

# Multiple Personality

**Raymond M. Klein, Benjamin K. Doane**

## **Multiple Personality:**

Childhood Antecedents of Multiple Personality Richard P. Kluft, 1985 Childhood Antecedents of Multiple Personality Disorder includes topics such as the effect of child abuse on the psyche the development of multiple personality disorder predisposing precipitating and perpetuating factors and the relationship among dissociation hypnosis and child abuse in the development of multiple personality disorder *Multiple Personality* Boris Sidis, Simon Philip Goodhart, 1904 *Multiple Personality* Ray Aldridge-Morris, 1991 Multiple personality syndrome is being diagnosed and treated in the United States in ever increasing numbers Indeed it is alleged that the incidence of this bizarre and striking disorder has reached epidemic proportions Clinician researchers report each seeing individually more than 100 patients whose minds have split into as many as 60 alter egos Their case histories are typified by sexual and physical abuse in childhood and some have reached notoriety in films like *Eve* and *Sybil* and in criminal records like *Bianchi the Hillside Strangler* But does multiple personality exist This monograph takes as its point of departure the virtual absence of such patients anywhere except the U S A and even then it is a relatively small number of psychologists and psychiatrists who report the overwhelming majority of cases The book provides the first comprehensive review of the burgeoning literature from the beginning of the century to the present and covers more than 300 articles and books It should prove of interest to psychologists psychiatrists psychotherapists and social workers and is an invaluable reference for students on courses in clinical and abnormal psychology as well as to practising clinicians and social workers Following an introduction to a selection of the more notable cases a number of critical issues are examined in ensuing chapters These are devoted to problems of definition and differential diagnosis aetiology psychophysiological psychometric and experimental studies attempts at theoretical explanation and the relationship between MPS hypnosis and dissociation The author a practising clinical psychologist and lecturer in psychopathology gradually develops the hypothesis that MPS is best explained under the rubric of social role theory It is argued that MPS is a culture bound variant of hysterical psychosis occurring in individuals with high hypnotisability The tentative conclusion is that even if one accepts the reality of MPS it is unhelpful to regard it as a discrete clinical entity and it is being grossly overdiagnosed Looking Inside Judy Castelli, 2001 *Looking Inside* gives the reader an intimate peek into one woman's incredible journey with multiple personalities In this amazing book Judy Castelli shares her delightful journal drawings and poetic prose Castelli learned at age forty four that she has multiple personality disorder Determined to move beyond a lifetime of mental hospitals and internal chaos she used her journals to explore the complex system of personalities that share her body Because she understood that words are sometimes not enough she encouraged her alters to speak through art The entries in *Looking Inside* are ideal to use as individual meditations and personal inspiration and would also lend themselves to use within the context of group work with DID survivors This book contains very appealing line drawings and text that come directly from Judy's journal entries Readers may recognize many of their own thoughts and emotions in this

book and can use it as a basis for their own therapeutic journaling Each entry and drawing offers the reader a wonderful opportunity to explore individually or with others the common challenges of coping with trauma as well as the joy found in healing from it *Philosophy of Personal Identity and Multiple Personality* Logi Gunnarsson,2009-09-11 This study offers both a full fledged philosophical theory of personal identity and a systematic account of multiple personality Gunnarsson combines the methods of analytic philosophy with close hermeneutic and phenomenological readings of cases from different fields focusing on psychiatric and psychological treatises self help books biographies and fiction

**Diagnosis and Treatment of Multiple Personality Disorder** Frank W. Putnam,1989-02-03 Geared to the needs of mental health practitioners unfamiliar with dissociative disorders this volume presents a comprehensive and integrated approach to diagnosis and treatment Each step from first interview to final post integrative treatment is systematically reviewed with detailed instructions on specific diagnostic and therapeutic techniques and examples of their clinical applications Concise yet thorough the volume offers expert advice on such topics as how to foster a strong therapeutic alliance how to manage crises and what basic errors to avoid

**Multiple Personalities, Multiple Disorders** Carol S. North,1993 The existence and characteristics of multiple personality disorder MPD have been debated from the time of the first case reports in the 19th century The dispute has never been resolved and MPD has become the most controversial syndrome known to mental health professionals Currently very little balanced academic material on this disorder is available and much of the literature aims to disprove its existence as a psychiatric disorder In the past general understanding of MPD was guided largely by this medical literature but in recent decades the disorder has been widely exposed to both professionals and the public through the mass media This timely work examines MPD from an empirical viewpoint describing the research that has been done on the disorder as well as providing in depth analysis of how MPD has developed over the years in relation to the media The book identifies the earliest origins of MPD in published literature and traces the course of its development as a concept to the present Existing data on MPD are presented in a detailed review of the current state of knowledge of the disorder including clinical description delineation from other disorders family history studies follow up studies and laboratory documentation The authors also point out specific areas of research that is needed before psychiatry can consider MPD an adequately validated diagnosis This critical approach is designed to provide direction to researchers in the pursuit of a better understanding of MPD and to provide clinicians with a valuable guide

Multiple Personality, Allied Disorders, and Hypnosis Eugene L. Bliss,1986 Since the time of Mesmer in the late eighteenth century spectacular feats of hypnosis have been documented by respected scientific researchers yet hypnosis has remained divorced from the main body of science In this groundbreaking work Dr Eugene Bliss shows that the hypnotic capability of the mind is important to the theory and practice of psychiatry and suggests that it deserves much more attention and research In *Multiple Personality Allied Disorders and Hypnosis* Bliss explores both the nature of multiple personality and hypnosis and discusses how an

understanding of the latter can provide insight into the nature of certain psychiatric disorders For instance he views multiple personality as a form of self hypnosis an instance of learned schizophrenia rather than an organic disorder as is generally thought He outlines the trace elements involved in multiple personality and other psychiatric disorders provides a fascinating history of the origins and current ideas about hypnosis and gives a detailed account of the use of hypnosis in the treatment of multiple personality Based on thirty years of clinical experience and filled with insightful personal observations Multiple Personality Allied Disorders and Hypnosis is an informative fascinating book for psychiatrists psychologists and anyone intrigued by hypnosis and its possible beneficial use Incest-related Syndromes of Adult Psychopathology Richard P.

