Hollywood and History Jem Duducu,2023-09-15 There is no shortage of Hollywood films about historical events but what do the movies actually get right and why do they get so much wrong Hollywood loves a story good guys versus bad guys heroes winning the day and the guy gets the girl But we all know real life isn t exactly like that and this is even more true when we look at history Rarely do the just prevail and the three act

story cannot exist over continents and decades of human interaction So when Hollywood decides to exploit history for profit we end up with a wide array of films Some are comedies like Monty Python and the Holy Grail others are little more than action films playing dress up like Gladiator and many are Oscar contenders burdened with an enormous sense of self importance But very few are historically accurate From Cleopatra to Da 5 Bloods the reality is no matter what Hollywood s intentions are almost all historical films are an exaggeration or distortion of what really happened Sometimes the alterations are for the sake of brevity as watching a movie in real time about the Hundred Years War would literally kill you Other additions may be out of necessity since nobody thought to write down the everyday conversations between King Henry VIII and his second wife Anne Boleyn for The Other Boleyn Girl And some projects twist the facts to suit a more sinister purpose In Hollywood and History Jem Duducu takes readers through thousands of years of global history as immortalized and ultimately fictionalized by Hollywood exploring many facets of the representation of history in movies from the medieval times to the wild west and both World Wars Along the way readers will also better understand Hollywood s own history as it evolved from black and white silent shorts to the multiplex CGI epics of today As studios and audiences have matured through the years so too have their representations of history Armies will clash leaders will be slain empires will fall and a few historical inaccuracies will be pointed out along the way A must read for film and history fans alike Discovering the Magic Kingdom Joshua C. Shaffer, 2010-09 Never before has there been such a complete unofficial Disneyland guidebook for kids of all ages Whether you are traveling for the first time or it s your family s annual trip this vacation guide has it all Discover the many exciting fun facts with this one of a kind book Discovering the Magic Kingdom An Unofficial Disneyland Vacation Guide Packed with ways to cut expenses such as planning your trip through AAA how to plan a Disney birthday or wedding hidden Mickey locations a scavenger hunt history of the parks ghost stories how to utilize Fast Passes over 100 photos and much more you ll never leave for Disneyland without it
