Trauma, Dissociation and Multiplicity Valerie Sinason, 2013-03-01 Trauma Dissociation and Multiplicity provides psychoanalytic insights into dissociation in particular Dissociative Identity Disorder DID and offers a variety of responses to the questions of self identity and dissociation With contributions from a range of clinicians from both America and Europe areas of discussion include the concept of dissociation and the current lack of understanding on this topic the verbal language of trauma and dissociation the

meaning of children's art the dissociative defence from the average to the extreme pioneering new theoretical concepts on multiple bodies This book brings together latest findings from research and neuroscience as well as examples from clinical practice and includes work from survivor writers As such this book will be of interest to specialists in the field of dissociation as well as psychoanalysts both experienced and in training This book follows on from Valerie Sinason's *Attachment Trauma and Multiplicity* Second Edition and represents a confident theoretical step forward *Attachment, Trauma and Multiplicity, Second Edition* Valerie Sinason, 2010-12-09 This Revised Edition of *Attachment Trauma and Multiplicity* investigates the subject of Dissociative Identity Disorder With brand new chapters on police work and attachment theory it has been fully updated to include new research and the latest understanding of patterns of attachment theory that lead to dissociation With contributions from psychotherapists psychiatrists psychoanalysts and service users this book covers the background history and a description of the condition along with the issues of diagnoses and treatment It also looks at the phenomenon of DID the conflicting models of the human mind that have been found to try and understand DID the political conflict over the subject including problems for the police clinical accounts and personal writing of people with DID *Attachment Trauma and Multiplicity* Second Edition will prove essential reading for therapists and mental health workers as well as being a valuable resource for graduates and researchers

**Shame and Jealousy** Phil Mollon, 2018-04-24 A volume in the Psychoanalytic Ideas Series published for the Institute of Psychoanalysis by Karnac Here shame and jealousy are examined as hidden turmoils as basic human feelings found in everyone but often suppressed and neglected An unfulfilled need unanswered plea for help and failure to connect with and understand other people are all underlying causes for shame and feeling inadequate The author argues that feelings of shame form an intrinsic part of the analytic encounter but astonishingly this shame laden quality of the psychoanalytic and psychotherapeutic setting is rarely addressed This lucidly written and much needed volume explores the profound effects shame and jealousy can have on self esteem and how this can eventually lead to a chronic condition

Self Experiences in Group, Revisited Irene Harwood, Walter Stone, Malcolm Pines, 2012-05-04 Since the publication of *Self Experiences in Group* in 1998 the first book to apply self psychology and intersubjectivity to group work there have been tremendous advancements in the areas of affect attachment infant research intersubjective regulation motivational theory neurobiology philosophy somatic understanding and trauma Carefully edited by Irene Harwood Walter Stone and Malcolm Pines *Self Experiences in Group Revisited* is a completely revised and updated application of self psychological and intersubjective perspectives to couples family and group work incorporating many of these recent findings and theories of the past decade Divided into five sections the contributors take an updated approach to the pre-nate and neonate in group couples and the family in group group theory technique and application working with trauma and group processes and artistic applications Throughout the reader is engaged in affectively understanding what is experienced by individuals in the regulation and dysregulation of self as part of the interpersonal relating learning and change that can occur