Kluft,1990 Incest is a social problem of major proportions affecting the lives of one in six American women This collection of contributions from the most distinguished experts in the field examines the clinical presentations of adult patients who have suffered childhood incestuous experiences This book explores the connections between incest and somatoform disorders disturbances of the self problems in cognitive functioning borderline psychopathology the dissociative disorders posttraumatic symptoms vulnerability to revictimization Library of Congress Subject Headings Library of Congress,2011

Treatment of Multiple Personality Disorder Bennett G. Braun,1986 This book covers the multiple personality disorder

Library of Congress Subject Headings Library of Congress. Cataloging Policy and Support Office,2007 Handbook of Dissociation Larry K. Michelson,William J. Ray,2013-06-29 Within the last decade there has been a tremendous explosion in the clinical theoretical and empirical literature related to the study of dissociation Not since the work done at the turn of the century by Pierre Janet Morton Prince William James and others have the psychological and medical communities shown this great an interest in describing and understanding dissociative phenomena This volume is the result of this significant expansion Presently interest in the scientific and clinical progress in the field of dissociation is indicated by the following 1 The explosion of conferences workshops and seminars devoted to dissociative disorders treatment and research 2 The emergence of NIMH supported investigations that focus on dissociation 3 The burgeoning literature on dissociation According to a 1992 bibliographic analysis of the field by Goettman et al 1992 72% of all writings on the topic have appeared in the past decade with about 1000 published papers scattered across diverse disciplines and journals 4 Current interest in dissociation as reflected in the appearance of major articles and special issues in respected psychology and psychiatry journals 5 The initiation of a journal entitled Dissociation Richard Kluft MD Editor devoted to the area The Madwoman Can't Speak Marta Caminero-Santangelo,1998 In this work the subversive madwoman first appropriated by feminist theorists and critics is re evaluated How the author asks can such a figure be subversive if she is effectively imprisoned silent and unseen Taking issue with a prominent strand of current feminist literary criticism Caminero Santangelo identifies a counternarrative in writing by women in the last half of the 20th century one which rejects madness even as a symbolic resolution **Psychological Concepts and Dissociative Disorders** Raymond M. Klein,Benjamin K. Doane,2013-05-13 This

book is based on a symposium that was inspired by the late Donald O Hebb who in his latter years while an Honorary Professor in the Department of Psychology at Dalhousie University became very interested in the phenomenon of multiple personality and other dissociative states Hebb was troubled by the lack of understanding of dissociative behavior and through his discussions with basic science and clinical colleagues in psychology and psychiatry he became convinced that the subject would be a figurative gold mine for psychological theory and experimentation The purpose of the symposium was to bring together clinical and research scientists with an interest and expertise in dissociative phenomena such as multiple personality disorder hysteria and hypnosis This group would exchange ideas and findings discuss theory and lay the groundwork for an interdisciplinary research program into dissociative phenomena generally and more specifically into multiple personality disorder and its principal precipitating factor physical and sexual abuse in children

**Cognitive Interference** Irwin G. Sarason, Gregory R. Pierce, Barbara R. Sarason, 2014-06-03 In this volume the first synthesis of work on cognitive interference leading researchers theorists and clinicians from around the world confront a number of important questions about intrusive thoughts and suggest a challenging agenda for the future

**What's Normal?** Carol C. Donley, Sheryl Buckley, 2000 This is the companion text to The Tyranny of the Normal An Anthology It examines the issues of abnormalities in mental health intelligence and sexual behaviour Both books are comprised of literary and fictional readings and commentary by health care professionals and medical ethicists

**International Handbook of Traumatic Stress Syndromes** John P. Wilson, Beverley Raphael, 2013-06-29 Over 100 researchers from 16 countries contribute to the first comprehensive handbook on post traumatic stress disorder Eight major sections present information on assessment measurement and research protocols for trauma related to war veterans victims of torture children and the aged Clinicians and researchers will find it an indispensable reference touching on such disciplines and psychiatry psychology social work counseling sociology neurophysiology and political science

**Scientific Controversies** Peter Machamer, Marcello Pera, Aristides Baltas, 2000-04-20 Traditionally it has been thought that scientific controversies can always be resolved on the basis of empirical data Recently however social constructionists have claimed that the outcome of scientific debates is strongly influenced by non evidential factors such as the rhetorical prowess and professional clout of the participants This volume of previously unpublished essays by well known philosophers of science presents historical studies and philosophical analyses that undermine the plausibility of an extreme social constructionist perspective while also indicating the need for a richer and more realistic account of scientific rationality

**AS Level Psychology Through Diagrams** Grahame Hill, 2001 This text uses material from the first edition of Advanced Psychology Through Diagrams combined with several new pages to meet the requirements of the new AS Level examination specifications

## Multiple Personality Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Multiple Personality PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Multiple Personality PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources

available. In conclusion, the availability of Multiple Personality free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Multiple Personality Books**

1. Where can I buy Multiple Personality books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Multiple Personality book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Multiple Personality books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Multiple Personality audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Multiple Personality books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
