Las mujeres latinoamericanas y sus migraciones María José Magliano, Ana Inés Mallimaci Barral, 2018-11-14 Este libro se enmarca en las preocupaciones actuales por conceptualizar las migraciones internacionales desde miradas teóricas metodológicas que contemplen al género como una categoría central de análisis En las últimas décadas en un contexto de consolidación del campo de estudios migratorios desde perspectivas de género se han arribado a algunos

consensos en torno a la importancia de dicha categoría para pensar distintos procesos sociales. Entre ellos la premisa de que el género en tanto relación social fundamental genera asientos y conforma patrones de migración. Las mujeres latinoamericanas y sus migraciones reflejan algunas de las ponencias presentadas en el simposio del mismo nombre del LIV Congreso Internacional de Americanistas ICA que tuvo lugar en Viena en julio del año 2012.

Futuring Our Past Espin, Orlando, Macy, Gary, 2014-04-10. The Catholic understanding of Tradition is not just about the preservation of ancient practices or customs; it is the process by which the faith is handed on, traditioned from one generation to another. The essays in this volume by scholars from a wide range of disciplines center on two questions: How is the Christian tradition traditioned among Latinos? And what impact does this traditioning have on the Tradition? **Futuring our Past** is the first volume in a new Orbis series published in cooperation with the Center for the Study of Latino Catholicism at the University of San Diego. Aside from the editors, contributors include Bernard Cooke, Miguel H. Díaz, Michelle González, José R. Irizarry, Francisco Lozada Jr., Daisy L. Machado, Nancy Pineda, Madrid Gary Riebe, Estrella Jean Pierre Ruiz, and Theresa Torres.

Engendering Wealth And Well-being Rae Lesser Blumberg, Cathy Rakowski, Irene Tinker, Michael Monteon, 2018-02-19. The new international division of labor and the imposition of structural adjustment on Third World countries has necessitated a reexamination of development policies and a reevaluation of the role of gender in their success or failure. Although women often bear the heaviest burden under structural adjustment, there is also considerable evidence of women being empowered through their responses to the challenges of economic restructuring. Based on case study material from Eastern Europe, the Islamic nations, Africa, China, and Latin America, this volume explores the significant contributions women make to the wealth and well-being of their families and nations. The contributors argue persuasively that women may hold the key to sustainable development, an increasingly critical issue at a time when policymakers are reconsidering the full costs and benefits of a growth-fixated development model. One of the first to embody the new gender and development paradigm, this book reports on research at the frontiers of knowledge and theory about the gendered outcomes of economic transformation, restructuring, and social change. By incorporating voices from the South, it makes a provocative addition to our understanding of the political economy of development and of the relationship between world ecology and the world economy.

Mujeres almerienses represaliadas en la posguerra española (1939-1950) María Dolores Ruiz Expósito, 2008-11-19.

El trabajo de cuidados Cristina Carrasco, 2019-07-09. El trabajo de cuidados: historia, teoría y políticas. recupera y avanza en los debates en torno al trabajo de cuidados, un trabajo imprescindible para la reproducción social y el bienestar cotidiano de las personas que continúa siendo responsabilidad casi exclusiva de las mujeres, pero que resulta de vital importancia para toda la sociedad. Desde hace casi cuarenta años este interés ha ido aumentando progresivamente entre quienes se ocupan y preocupan del bienestar en las sociedades contemporáneas, especialmente en el pensamiento feminista que ha mostrado que las tareas de atención y cuidado de la vida de las personas son labores imprescindibles para la reproducción social y el bienestar cotidiano. Esta nueva edición

actualizada y ampliada recoge una selección de artículos de obligada referencia sobre la temática escritos por destacadas especialistas en historia sociológica o económica. Se trata así desde una perspectiva interdisciplinar el trabajo de cuidados en sus distintas dimensiones remunerado o no ofrecido desde el sector privado o público y en sus aspectos objetivos o más subjetivos.

La mujer azteca María Rodríguez-Shadow, 1991. La obra de María J. Rodríguez Shadow sobre La mujer azteca representa una contribución novedosa al campo de los estudios sobre la problemática femenina en las sociedades del pasado. Este libro es de hecho pionero pues las relaciones entre los géneros en la antigua sociedad mexicana ha sido un aspecto poco estudiado. Aquí la autora realiza una revisión exhaustiva de las crónicas y analiza de manera crítica a partir de esos datos las relaciones entre los sexos no sólo desde la perspectiva interna de la estructura familiar sino también en el contexto de la economía política y las implicaciones sociales e ideológicas de estas relaciones.

Freethinkers and Labor Leaders María Teresa Fernández Aceves, Solitude and Compassion Gordon, Gus, 2014-04-10. Richard Rohr says about this book and its author that the only authors worth reading are those who have done their homework the homework of their own life and the study of other great minds and hearts. Gus Gordon has done both. Here you will reap and enjoy the rewards. By showing the deep connections between solitude and solidarity he reveals the very heart of the Gospel.
