state benefitted from their initiative to expand the boundaries of faith and nation *Studies in Israeli Ethnicity* Alex Weingrod, 1985 First Published in 1985 Offering a surprisingly fresh look at Israeli society this authoritative book casts a new light on one of its most fascinating and important social features the relationship among Israeli ethnic groups It demonstrates how seemingly contradictory themes of cultural assimilation and heightened ethnicity are linked together and explores the ways in which immigrants have retained their cultural identities when confronted with socialization and stratification in their adopted country *The Druze* Robert Brenton Betts, 1988-01-01 Beschrijving van geschiedenis religie cultuur politiek en samenleving van de volksstam die in het grensgebied van Libanon Israël en Syri leeft
