## **Modern Ideologies:**

**Contemporary Political Ideologies** Roger Eatwell, 2019-03-11 In everyday usage ideology tends to be a pejorative term synonymous with the dogmatic or fanatical This is not the sense in which the term is used in this book Nor does this book adopt the instrumental approach to ideology common among social scientists and Marxists which sees ideology as socially determined rather than as a body of relatively coherent and comprehensive beliefs of interest in their own right It is this last feature of ideologies which this book focuses on namely ideologies key assumptions and themes their intrinsic content This is not to deny that there are interesting questions to be asked about the social origins and role of ideologies However these questions would require a separate book to do them justice Moreover we live in an age of hyper change Suddenly in the last decade or so the ideologies which were in the ascendant in the early twentieth century seem to have entered terminal decline whilst other ideologies have been rejuvenated and newer ones have grown in force In general these changes have undermined the left more than the right though the rise of new ideologies throughout the twentieth century has helped show the weaknesses classifying ideologies by the traditional left right spectrum Modern Competing Ideologies L. Earl Shaw, 1973 Understanding Ideologies GPTApplied, 2024-11-29 Understanding Ideologies A Critical Thinker's Guide to Navigating Political and Social Thought is an essential resource for anyone seeking to make sense of today's complex ideological landscape This comprehensive guide offers readers the tools and frameworks needed to analyze understand and engage with diverse belief systems in an increasingly polarized world Drawing from political science psychology sociology and communication studies this book provides a thorough examination of how ideologies form evolve and influence both individual and collective behavior Readers will learn to Decode the structure and dynamics of belief systems Recognize how media and technology shape ideological transmission Understand the psychological foundations of ideological thinking Navigate conversations across different worldviews Apply critical analysis tools to evaluate ideological claims Perfect for students educators professionals and engaged citizens this book combines theoretical depth with practical application offering valuable insights for anyone interested in understanding the forces that shape our political and social world Whether you're seeking to enhance your critical thinking skills engage in more productive dialogue across ideological divides or simply make sense of today's complex political landscape this guide provides the framework and tools you need In an era of information overload and increasing polarization Understanding Ideologies serves as an indispensable map for navigating the complex terrain of modern political and social thought This book doesn't just explain ideologies it empowers readers to think critically about them and engage constructively with different perspectives Written in accessible language while maintaining academic rigor this work is essential reading for anyone who wants to understand the ideological forces shaping our world and develop the skills to engage with them effectively *Political Ideologies* Leon P. Beyond the Modern Age Bob Goudzwaard, Craig G. Bartholomew, 2017-05-23 Modernity according to Bob Goudzwaard and Craig Bartholomew is not a single ideology but rather a tension between four worldviews In conversation with students from around the world and drawing upon a variety of sources and disciplines the authors propose ways to transcend modernity and address global crises **The Philosophic Roots of Modern Ideology** David E. Ingersoll, Richard K. Matthews, 1991 A collection of philosophically oriented essays on the three main political ideologies of liberalism communism and fascism Political Ideology Today Ian Adams, 2001 Examines the tenets of liberalism socialism conservatism Marxism anarchism and fascism Ideology and Politics John Schwarzmantel, 2008-02-13 Successfully challenges the notion that we live in a post ideological age John Schwarzmantel searchingly questions the thesis that only

single issues and identities matter providing a reliable compass to help students navigate through a world that has witnessed the death of Communism and the rise of neo liberal hegemony Jules Townshend Professor of Political Theory Manchester Metropolitan University This book challenges the idea of post ideological consensus and offers a fresh perspective on the current state of political ideologies With traditional political ideologies such as liberalism socialism nationalism and conservatism perceived to be in crisis it assesses Their continued relevance in the context of globalisation and of scepticism towards ideological thinking The challenges posed by new ideologies such as ecologism and feminism The implications of new social movements and ideas of community and multiculturalism for the traditional Left Right political framework Ideology and Politics presents an accessible account of a new era of ideological politics where the dominant neo liberalism has spawned a diverse global range of ideologies of opposition It situates these radical frameworks of change and protest in relation to more traditional anti ideologies and seeks to re establish the relevance of ideologies for political action in the contemporary world This text will be core reading for students of politics at advanced undergraduate and postgraduate level

