Holland, RN, EdD, Dr. Stanley Van Den Noort, MD, 1999-10-01 Managing multiple sclerosis with all the associated problems of a progressive chronic disease requires special knowledge on the part of the clinician From which drugs to prescribe for an acute attack to the use of new drugs available to help control the disease process to managing the myriad of symptoms and neurologic complications associated with the disease the clinician must have a full armament of tools available to be effective This book provides the basic groundwork you need to treat these patients It is designed for all physicians who manage the disease outside a comprehensive MS care center emphasizing those therapies that can be used successfully by the non MS specialist and indicating when referral is appropriate Most importantly it gives you the tools to improve the quality of life for your patients allowing them to maximize their capabilities and take advantage of all available resources **Optimal Health with Multiple Sclerosis** Allen C. Bowling, 2014-10-20 In addition to conventional medicine many people with MS also use some form of alternative medicine and there is growing evidence and interest in the effects of lifestyle factors such as diet and exercise on MS Yet until now it has been difficult to obtain unbiased and practical information about the MS relevant aspects of these non medication approaches Written by a renowned specialist in MS and alternative medicine Optimal Health with Multiple Sclerosis provides the accurate and unbiased information people with MS their friends and family health care professionals and educators need to make responsible decisions and achieve the very best outcome The Can Do Multiple Sclerosis Guide to Lifestyle Empowerment Patricia Kennedy, 2012-07-18 Incorporating exercise nutrition and positive

thinking the Guide to Lifestyle Empowerment shows you how to move the focus from what you can't do by putting it on what you can do to live fully with multiple sclerosis. When Olympic champion Jimmie Heuga founded the Can Do Multiple Sclerosis non-profit organization in 1984, people with multiple sclerosis were told to take it easy and avoid straining themselves in any way. Those days are long gone. The Can Do MS organization provides empowerment programs to more than 10,000 people in the United States and Canada each year. Some of those programs are done in collaboration with the National Multiple Sclerosis Society. In this guide, a multidisciplinary team of experts from the organization have compiled more than 20 years' worth of knowledge to share their unique approach to whole-body wellness. The lifestyle empowerment guide provides the information and motivation to help you: Get active again and stay physically fit; Manage symptoms to make every day easier; Improve your mood and tackle cognitive difficulties; Develop a plan to eat better to stay energetic and healthy; Build an MS team for complete health care.
