**Justin Behrend**

## **Multiparty Politics In Mississippi 1877 19:**

*Multiparty Politics in Mississippi, 1877-1902* Stephen Edward Cresswell, 1995      **Multiparty Politics in Mississippi, 1877-1902** Stephen Cresswell, 2006-11-30 A revisionary study of Mississippi's late nineteenth century image as a one party state of Democrats      Rednecks, Redeemers, and Race Stephen Cresswell, 2021-01-15 A history of the paradoxical time when the state's technology advanced and race relations deteriorated      **Portrait of a Scientific Racist** James G. Hollandsworth, Jr., 2008-11-01 In the years after Reconstruction racial tension soared as many white southerners worried about how to deal with the millions of free African Americans among them an issue they termed the negro problem In an attempt to maintain the status quo white supremacists resurrected old proslavery arguments and sought new justification in scientific theories purporting to prove people of African descent inherently inferior to whites In *Portrait of a Scientific Racist* James G Hollandsworth Jr reveals how the conjectures of one of the country's most prominent racial theorists Alfred Holt Stone helped justify a repressive racial order that relegated African Americans to the margins of southern society in the early 1900s In this revealing biography Hollandsworth examines the thoughts and motives of this renowned man focusing primarily on Stone's most intensive period of theorizing from 1900 to 1910 A committed and vocal white supremacist Stone believed black southern workers were inherently lazy a trait he attributed to their African genes and heritage He asserted that slavery helped improve the black race but that opportunities still existed during Reconstruction to mold the freedmen into efficient workers Stone's central yet unspoken goal was to devise a way to maintain an obedient productive labor force willing to work for low wages Writing from both Washington D C and his cotton plantation in the Mississippi Delta Stone published numerous essays and collected more than 3000 articles and pamphlets on the American Race Problem including those written by bitter racists and enthusiastic race boosters Though Stone lacked the credentials typically associated with scholarly experts of the time he became an authority on the subject of black Americans in part because of his close friendship with fellow scientific racist and statistician Walter F Willcox An early member of the American Economic Association and other academic groups Stone went on to serve as head scholar of a division for race studies within the Carnegie Foundation Interestingly Stone recruited W E B Du Bois and Booker T Washington to collaborate with him on a major study for the Foundation continuing his tendency to incorporate all perspectives into his study of race Hollandsworth uses Stone's extensive correspondence with Willcox Du Bois and Washington as well as his personal writings both published and unpublished to reveal the secrets of this misguided yet fascinating figure      Others Darcy Richardson, 2007-04 This engrossing narrative chronicles the period immediately following the collapse of the Greenback Labor Party in the 1880s and the subsequent rise of Populism a few years later Originating in the Midwest and the South as a political response to the increasingly painful economic distress of the nation's farmers the Populist Party the most powerful agrarian movement in American history achieved major party status in several states while electing governors in Colorado Kansas and South

Dakota In addition to winning nearly 400 state legislative races and holding five seats in the U S Senate the Populists also captured twenty two congressional seats during their high water mark in 1896 the largest bloc of third party congressmen since the Know Nothing Party of the 1850s Culminating with the party s demise in 1908 this period of rapid and unprecedented industrialization in American society also included the founding of the Socialist Party a young and virile organization led by labor leader Eugene V Debs that quickly eclipsed the older Socialist Labor Party on the American Left and witnessed the venerable Prohibitionists the country s oldest minor party briefly emerge as the leading third party movement in the United States     *A Nation under Our Feet* Steven Hahn,2005-04-30 This is the epic story of how African Americans in the six decades following slavery transformed themselves into a political people an embryonic black nation As Hahn demonstrates rural African Americans were central political actors in the great events of disunion emancipation and nation building     *Conceiving a New Republic* Charles William Calhoun,2006 He also examines their struggle to revive the experiment with the Lodge Federal Elections bill of 1890 the last serious attempt at civil rights legislation until the 1950s

**James Z. George** Timothy B. Smith,2012-03-01 When the Mississippi school boy is asked who is called the Great Commoner of public life in his state wrote Mississippi s premier historian Dunbar Rowland in 1901 he will unhesitatingly answer James Z George While George s prominence along with his white supremacist views have decreased through the decades since then many modern historians still view him as a supremely important Mississippian with one writing that George 1826 1897 was Mississippi s most important Democratic leader in the late nineteenth century Certainly the Mexican War veteran prominent lawyer and planter Civil War officer Reconstruction leader state Supreme Court chief justice and Mississippi s longest serving United States senator to that time deserves a full biography And George s importance was greater than just on the state level as other southerners copied his tactics to secure white supremacy in their own states That James Z George has never had a full academic biography is inexplicable James Z George Mississippi s Great Commoner seeks to rectify the lack of attention to George s life In doing so this volume utilizes numerous sources never or only slightly used primarily a large collection of George s letters held by his descendants and never used by historians Such wonderful sources allow a glimpse not only into the life and times of James Z George but perhaps more importantly an exploration of the man himself his traits personality and ideas The result is a picture of an extremely commonplace individual on the surface but an exceptionally complicated man underneath James Z George Mississippi s Great Commoner will bring this important Mississippi leader of the nineteenth century back into the minds of twenty first century Mississippians     **Party Affiliations**

