**Politics, Law and the Church** Gregory M. Faulhaber, 1996 Politics Law and the Church examines the proper relationship between one's faith and politics. This involves issues of religious freedom, conscience, obedience to authority, political compromise, and other matters which touch upon the core convictions of any society. Gregory M. Faulhaber examines these issues through the exchange between Mario M. Cuomo, former Governor of New York State, and John J. O'Connor, Cardinal Archbishop of New York.

*Separation of Church and State* Philip HAMBURGER, 2009-06-30 In a powerful challenge to conventional wisdom, Philip Hamburger argues that the separation of church and state has no historical foundation in the First Amendment. The detailed evidence assembled here shows that eighteenth-century Americans almost never invoked this principle. Although Thomas Jefferson and others retrospectively claimed that the First Amendment separated church and state, separation became part of American constitutional law only much later. Hamburger shows that separation became a constitutional freedom largely through fear and prejudice. Jefferson supported separation out of hostility to the Federalist clergy of New England. Nativist Protestants, ranging from nineteenth-century Know Nothings to twentieth-century members of the KKK, adopted the principle of separation to restrict the role of Catholics in public life. Gradually, these Protestants were joined by theologically liberal anti-Christian secularists who hoped that separation would limit Christianity and all other distinct religions. Eventually, a wide range of men and women called for separation. Almost all of these Americans feared ecclesiastical authority, particularly that of the Catholic Church, and in response to their fears, they increasingly perceived religious liberty to require a separation of church from state. American religious liberty was thus redefined and even transformed. In the process, the First Amendment was often used as an instrument of intolerance and discrimination.
