Mujeres Impresionistas La Otra Mirada

Guillaume Ambroise, Musée des beaux-arts, Patrick Ségura, Dominique Vazquez

Mujeres Impresionistas La Otra Mirada:

Mujeres impresionistas Xavier Bray, Bill Scott, Juliet Wilson-Bareau, 2001 Este volumen es el resultado de la exposición dedicada a la contribución femenina al movimiento impresionista. Así con la reunión de más de setenta obras de Mary Cassatt 1844-1926, Marie Bracquemond 1840-1916, Eva Gonzalés 1849-1883 y Berthe Morisot 1841-1895, la muestra da a conocer la contribución de estas cuatro pintoras al proceso de innovación técnica y estética emprendida por el impresionismo. *Mujeres impresionistas*, 2001* *Impressionism* John I. Clancy, 2003. Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush. Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet, Cézanne, Renoir, Degas and van Gogh. Basically impressionism involved the shedding of traditional painting methods. The subjects of art were taken from everyday life as opposed to the pages of mythology and history. In addition, each artist painted to express feelings of the moment instead of hewing to time-honoured standards. This description of impressionism obviously is quite broad and can apply to a wide array of styles. Nonetheless, it remains a very important school in the annals of art. Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world. This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history's most revered painters. Following this overview is a substantial and selective bibliography featuring access through author, title and subject indexes.

Arte y feminismo Ma Teresa Alario, 2016-06-30. La ideología basada en el sistema patriarcal impuesta durante siglos ha negado secularmente a las mujeres la capacidad de crear, tras relegarlas al espacio doméstico y a las tareas reproductivas, convirtiendo en natural una división del trabajo que las apartaba de cualquier posibilidad de ser consideradas como artistas, recluyéndolas en los papeles de musa y modelo. Una ideología que ha puesto en el centro del mundo al varón con la consecuente marginalización de lo femenino. Durante la mayor parte de la historia de la Humanidad, las artistas se sometieron a los condicionantes socioartísticos que marcaban lo que debía definir las creaciones femeninas. Así, entre la ocultación y el sometimiento, pocas artistas se atrevieron a reflejar las verdaderas condiciones de vida de las mujeres, ni a llevar a sus obras sus reivindicaciones y su visión del mundo. A pesar de las imposiciones ideológicas, la resistencia al orden patriarcal dio lugar al feminismo en su doble vertiente de pensamiento y movimiento, con un eco social variable entre los siglos XVIII y XX. Ello no podía dejar de ejercer un impacto sobre la práctica artística. La intención de la obra es detenerse en aquellas autoras que, a pesar de no haber estado conscientemente unidas y articulado un grupo con el propósito de destacar la experiencia femenina, manifiestan a través de su obra una conciencia y valoración de esta, hasta llegar a la generación de una teoría y una práctica artísticas decididamente feministas en las últimas décadas del siglo XX. **Berthe Morisot - regards pluriels** Maïthé
