Technological Innovations, Multinational Corporations and the New International Competitiveness Jos

Molero,2013-12-19 The aim of this book is to contribute to a better understanding of those intermediate countries with specific reference to two relevant international areas those countries of southern Europe whose dynamic is very much influenced by the phases of European construction and in countries of Latin America where the opening up process has changed the traditional role played by multinational corporations Economic Development E. Wayne Nafziger,2012-03-26 Nafziger explains the reasons for the recent fast growth of India Poland Brazil China and other Pacific Rim countries and the slow yet essential growth for a turnaround of sub Saharan Africa The book is suitable for those with a background in economics principles The fifth edition of the text written by a scholar of developing countries is replete with real world examples and up to date information Nafziger discusses poverty income inequality hunger unemployment the environment and carbon dioxide emissions and the widening gap between rich including middle income and poor countries Other new components include the rise and fall of models based on Russia Japan China Taiwan Korea and North America randomized experiments to assess aid an exploration of whether information technology and mobile phones can provide poor countries with a shortcut to prosperity and a discussion of how worldwide financial crises debt and trade and capital markets affect developing countries **Dislodging Multinationals** Dennis J. Encarnation,1989 *The Policy Process in a Petro-State* César E. Baena,2019-01-04 First published in 1999 this volume focuses on the impact of democratic bargaining on the process of oil policy making in Venezuela stressing the constraints posed by politics on PVDSA s efforts to expand its foreign operations Venezuela offers a unique case and fertile ground for the study of oil policy making processes In the specialised literature very little attention has been paid to the nature and operations of multinationals from developing countries By analysing Petr leos de Venezuela S A PVDSA s international policy this unique book explores the difficulties encountered by a major state oil enterprise in its efforts to grow beyond national borders *Learning from the Japanese* E. Wayne Nafziger,2016-09-17 With the collapse of the Soviet economy in the early 1990s Japan has become the major non Western model for late developing countries This book looks at Japan s early economic modernisation to see if today s low income countries can learn any lessons *Economic Books* ,1986 **Transformation of Japanese Multinational Enterprises and Business** Shige Makino,Yasuro Uchida,Tamiko Kasahara,2024-03-30 The purpose of this book is to highlight how current successful Japanese multinational enterprises MNEs and companies have changed their business or business models in the past three decades Japanese MNEs received a lot of attention from academia and industry during the 1980s and the early 1990s and their factors for success have been compared with those of Western MNEs Unfortunately following the collapse of the bubble economy in the early 1990s international business researchers and practitioners attention has turned away from Japan and its MNEs to emerging markets notably the rapidly growing China Japanese MNEs have faced the mature domestic economy and also have had to overcome many new challenges in the twenty first century such as rapid

aging depopulation and response to new technologies Japanese MNEs and companies today are being forced to respond to new business environments never seen in the past The prerequisites for business activities have significantly changed from those of former Japanese companies and their management practices Even in such a difficult situation however many Japanese MNEs and emerging companies have achieved steady growth and have succeeded by changing their business models This book provides the reader with new directions for research and lessons by analyzing the challenges of Japanese multinational enterprises and emerging companies The redirection of attention is expected to have a positive impact on the field of international business study and practice *Women Factory Workers in Less Developed Countries* Joel, Susan, Susan Joel, 1990 Technological Innovation and Third World Multinationals Paz Estrella Tolentino, 2003-09-02 This examines the relationship between technological growth and outward direct investment from firms in Asia and Latin America which has become increasingly significant as these countries develop
