Muhammad In Europe A Thousand Years Of Western Myth Making:

Muhammad in Europe Minou Reeves, P. J. Stewart, 2003-11 Reveals rivalry and confrontation but also fascination for the exotic as she points out clichés and distortions that have shaped western views of Islam and its founder Book News Inc
Generations of Western writers from the Crusades to the present Constructing the Image of Muhammad in Europe Avinoam Shalem, 2013-06-26 the volume represents a significant contribution to the complex history of the conceptualization and pictorialization of the Prophet Muhammad in the West It gives a rapid and though deep overview of the history of the making of an image of the Prophet Muhammad in Europe and thus reflects the whole history of the making of the image of Islam in the Latin West from the early medieval times till the 19th century The book also provides the reader with ready access to the most recent scholarship concerning the image of Muhammad in Europe in the form of comprehensive footnotes provided throughout the text and an extensive bibliography *Islam and Warfare* Onder Bakircioglu, 2014-10-30 The question of how Islamic law regulates the notions of just recourse to and just conduct in war has long been the topic of heated controversy and is often subject to oversimplification in scholarship and journalism This book traces the rationale for aggression within the Islamic tradition and assesses the meaning and evolution of the contentious concept of jihad The book reveals that there has never been a unified position on what Islamic warfare tangibly entails due to the complexity of relevant sources and discordant historical dynamics that have shaped the contours of jihad Onder Bakircioglu advocates a dynamic reading of Islamic law and military tradition one which prioritises the demands of contemporary international relations and considers the meaning and application of jihad as contingent on the socio political forces of each historical epoch This book will be of great interest to scholars and students of international law Islamic law war and security studies and the law of armed conflict Islam compiled from Wikipedia entries and published by Dr Googelberg, *Hebrew Union College Annual* (95) Hebrew Union College Press, 2024-12-31 The Hebrew Union College Annual is the flagship journal of Hebrew Union College Press and the primary face of Hebrew Union College Jewish Institute of Religion to the academic world With a history spanning nearly a century it stands as a chronicle of Jewish scholarship through the twentieth century and into the twenty first *Contesting Islam, Constructing Race and Sexuality* Sunera Thobani, 2020-12-10 The current political standoffs of the War on Terror illustrate that the interaction within and between the so called Western and Middle Eastern civilizations is constantly in flux A recurring theme however is how Islam and Muslims signify the Enemy in the Western socio cultural imagination and have become the Other against which the West identifies itself In a unique and insightful blend of critical race feminist and post colonial theory Sunera Thobani examines how Islam is foundational to the formation of Western identity at critical points in its history including the Crusades the Reconquista and the colonial period More specifically she explores how masculinity and femininity are formed at such pivotal junctures and what role feminism has played in the wars against radical Islam Exposing these symbiotic relationships Thobani explores how the return of religion is

reworking the racial gender and sexual politics by which Western society defines itself and more specifically defines itself against Islam Contesting Islam Constructing Race and Sexuality unpacks conventional as well as unconventional orthodoxies to open up new spaces in how we think about sexual and racial identity in the West and the crucial role that Islam has had and continues to have in its development **Engaging the Other** K. Karim,M. Eid,2014-12-16 Addressing the specific contexts of communal leadership educational policy inter communal relations legal reform media production public discourse public opinion and responses to government policy this volume examines Western Muslim relations and makes proposals for enhancing Self Other interaction to improve societal harmony *Islam in a Post-Secular Society* Dustin Byrd,2017-04-11 Islam in the Post Secular Society Religion Secularity and the Antagonism of Recalcitrant Faith critically examines the unique challenges facing Muslims in Europe and North America From the philosophical perspective of the Frankfurt School s Critical Theory this book attempts not only to diagnose the current problems stemming from a marginalization of Islam in the secular West but also to offer a proposal for a Habermasian discourse between the religious and the secular By highlighting historical examples of Islamic and western rapprochement and rejecting the clash of civilization thesis the author attempts to find a common language between the religious and the secular which can serve as a vehicle for a future reconciliation
