reissue of the acclaimed surreal noir collaboration between Mexico s greatest writer and its most courageous revolutionary Transatlantic Mysteries William J. Nichols,2011 Transatlantic Mysteries presents a comparative study that brings together authors Paco Ignacio Taibo II and Manuel V zquez Montalb n from two specific political contexts post 1968 Mexico and post Franco Spain who both work in one specific genre noir detective fiction In this so called age of globalization Spain

and Mexico have witnessed an explosion in the production of noir detective fiction which these authors choose purposefully in order to infiltrate the market with formulaic popular literature while simultaneously critiquing the effects of the neoliberal strategies embraced by their countries. By locating themselves at the crossroads where literature meets the market they not only underscore the effects of capital on literary and cultural production but also explore the possibility for their writing to resist the influences of capital and question the role of an intellectual in an era of globalization. At the core of their writing Taibo and Viquez Montalbán examine the revolutionary possibilities of literature and popular culture to offer a new kind of Marxist project that revitalizes the Left by redefining the role of socially engaged literature in a globalized landscape.

Waking from the Dream Louise E. Walker, 2013-02-20 When the postwar boom began to dissipate in the late 1960s Mexico's middle classes awoke to a new economically terrifying world. And following massacres of students at peaceful protests in 1968 and 1971 one party control of Mexican politics dissipated as well. The ruling Institutional Revolutionary Party struggled to recover its legitimacy but instead saw its support begin to erode. In the following decades Mexico's middle classes ended up shaping the history of economic and political crisis facilitating the emergence of neo liberalism and the transition to democracy. Waking from the Dream tells the story of this profound change from state led development to neo liberalism and from a one party state to electoral democracy. It describes the fraught history of these tectonic shifts as politicians and citizens experimented with different strategies to end a series of crises. In the first study to dig deeply into the drama of the middle classes in this period Walker shows how the most consequential struggles over Mexico's economy and political system occurred between the middle classes and the ruling party.

Artful Assassins Fernando Fabio Sanchez, 2010-11-29 The grim role of violence in shaping modern Mexican identity. *Hispanic and Luso-Brazilian Detective Fiction* Renée W. Craig-Odders, Jacky Collins, Glen S. Close, 2006-03-20 The image of the hard boiled private investigator from gritty pulp fiction, a terse and mysterious figure, has become increasingly universal as the detective novel crosses more and more borders. A booming genre in Latin America, Spain and other Hispanic cultures, detective fiction has transcended the limitations of its influences. Hispanic authors, relatively new to the genre, have published novels and series popular with the public while a number of well known writers have adapted the genre to reflect the concurrent globalization of modern society and the crimes within it. This volume presents a compilation of 11 critical essays on the contemporary detective fiction in the Hispanic and Luso-Brazilian canon. Surveying the last twenty years, the text analyzes emerging trends in this rapidly evolving genre as well as the mutations and innovations taking place within the style. The first section of the book is dedicated to the detective fiction of Spain and Portugal. The second section surveys works from Latin America and the United States where topics touch on universal subjects like crime, identity and feminism.

Revolution and Rebellion in Mexican Film Niamh Thornton, 2013-08-15 Revolution and Rebellion in Mexican Film examines Mexican films of political conflict from the early studio Revolutionary films of the 1930-50s up to the campaigning Zapatista films of the 2000s. Mapping this

evolution out for the first time the author takes three key events under consideration the Mexican Revolution 1910 1920 the student movement and massacre in 1968 and finally the more recent Zapatista Rebellion 1994 present Analyzing films such as *Vamamos con Pancho Villa* 1936 *El Grito* 1968 and *Corazon del Tiempo* 2008 the author uses the term political conflict to refer to those violent disturbances dramatic periods of confrontation injury and death which characterize particular historical events involving state and non state actors that may have a finite duration but have a long lasting legacy on the nation These conflicts have been an important component of Mexican film since its inception and include studio productions documentaries and independent films

Violence and Naming David E. Johnson, 2019-04-15 Reclaiming the notion of literature as an institution essential for reflecting on the violence of culture history and politics *Violence and Naming* exposes the tension between the irreducible constitutive violence of language and the reducible empirical violation of others Focusing on an array of literary artifacts from works by journalists such as Elena Poniatowska and Sergio Gonz lez Rodr guez to the Zapatista communiqu s to Roberto Bola o s *The Savage Detectives* and 2666 this examination demonstrates that Mexican culture takes place as a struggle over naming with severe implications for the rights and lives of women and indigenous persons Through rereadings of the Conquest of Mexico the northern Mexican femicide the Zapatista uprising in Chiapas the disappearance of the forty three students at Iguala in 2014 and the 1999 abortion rights scandal centering on Paulina which revealed the tenuousness of women s constitutionally protected reproductive rights in Mexico *Violence and Naming* asks how societies can respond to violence without violating the other This essential question is relevant not only to contemporary Mexico but to all struggles for democracy that promise equality but instead perpetuate incessant cycles of repression