**in the State Legislatures** Michael J. Dubin,2015-01-28 Over the years America s national elections have become focused almost exclusively on Democrats and Republicans other parties exist but rarely rise to prominence Elections at the state level on the other hand offer a livelier history with successful candidates from political parties of all stripe including Free Soil Abolitionist Anti Monopoly Farmers Alliance War Democrat Anti Masonic Socialist and many more This book lists the party

affiliation of state legislatures beginning in 1796 through the elections of 2006 Information on each state includes a summary of how its electoral process developed including the origins and stipulations of each state's constitution the terms and size of the legislature and other details pertaining to the history of the state's legislative branch Each state's chapter closes with a list of sources In all the book documents over 100 different party affiliations     The Journal of Mississippi History ,1997 Includes section Book reviews     **Encyclopedia of U.S. campaigns, elections, and electoral behavior** Kenneth F. Warren,2008-04-04 These approximately 450 articles explore all topics relevant to American political campaigns elections and electoral behaviour including some cross cultural comparisons to help place American trends in a global context     **The Southern Historian** ,1994     **Faulkner's County** Don Harrison Doyle,2001 This history of Lafayette County Mississippi uses William Faulkner's rich fictional portrait of a place and its people to illuminate the past From the arrival of Europeans in Chickasaw Indian territory in 1540 to Faulkner's death in 1962 Doyle chronicles more than four centuries of local history 27 illustrations 3 maps     **Tangled Fortunes** Kathryn Schumaker,2025-01-28 A brilliantly researched and surprising Hendrik Hartog Princeton University history of Southern segregationists long war against interracial relationships and the century long fight to restore the freedom to love marry and inherit Interracial marriage was already illegal in some American colonies as early as the 1690s But long before the Supreme Court declared that interracial couples had the right to marry in 1967 these families were far from rare It took decades of hard work by Southern lawmakers and judges to create the illusion that they were as Tangled Fortunes reveals in this new history of the rise and fall of the domestic color line In Tangled Fortunes historian Kathryn Schumaker narrates how the prohibition of interracial marriage became a priority in segregated states like Mississippi To prevent white wealth falling into Black hands state and local authorities papered over the reality of interracial relationships steered inheritances away from those who did not pass as white and hardened the lines of racist exclusion But they could neither erase the longer history of interracial relationships nor suppress the inheritance claims of biracial descendants dating back to the era of slavery Tangled Fortunes sheds new light on the ways that interracial families overcame racist laws uncovered closely kept Southern secrets and battled to reclaim Black wealth a fight that continues to this day     **The Southern Register** ,1991     **Reconstructing Democracy** Justin Behrend,2015 Within a few short years after emancipation freedpeople of the Natchez District created a new democracy in the Reconstruction era replacing the oligarchic rule of slaveholders and Confederates with a grassroots democracy that transformed the South after the Civil War     Two-Party Politics in the One-Party South Samuel L. Webb,2018-05-22 Samuel L Webb presents new evidence that contrary to popular belief voters in at least one Deep South state did not flee en masse from the Republican party after Reconstruction Instead as Webb conclusively demonstrates the party gained strength among white voters in northern Alabama's Hill Country region between 1896 and 1920     Roots of Reform Elizabeth Sanders,1999-08 Offering a revision of the understanding of the rise of the American regulatory state in the late 19th century this book argues that politically

mobilised farmers were the driving force behind most of the legislation that increased national control      *Your Heritage Will Still Remain* Michael J. Goleman, 2017-04-27 *Your Heritage Will Still Remain* details how Mississippians black and white constructed their social identity in the aftermath of the crises that transformed the state beginning with the sectional conflict and ending in the late nineteenth century Michael J Goleman focuses primarily on how Mississippians thought of their place as Americans as Confederates or as both In the midst of secession white Mississippians held firm to an American identity and easily transformed it into a Confederate identity venerating their version of American heritage After the war black Mississippians tried to etch their place within the Union and as part of transformed American society Yet they continually faced white supremacist hatred and backlash During Reconstruction radical transformations within the state forced all Mississippians to embrace deny or rethink their standing within the Union Tracing the evolution of Mississippians social identity from 1850 through the end of the century uncovers why white Mississippians felt the need to create the Lost Cause legend With personal letters diaries and journals newspaper editorials traveler s accounts memoirs reminiscences and personal histories as its sources *Your Heritage Will Still Remain* offers insights into the white creation of Mississippi s Lost Cause and into the battle for black social identity It goes on to show how these cultural hallmarks continue to impact the state even now

**Populism in the South Revisited** James M. Beeby, 2012-01-26 *The Populist Movement* was the largest mass movement for political and economic change in the history of the American South until the Civil Rights Movement of the 1950s and 1960s *The Populist Movement* in this book is defined as the Farmers Alliance and the People s Party as well as the Agricultural Wheel and Knights of Labor in the 1880s and 1890s The Populists threatened the political hegemony of the white racist southern Democratic Party during populism s high point in the mid 1890s and the populists threw the New South into a state of turmoil *Populism in the South Revisited* New Interpretations and New Departures brings together nine of the best new works on the populist movement in the South that grapple with several larger themes such as the nature of political insurgency the relationship between African Americans and whites electoral reform new economic policies and producerism and the relationship between rural and urban areas in case studies that center on several states and at the local level Each essay offers both new research and new interpretations into the causes course and consequences of the populist insurgency One essay analyzes how notions of debt informed the Populist insurgency in North Carolina the one state where the Populists achieved statewide power while another analyzes the Populists failed attempts in Grant Parish Louisiana to align with African Americans and Republicans to topple the incumbent Democrats Other topics covered include populist grassroots organizing with African Americans to stop disfranchisement in North Carolina the Knights of Labor and the relationship with populism in Georgia organizing urban populism in Dallas Texas Tom Watson s relationship with Midwest Populism the centrality of African Americans in populism a comparative analysis of Populism across the Deep South and how the rhetoric and ideology of populism impacted socialism and the Garvey movement in the early twentieth century Together these studies offer new

insights into the nature of southern populism and the legacy of the Peoples Party in the South
