El humor de las argentinas Paulina Juszko,2000 **Destape** Natalia Milanesio,2019-10-01 Under dictatorship in Argentina sex and sexuality were regulated to the point where sex education explicit images and even suggestive material were prohibited With the return to democracy in 1983 Argentines experienced new freedoms including sexual freedoms The explosion of the availability and ubiquity of sexual material became known as the destape and it uncovered sexuality in provocative ways This was a mass media phenomenon but it went beyond this It was in effect a deeper process of change in sexual ideologies and practices By exploring the boom of sex therapy and sexology the fight for the implementation of sex education in schools the expansion of family planning services and of organizations dedicated to sexual health care and the centrality of discussions on sexuality in feminist and gay organizations Milanesio shows that the destape was a profound transformation of the way Argentines talked understood and experienced sexuality a change in manners morals and personal freedoms *Ser padres, ser hijos* Mario Izcovich,2017-02-03 La originalidad de este libro reside en el hecho de que no habla solo de los adolescentes sino de los padres mismos La adolescencia de nuestros hijos pone en cuestion muchas de nuestras certidumbres y nos enfrenta a nuevas reflexiones valores creencias el cambio generacional y el paso del tiempo nuestras frustraciones Por tanto si bien se trata de un momento de crisis vital para los adolescentes también supone un momento de cuestionamiento al mismo tiempo que un mundo de oportunidades para los propios padres Convengamos que hay algo de arte en el ser padres algo creativo pues no hay dos padres o madres iguales y no se crean dos hijos de la misma manera En esta obra no pretendemos por tanto enseñar a ser padres cada familia es un mundo y cada una ha de realizar su propio recorrido Este libro surge a partir de la enriquecedora experiencia de los encuentros con padres de adolescentes padres y

madres que han compartido problemáticas dudas y temores Hemos reunido en esta obra sus preocupaciones pero también sus soluciones y las nuevas posibilidades de encuentro con sus hijos este es un libro dirigido a padres y es también una herramienta muy útil para los profesionales que trabajen en el campo de la adolescencia esta etapa que nos plantea tantos y tan interesantes retos

Purple Brains Annabelle Dufourcq, Annemie Halsema, Katrine Smiet, Karen Vintges, 2024-05-16 Feminist philosophy seems to always exceed its own limits it is dynamic shifting and in dialogue with other academic disciplines The adjective feminist marks not so much a specific subfield of philosophy or topic that is studied but a political sensibility an engagement in practicing philosophy The playful title Purple Brains indicates a thinking that goes beyond established binaries notably the gender binary signified by the colors pink and blue As feminists we face the challenge of finding our own place and inventing ways to understand and overcome discrimination and exclusion Situated within a world we want to change feminists cannot afford to reject unlikely interlocutors out of hand but must instead engage in interdisciplinary intergenerational and cross-fertilizing dialogues This volume brings together 19 articles that practice feminist philosophy through an engagement with the work of Dutch philosopher Veronica Vasterling As one of the pioneering women philosophers active in Dutch academia since the mid 1980s Vasterling explicitly expanded her outlook to embrace feminist themes and authors She stands out as a prominent figure in the exploration of the boundaries of feminism through critical dialogue across multiple perspectives Her work not only explores neuropsychology through a feminist lens but also extends into domains such as critical phenomenology of gender and race critical hermeneutics and subjects including sexual difference the philosophical oeuvre of Hannah Arendt and that of Judith Butler
