Mujer con sombrero Panamá Edgardo Rodríguez Juliá, 1995 **Mujer con sombrero Panamá** Edgardo Rodríguez Juliá, 2004 *Nuevas coordenadas de la literatura puertorriqueña* Wanda Cosme, 2007 *Malady and Genius* Benigno Trigo, 2016-05-19

Malady and Genius examines the recurring theme of self sacrifice in Puerto Rican literature during the second half of the twentieth and the beginning of the twenty first centuries Interpreting these scenes through the works of Frantz Fanon Kelly Oliver and Julia Kristeva Benigno Trigo focuses on the context of colonialism and explains the meaning of this recurring theme as a mode of survival under a colonial condition that has lasted more than five hundred years in the oldest colony in the world Trigo engages a number of works in Latino and Puerto Rican studies that have of late reconsidered the value of a psychoanalytic approach to texts and cultural material and also different methodologies including post colonial theory cultural studies and queer studies

San Juan Edgardo Rodríguez Juliá, 2007-07-16

San Juan Memoir of a City conducts readers through Puerto Rico's capital guided by one of its most graceful and reflective writers Edgardo Rodríguez Juliá No mere sightseeing tour this is culture through immersion a circuit of San Juan's historical and intellectual vistas as well as its architecture In the allusive cityscape he recreates Rodríguez Juliá invokes the ghosts of his childhood of San Juan's elder literati and of characters from his own novels On the most tangible level the city is a place of cabarets and cockfighting clubs flappers and beach bums smoke filled bars and honking automobiles Poised between a colonial past and a commercial future the San Juan he portrays feels at times perilously close to the pitfalls of modernization Tenement houses and fading mansions yield to strip malls and Tastee Freezes asphalt hems in jacarandas and palm trees In Puerto Rico he muses life is not simply cruel it is also busy erasing our tracks Through this book available here in English for the first time Rodríguez Juliá resists that erasure thoughtfully etching a palimpsest that preserves images of the city where he grew up and rejoicing in the one where he still lives Best Books for Regional General Audiences selected by the American Association of School Librarians and the Public Library Association

Into the Mainstream Jorge Febles, 2009-03-26

Into the Mainstream Essays on Spanish American and Latino Literature and Culture is a direct outgrowth of Jorge Febles's involvement with the annual conference of the American Culture Association and the Popular Culture Association In that sense the compilation expands on a project initiated in 1993 by Helen Ryan Ransom with her book *Imagination Emblems and Expressions* Essays on Latin American Caribbean and Continental Culture and Identity Bowling Green Ohio Bowling Green State University Popular Press 1993 David William Foster who penned a lengthy preface to that collection justified its intent by underscoring The very fact that our approach to culture is dominated by categories based on high academic institutionalized phenomena poses from the very outset the question of how to deal with all those other cultural manifestations that do not comfortably assimilate to the accepted canon Ryan Ransom 3 The past fourteen years however have witnessed a radical transformation of that so called canon due to the widespread acceptance of ideas espoused by cultural theorists like García Canclini Homi Bhabha Said

Stuart Hall Benhabib Bourdieu and countless others Therefore the ambivalence regarding what constitutes culture identified by Foster is inoperative nowadays to a substantial degree In fact a fundamental component of the postmodern outlook resides in the ability to blend comfortably the high and the low the elitist and the popular realms of production in a multiplicity of textual artifacts creative as well as critical in nature Hence the essays that conform Into the Mainstream do not question barriers anymore nor do they expound on the need to assign a discursive intellectual space to matters pertaining to popular culture Thus this collection espouses an inclusive approach in which a variety of analytical approaches coalesce to reflect on an equally kaleidoscopic textuality Pursuant to its comprehensive nature Into the Mainstream airs established as well as developing critical voices so as to reflect both ideological continuity and evolving viewpoints Scholars who have compiled strong academic records like Hortensia Morell Raquel Rivas Rojas Elsa Gilmore David Petreman and Benjamin Torres Caballero share a venue with younger critics like Corey Shouse Tourino Roberto Vela C rdova Stacy Hoult Eduardo del R o Bruce Campbell Laura Redruello Dinora Cardoso and April Marshall as well as with two graduate students about to complete their academic preparation Nuria Ib ez Quintana and Mar a Teresa Vera Rojas The result is an eclectic compilation meant to elicit discussion on the basis of its variety Into the Mainstream s primordial objective is to place these provocative essays which are expanded versions of papers presented during the annual gathering of the American Culture Association and the Popular Culture Association in the period 2002 2005 along with the numerous subjects they treat in the academic mainstream where they rightfully belong