in groups Contributors Mary Dluhy Barbara Feld Darryl Feldman Vivian Gold Irene Harwood Gloria Batkin Kahn Joseph Lichtenberg Louisa Livingston Marty Livingston Jane van Loon Judy McLaughlin Ryan Malcolm Pines John Schlapobersky Robert Schulte Rosemary Segalla Emanuel Shapiro Walter Stone Paula Thomson      **Attachment-Based Clinical Work with Children and Adolescents** Joanna Ellen Bettmann, Donna Demetri Friedman, 2012-12-09 Attachment Based Social Work with Children and Adolescents is a wide ranging look at attachment theory and research its application to youth populations and its natural fit with the social work profession This book covers the applicability of attachment theory to the profession s various domains that include human behavior practice policy research and social work education In particular it addresses the broad spectrum of clinical social work including practice in a variety of public and private settings and with a number of diverse populations The book highlights the contribution of the social work profession to the development of attachment theory and research      EMDR and the Energy Therapies Phil Mollon, 2018-03-26 Eye Movement Desensitization and Reprocessing EMDR along with methods from the new field of energy psychology such as the Emotional Freedom Techniques EFT enable the rapid processing and release of traumatic memories and painful emotion In this innovative work Phil Mollon demonstrates how the perspectives of EMDR energy psychology and psychoanalysis can inform and enrich each other By summarising relevant research and providing many clinical examples Mollon has produced a challenging and invigorating scrutiny of psychoanalysis and an expanded vision of the potential for psychosomatic healing      *Trauma and Attachment* Sarah Benamer, Kate White, 2018-03-26 This monograph contains a rich variety of material that is not usually included in traditional writings on trauma In addition to the theoretical and clinical perspectives poetry and storytelling join in to weave a vivid tapestry of multifaceted approaches to trauma Whilst remaining true to its theoretical base which of course is Bowlby s attachment theory the monograph succeeds in locating its subject matter in wider perspectives thus enabling the reader to appreciate the complexity of contributing factors It is not easy to compile a single publication out of a conference yet this monograph achieves its objective by offering a coherent treatment of trauma that also includes some up to date approaches and innovations The papers are written with authority clarity and sensitivity and will provide the reader with a most beneficial elaboration of trauma from an attachment theory perspective      *Into the Darkest Places* Marcus West, 2018-11-13 This book explores the roots of borderline states of mind in early relational trauma and shows how it is possible and necessary to visit the darkest places in order to work through these traumas This is despite the fact that re experiencing such traumas is unbearable for the patient and they naturally want to enlist the analyst in ensuring that they will never be experienced again This is the backdrop for the extreme pressures and roles that are constellated in the analysis that can lead to impasse or breakdown of the analytic relationship The author explores how these areas can be negotiated safely and that whilst drawing heavily on recent developments in attachment relational trauma and infant development theory an analytic attitude needs to be maintained in order to integrate these experiences and allow the individual to feel

finally accepted and whole The book builds on Freud's views of repetition compulsion and re-enactment and develops Jung's concept of the traumatic complex      Trauma, Attachment and Family Permanence Caroline Archer, 2003-02-15 Fostered and adopted children can present major challenges resulting from unresolved attachment issues and early traumatic experiences This book provides a variety of complementary perspectives on the needs of these children and their families focusing on ways of integrating attachment theory and developmental psychology into effective practice      **Therapeutic Residential Care for Children and Young People** Patrick Tomlinson, Rudy Gonzalez, Susan Barton, 2011-09-15 This book provides a model of care for traumatized children based on theory and practice experience pioneered at the Lighthouse Foundation Australia The authors explain the impact of trauma on child development drawing on psychodynamic attachment and neurobiological trauma theories      **The Presence of the Therapist** Monica Lanyado, 2004-06-02 The Presence of the Therapist uses clinical studies based on the author's publications over the past 18 years to illustrate work with severely distressed children The reader is encouraged to enter a dialogue with the author to explore the many dilemmas and difficulties of working with a person who has become highly defensive or fearful as a result of what has happened to them This book is a highly stimulating account of psychotherapeutic practice It facilitates careful and broad thought about the therapeutic process and relationship that will improve clinical practice The practical advice on how to survive in this demanding work will be of great benefit to all psychotherapists      Clinical EFT Handbook Volume 2 Dawson Church, Stephanie Marohn, 2013-06-30 EFT Emotional Freedom Techniques is used by an estimated 10 million people worldwide Yet a lack of standardization has led to a field in which dozens of forms of EFT with varying degrees of fidelity to the original can be found This led to the establishment of Clinical EFT the form of EFT taught in the original EFT Manual and associated materials and validated in over 20 clinical trials In this volume the most noted scholars researchers and clinicians in the field compile a definitive outline of the EFT protocol as it is applied in medicine psychiatry psychotherapy and life coaching This volume covers Integrative Medical Settings Special Populations such as Children Veterans Addicts Sports and Business Performance Innovations in EFT These handbooks are essential reading for anyone wishing to understand EFT as validated in research science and best clinical practice      **Memory in Dispute** Valerie Sinason, 2018-04-17 In this opening chapter Gwen Adshead provides a careful overview of the research literature concerning the main issues in this debate She includes legal issues and child and adult memory in her remit      *A Matter of Security* Friedemann Pfafflin, Dr Gwen Adshead, 2003-09-15 It explores the psychodynamic theory of attachment and how it can be used to offer new ways of thinking when working with mental disorders in offenders Discusses the development of personality in terms of interpersonal functioning and relationships with others which is essential to understand both interpersonal violence and abnormal development      *Independent Psychoanalysis Today* Paul Williams, John Keane, Sira Dermen, 2018-03-26 Independent Psychoanalysis Today is a book that shows how contemporary Independent psychoanalysts think and work There are three

themes to the book Independent thinking including the theory of technique exploration of clinical concepts and demonstrations of ways of working by some of the most prominent Independent clinicians practicing today finally the evolution and enduring impact of Independent ideas and the influence of past Independents on present ways of working

