## **Multinationals In Latin America The Politics Of Nationalization Hardcover:**

*Multinationals in Latin America* Robert Grosse, 2013-10-11 Multinational enterprises are particularly strong in Latin America and sensitive to political and economic changes there the currently emerging debt crisis is likely to have far ranging effects This book considers multinationals in Latin America both those from inside and those from outside the region and discusses the major issues relating to them e g trans national regulation and the government business relationships It sets the discussions against the background of other work and theories of multinational enterprise Novel features include the development of the author s bargaining theory of multinational enterprise and the attempt to create a systematic method for evaluating MNE acceptability for host governments an important consideration since the relationship between multinationals and governments particularly the way a government perceives a multinational is crucial The book concludes by assessing current trends and likely future developments

*Multinationals in Latin America* Paul E. Sigmund, *British Bulletin of Publications on Latin America, the Caribbean, Portugal and Spain*, 1980 The Times of the Americas, 1981 The national newspaper about all of Latin America **Newsletter - Latin American Studies Association** Latin American Studies Association, 1979 Latin American Research Review, 1981 An interdisciplinary journal that publishes original research and surveys of current research on Latin America and the Caribbean **The British Library General Catalogue of Printed Books 1976 to 1982** British Library, 1983 *Foreign Private Manufacturing Investment and Multinational Corporations* Sanjaya Lall, 1975 Annotated bibliography on multinational enterprises and private investment foreign investment in manufacturing **Multinationals in Latin American** Paul E. increase also enables governments to bear the treaties costs by accepting international arbitration and paying any resulting compensation While previous research argues that leaders leftist ideology has driven oil and gas expropriation in Latin America my research shows that the politicians strategic calculations not their commitments to leftism better explain the causes and the timing of the nationalization processes and the way the presidents pursued their nationalistic plans      **The Multinational Corporation as a Force in Latin American Politics** Adalberto J. Pinelo,1973 Case study of the nationalization of the international petroleum company foreign owned monopoliser of the Peruvian petroleum industry to illustrate the role of a multinational enterprise as an interest group in Latin American political power struggles outlines the conflicting interests of the participants the press political partys the armed forces etc and discusses political leadership economic implications foreign investment etc Bibliography pp 159 to 171 and references      **Multinationals in Latin America** L. Liberman,S. Garcilazo,E.
