Muhammad Christ:

Jesus and Muhammad Mark A. Gabriel, 2004 This volume explores the surprising similarities and differences between two of the most important religious leaders of all time Jesus and Muhammad Born into a Muslim family in Egypt Gabriel is a converted Christian and former professor of Islamic history at Al Azhar University in Cairo

Christ, Muhammad and I Muḥammad Ghāzūlī, 2007-04 Mohammad Al Ghazoli was raised a Muslim But the more he read the ancient literature of Islam the more convinced he became that Allah could not be the True God And the more he studied the life of Muhammad the more obvious it became that Muhammad was not God's prophet Then one day someone placed a Bible in his hands and said Read Soon Ghazoli had found the True God and forgiveness through His Son This book isn't just Ghazoli's testimony It is much more than that It contains the facts from the literature of Islam that shows why Allah can't possibly be the True God It gives proof from Islam itself that whenever Muhammad wanted more wives or riches or when he had a problem Gabriel was always standing by ready to give another verse to exempt Muhammad from the law and morality How convenient Many of the stories in the book will be unfamiliar to the Western reader but very familiar to Muslims It is this inside view of things that makes the book so powerful as a witnessing tool for Muslims Over and over again Ghazoli asks Is this the behavior of a prophet who was sent by God What kind of god would send a prophet like that The arguments contained in this book will give you powerful evidence you can show to Muslims you may try to witness to Because it is written by a respected Arab writer who was an advisor to the Arab league and even to Libyan ruler Qaddafi you can give the book to a Muslim and tell him Read Learn about The 220 contradictions in the Quran Verses which reverse and replace prior verses Did Allah make a mistake The verses used to justify terrorism Even the Quran admits Jesus was crucified Then it denies it Muhammad's 23 marriages including one to a little girl

The Qur'an in Christian-Muslim Dialogue Corrie Block, 2013-10-08 Offering an analysis of Christian Muslim dialogue across four centuries this book highlights those voices of ecumenical tone which have more often used the Qur'an for drawing the two faiths together rather than pushing them apart and amplifies the voice of the Qur'an itself Finding that there is tremendous ecumenical ground between Christianity and Islam in the voices of their own scholars this book ranges from a period of declining ecumenism during the first three centuries of Islam to a period of resurging ecumenism during the most recent century until now Among the ecumenical voices in the Christian Muslim dialogue this book points out that the Qur'an itself is possibly the strongest of those voices These findings are cause for and evidence of hope for the Christian Muslim relationship that although agreement may never be reached dialogue has led at times to very real mutual understanding and appreciation of the religious other Providing a tool for those pursuing understanding and mutual appreciation between the Islamic and Christian faiths this book will be of interest to scholars and students of Islam the Qur'an and the history of Christian Muslim relations