*The Ideological Origins of Nazi Imperialism* Woodruff D. Smith, 1989-02-09 This study traces the evolution of imperialist ideology in Germany from Bismarck in the mid 19th century through Hitler and the Third Reich Although much has been written about the virulently racist and anti communist ideologies of the Nazi party this is the first book to treat Nazi imperialism as a separate ideology and set it within a sturdy theoretical framework Smith contends that Nazi imperialism represented the last ambitious attempt to integrate two century old ideologies the elite pro industrial Weltpolitik and the popular based pro agrarian Lebensraum into a single system In fact Smith argues that it was largely the way in which the Nazis attempted to reconcile these contradictory ideologies that explains Germany's disastrous policies during World War II This wide ranging study also contributes to the debates over several other aspects of German history including German military aims in World War II the continuity or discontinuity of German policy from Bismarck to Hitler and the relation between ideology and social political life

Ideology James Decker, 2017-03-14 This concise introduction to the concept of ideology provides an overview of the term and considers its impact on literary theory James M Decker analyzes the history of Western ideology from its pre Enlightenment roots to its current incarnations providing readers with both an essential overview of key terms and issues and a thoughtful assessment of some of the important critical thinkers associated with the notion including Marx Gramsci and Althusser Ideological theories are introduced within three broad categories the subjective the institutional and the political which helps students to synthesize a concept that sprawls across the traditional disciplinary lines of philosophy politics economics history and cultural and literary studies Close readings of key texts demonstrate the impact of ideology on critical practice and literary reputation Texts include Toni Morrison's *Sula* William Faulkner's *Barn Burning* George Orwell's *1984* Compact and easy to follow Decker's study finally asks are we now in a post ideological era

**Reconsidering Habermas's Colonization Thesis** Roderick Condon, 2025-03-31 This book reconsiders Habermas's

critique of capitalism as a foundation for a critical theory of neoliberalism Taking criticisms into account the author refines and redevelops Habermas's system lifeworld paradigm in three parts focusing on system lifeworld and communication The exposition unfolds through a new synthesis and convergence from within Habermas's frame of Axel Honneth Niklas Luhmann Talcott Parsons and Karl Marx This synthesis is interwoven with an account of the neoliberal turn such that social theory is historically contextualized and neoliberalism theoretically explained at one and the same time The end result is a reconstruction of the colonization thesis in a new theory of relinguistification advancing a communicative dialectical and reflexive theory of reification Reconsidering Habermas's Colonization Thesis will appeal to scholars of critical theory social theory sociology and cultural studies as well as readers interested in neoliberalism and the critique of capitalism

**Complicity and Responsibility in Contemporary African Writing** Minna Johanna Niemi, 2021-05-03 This book investigates the many ways in which contemporary African fiction has reflected on themes of responsibility and complicity during the postcolonial period Covering the authors Ayi Kwei Armah Tsitsi Dangarembga Nuruddin Farah Michiel Heyns and J M Coetzee the book places each writer's novels in their cultural and literary context in order to investigate similarities and differences between fictional approaches to individual complicity in politically unstable situations In doing so the study focuses on these texts' representations of discomfiting experiences of being implicated in harm done to others in order to show that it is precisely during times of political crisis that questions of moral responsibility and implicatedness in compromised conduct become more pronounced The study also challenges longstanding western amnesia concerning responsibility for historical and present day violence in African countries and juxtaposes this denial of responsibility with the western literary readership's consumption of narratives of African suffering The study instead proposes new reading habits based on an awareness of readerly complicity and responsibility Drawing insights from across political philosophy and literary theory this book will be of interest to researchers of African literature postcolonial studies and peace and conflict studies
