Modern Mystics:

Modern Mystics Bernard McGinn, 2023-02-27 Mysticism is not just a phenomenon of the past but has been alive and flourishing in Christianity Judaism and Islam over the past century as well as in many of the other religious traditions Best understood as a search for the transforming presence of God the mystical tradition has necessarily undergone changes and developments as it has confronted modernity and its frequently anti religious stance Making use of ten exemplary mystics of the 20th century including Catholic Protestants and Jews this book argues for the continued importance of mysticism in the modern world and studies its ongoing transformations *Modern Mystics and Modern Magic* Arthur Lillie, 1894

Modern Mystics and Modern Magic Arthur Lillie, 1894 **Eleven Modern Mystics and the Secrets of a Happy, Holy Life** Victor M. Parachin, 2011 It often happens that a person wishes to embark on a spiritual path but immediately doubts surface Can I really do this What are the first steps Such concerns can easily be swept aside by the simple realization that our world is teeming with spiritual mentors or as the Bible notes We are surrounded by such as great cloud of witnesses All we need to do is look at them be inspired by them and permit them to show us the way this book profiles eleven modern mystics whose lives inform instruct and inspire all who are traveling on a spiritual path **Mystical Journey: A Handbook for Modern Mystics** Peter Mulraney, 2019-05-24 Modern tools for modern mystics Modern mystics don't get to hide away in monasteries and ashrams or a cave in the mountains like the holy men and women of the past In these secular times modern mystics are ordinary people called to the mystical journey in the everyday world Perhaps you've heard the call to the mystical journey but you're not quite sure what to do next Maybe you're wondering what this mystical journey stuff is all about You're in the right place In this handbook for modern mystics by Peter Mulraney author of *My Life is My Responsibility* you'll find a clear description of the mystical journey inspiring insights and a helpful set of tools for navigating your way This is a handbook for those ready to start the mystical journey and for those who have set out on their own **God Is My Adventure - A Book on Modern Mystics, Masters, and Teachers** Rom Landau, 2011-03-23 Since I was a boy I have always been attracted by those regions of truth that the official religions and sciences are shy of exploring The men who claim to have penetrated them have always had for me the same fascination that famous artists explorers or statesmen have for others and such men are the subject of this book Some of them come from the East some from Europe and America some give us a glimpse of truth by the mere flicker of an eyelid while others speak of heaven and hell with the precision of mathematicians I have met them all and some I have watched in their daily lives For years now I have sought their company questioned them and watched them closely at work I have tried to dissociate the personality from the teaching and then to reconcile the two I have included some of those whom now I cannot view without mistrust Since thousands of other people believe in them they are at any rate most interesting figures in contemporary spiritual life however little of ultimate value their teaching may possess There are people who know the heroes of this book more intimately than I but my aim has never

been to identify myself with any one teacher On the contrary I have always been anxious to discover for myself through what powers they have influenced so many people This attitude will warn the reader not to expect an impersonal survey of contemporary spiritual doctrines I have limited myself to writing of those men with whom I have been in personal contact I approach them not as the scholar but as the ordinary man who tries to find God in daily life Modern Mystics and Sages Anne Bancroft,1978 **Modern Mystics** Sir Francis Edward Younghusband,1935 Modern Mystics Francis Edward Younghusband,1970-06-01 **Modernists and Mystics** C. experiences these intimate glimpses of God are called mystics Murray Bodo's sensitive guidance leads us into the heart of what these mystics have expressed about God and how their insight can deepen our own experience of the boundless mystery of a loving God This updated and expanded edition includes new chapters on St Clare and St Bonaventure **Mysticism**

and Morality Richard H. Jones, 2004-01-01 In *Mysticism and Morality* author Richard Jones explores an often neglected question of religious ethics Is mysticism moral Through a discussion of several religious traditions including Hinduism Jainism Buddhism Tantrism Daoism and Christianity Jones fills a major void in the scholarly literature by considering all relevant points pertaining to mysticism Rather than looking at mysticism abstractly the book focuses on such topics as ritual practice and the processes of mystical becoming This work provides new perspectives for those interested in ethics and will prove essential to anyone interested in comparative philosophy and cross cultural studies of religion *God Is My*

Mystics Ursula King, 2001 Ursula King's *Christian Mystics* offers a distinctive perspective on spirituality The author presents the Christian mystical tradition through short biographies of its great figures biographies which are highly readable without oversimplifying the ideas of these great figures This is an outstanding entryway into the rich and deep world of Christian mysticism recommended for readers of all backgrounds Michael Sells Professor of Comparative Religions Haverford College

Weird Mysticism Brad Baumgartner, 2020-11-17 *Weird Mysticism* identifies and evaluates a new category of theoretical inquiry by showing the influence of speculative writing on three intersecting critical categories horror fiction apophatic mysticism and philosophical pessimism Exploring the work of Thomas Ligotti Georges Bataille and E M Cioran Baumgartner argues that these weird mystics employ an innovative mode of negative writing that seeks to merge new conceptions of reality While exploring perennial questions about the absolute the Outside and other philosophical concepts these authors push the limits of representation experimenting with literary form genre bending and aphoristic discourse As their works reveal the category of weird mysticism both conjoins and obscures the link between traditional mysticism and philosophical horror fiction with weirdness itself being the central magnet that draws the seemingly disparate realms of horror fiction

philosophy and mysticism together Highlighting the theoretical stakes of the horror genre Baumgartner's study reveals how the mystical potentially recuperates the limits of philosophical thinking enabling reflection on and possibly challenging the limits of human understanding

The Modern Christian Mystic Albert J. LaChance, 2007 In this new work Albert LaChance presents a complete reframing of Christianity as an experiential rather than dogmatic approach to the presence of Christ It emphasizes the idea of Christ as the source and sustainer of the cosmos the Earth the life community and global culture As such it takes a unitive approach with Christianity understood as being in mystical union with global culture and with the ecological realities of the Earth In the author's view Christianity thus joins hands with Buddhism Hinduism and Taoism in a unitive oneness with all that is Consisting of twenty eight short chapters *The Modern Christian Mystic* focuses on the presence of God permeating and organizing the beginning of existence in the form of consciousness giving birth to energy and then the material reality of the universe The author argues that just as St Augustine introduced the pagan Plato to Christianity and a millennium later St Thomas Aquinas revitalized his faith with the pagan philosophy of Aristotle so in the modern age the non theism of Buddhism Taoism and Hinduism holds the key to a revived mystical practice *The Modern Christian Mystic* posits a nurturing new world based on commonality rather than conflict in the world of spirit