**Working Through Setbacks in Psychotherapy** Rob Leiper, Rosemary Kent, 2001-09-18 This book will be of interest to anyone who has ever carried out therapy Sooner or later all therapists will encounter setbacks ranging from attempted suicide by a client to pre mature termination by a cross and disappointed client Leiper s book is an intelligent discussion of the types of problems that may be faced and a sensible set of suggestions for recognising and resolving them This book is recommended reading for both qualified therapists and therapists in training for all of whom it maybe both reassuring and helpful Behavioural and Cognitive Psychotherapy This fascinating thorough and enjoyable book is not only readable but is technically valuable It contains a vast amount of thought provoking material which I consider to be an invaluable resource for health care professionals from diverse orientations who work directly or indirectly with people struggling to manoeuvre in therapy and to develop the self Liz Gordon The Journal of Critical Psychology Counselling and Psychotherapy In a nutshell this elegantly written book contains a wealth of useful professional experience for readers to draw on a liberal sprinkling of diagrams and tables which helps to make it a useful teaching tool and an interesting list of references Jo King Clinical Psychology Counsellors and psychotherapists often encounter difficult situations with clients for which they feel ill prepared At any stage in the process a client may experience a crisis or setback in their progress or simply be unable to move beyond a certain point Working Through Setbacks in Psychotherapy is therefore intended to help therapists respond to such events which form major obstacles to the successful development and maintenance of the therapeutic relationship The authors present a framework for understanding the problems that arise and offer effective guidance for working through difficult situations which test the skills of even the most experienced practitioners Until now little has been written about the setbacks which can and frequently do occur in the therapeutic process and this book will no doubt be a welcome and accessible addition to the literature for practising and trainee counsellors and psychotherapists and those who supervise them

**The Presenting Past** Michael Jacobs, Dawn Freshwater, 2023-05-12 This book is essential reading for anyone interested in learning more about one of the most influential and successful approaches to therapy Julia McLeod Lecturer in Counselling Abertay University UK Every edition of a long established text begs the question what s new Michael and Dawn continue to honour the wisdom and relevance of prior editions with characteristic humour and humility This touchstone text conveys with clarity the richness of Psychodynamic approaches Paul King Assistant Professor Guidance Counselling and Education School of Human Development Dublin City University Ireland A highly respected classic text which has been thoroughly revised and extended to reflect the changed and changing landscape of therapeutic practice Keith E Walmsley Smith visiting Lecturer in Clinical Psychology Staffordshire University UK A person s past is ever present from infancy to old

age and it affects the dynamics of therapy and the therapist patient relationship Written by a key founding figure of psychodynamic counselling and now with contributions from pre eminent researcher Dawn Freshwater the bestselling *The Presenting Past* gives practicing therapists and students keen insight into the subject The theories of Freud Winnicott Klein are now complimented by attachment theory and self psychology and are organized into three main categories trust and attachment authority and autonomy and concord and challenge In this new edition Jacobs and Freshwater give psychodynamic counselling and therapy a truly human face The connections between theory and practice are highlighted through the use of compelling case examples and end of chapter exercises Combined with an approachable writing style this edition is the go to for busy professionals and trainees Fully updated to include coverage of the prevalence of social media debates about gender identity and sexuality the significance of attachment theory and attachment based practice and self psychology and its concentration upon the problems of narcissistic wound *The Presenting Past* stays wonderfully readable The book shows Jacobs at his best and is a testimony to his lifetime of experience Michael Jacobs and Dawn Freshwater provide a clear modernisation on this classic best selling text Michael Jacobs is one of the pioneers of psychodynamic counselling in Britain He developed the counselling and psychotherapy programme at the University of Leicester UK up to his retirement in 2000 Dawn Freshwater is adjunct Professor of Mental Health at the University of Leeds UK and the University of Western Australia Australia [Creative Therapies with Traumatized Children](#) Anne Bannister,2003-10-15 As a probation officer and social worker Anne Bannister has successfully used creative therapies with abused children for 25 years Combining her practical experience and recent doctoral research she reflects on how and why these therapies actually work in the healing process
