Ancient Maya Political Economies Marilyn A. Masson, David A. Freidel, 2002 Ancient Maya Political Economies examines variation in systems of economic production and exchange and how these systems supported the power networks that integrated Maya society Using models originally developed by William L. Rathje the authors explore core periphery relations the use of household analysis to reconstruct political economy and evidence for market development In doing so they challenge the conventional wisdom of decentralized Maya political authority and replace it with a more complex view of the political economic foundations of Maya civilization

The Maya and Teotihuacan Geoffrey E. Braswell,2009-07-21 The contributors to this volume present extensive new evidence from archaeology iconography and epigraphy to offer a more nuanced understanding of the interaction between the Early Classic Maya and Teotihuacan Winner Choice Outstanding Academic Book 2005 Since the 1930s archaeologists have uncovered startling evidence of interaction between the Early Classic Maya and the great empire of Teotihuacan in Central Mexico Yet the exact nature of the relationship between these two ancient Mesoamerican civilizations remains to be fully deciphered Many scholars have assumed that Teotihuacan colonized the Maya region and dominated the political or economic systems of certain key centers perhaps even giving rise to state level political organizations Others argue that Early Classic rulers merely traded with Teotihuacan and skillfully manipulated its imported exotic goods and symbol sets to increase their prestige Moving beyond these traditional assumptions the contributors to this volume present extensive new evidence from archaeology iconography and epigraphy to offer a more nuanced understanding of the interaction between the Early Classic Maya and Teotihuacan Investigating a range of Maya sites including Kaminaljuyu Cop n Tikal Altun Ha and Oxkintok they demonstrate that the influence of Teotihuacan on the Maya varied in nature and duration from site to site requiring a range of models to explain the patterns of interaction Moreover they show that the interaction was bidirectional and discuss how the Maya in turn influenced Teotihuacan

The Ceramic Sequence of Tikal T. Patrick Culbert,Laura J. Kosakowsky,2019-09-30 The two volumes of the central Tikal ceramic reports Tikal Reports 25A and 25B present the information gathered from the analysis of all ceramics recovered by the University of Pennsylvania research project at Tikal between 1956 and 1970 Tikal Report 25A Culbert 1993 contains illustrations and brief descriptive captions for all whole vessels recovered from burials caches and problematical deposits Because Tikal Report 25A illustrates the often spectacular decorated vessels from major burials it is of the most general interest for comparative purposes This volume Tikal Report 25B presents the Tikal sequence of nine ceramic complexes the analysis of the small sample of Postclassic Caban ceramics was not completed describes the ceramics from each complex presents the data for all counted lots and illustrates the material from sherd collections It is a specialist volume primarily of interest to those actively involved in research with Maya ceramics The material is complemented by data in the Tikal Reports devoted to excavations and by the analysis of nonceramic artifactual material in Tikal Reports 27A and 27B Moholy Nagy and Coe 2008 Moholy Nagy 2003

Water Politics and Spiritual Ecology Lisa Palmer, 2015-05-15 As water resources diminish with increasing population and economic pressures as well as global climate change this book addresses a subject of ever increasing local and global importance In many areas water is not only a vital resource but is also endowed with an agency and power that connects people spirit beings place and space The culmination of a decade of ethnographic research in Timor Leste this book gives a critical account of the complex social and ecological specificities of a water focused society in one of the world s newest nations Comparatively framed by international examples from Asia South America and Africa that reveal the need to incorporate and foreground cultural diversity in water governance it provides deep insight into the global challenge of combining customary and modern water governance regimes In doing so it addresses a need for sustained critical ecological inquiry into the social issues of water governance Focusing on the eastern region of Timor Leste the book explores local uses beliefs and rituals associated with water It identifies the ritual ecological practices contexts and scales through which the use negotiation over and sharing of water occurs and its influence on the entire sociocultural system Building on these findings the book proposes effective conceptual and methodological tools for advancing community engagement and draws out lessons for more integrated and sustainable water governance approaches that can be applied elsewhere This book will be of great interest to students and researchers in environmental studies environmental policy and governance *Maya Pilgrimage* Paul John Wigowsky, 2010-03 It is said that travel broadens one s horizons A pilgrimage on the other hand expands one s consciousness The end result of a pilgrimage is the capacity to see the sacredness in the places that are visited One such sacred place is the vast territory of the Maya world where thousands of pyramid temples form a network or web of interconnected sites These sites like Tikal in Guatemala and Copan in Honduras are remnants of a complex and highly advanced civilization that existed on the continent of the Americas forming what was known as the Land of the Plumed Serpent This mysterious and awe inspiring Land of the Plumed Serpent is the subject of this book Travel with the author on a pilgrimage of this land and explore the heart and soul of the Americas in Guatemala where the Maya people to this day have preserved the ancient customs traditions and religion of their ancestors Learn about Xibalba the Maya underworld the Popol Vuh Maya Bible 2012 calendar cycle Maximon the ancient Mam of Maya mythology the Milky Way the double headed serpent Kukulcan and much more Wander the streets of colonial Antigua the ancient capital of the Spanish Empire Sail the waters of Lake Atitlan the heart center of the planet and see the numerous indigenous Maya groups in their colorful traje clothing Walk on the black volcanic sand beaches of Monterrico where the turtles reenact their eternal drama of survival Climb the active volcano Pacaya and stand next to a flowing river of lava Shop at the incomparable market of Chichicastenango in the Guatemala highlands After reading this book you will marvel at the beauty of the Maya world and you will realize that the Maya consciousness is still alive and thrives in the Land of the Plumed Serpent [Lonely Planet Central America](#) Lonely Planet, Ashley Harrell, Ray Bartlett, Celeste Brash, Paul Clammer, Steve Fallon, Bridget Gleeson, Paul Harding, John Hecht, Anna

Spanish and Latin American Women's Crime Fiction in the New

Millennium Nancy Vosburg, 2017-11-06 Crime fiction written by women in Spain and Latin America since the late 1980s has been successful in shifting attention to crimes often overlooked by their male counterparts such as rape and sexual battery domestic violence child pornography pederasty and incest In the twenty first century social economic and political issues including institutional corruption class inequality criminalized oppression of immigrant women crass capitalist market forces and mediatized political and religious bodies have at their core a gendered dimension The conventions of the original noir or novela negra genre have evolved such that some women authors challenge the noir formulas by foregrounding gender concerns while others imagine new models of crime fiction that depart drastically from the old paradigms This volume highlighting such evolution in the crime fiction genre will be of interest to students teachers and scholars of crime fiction in Latin America and Spain to those interested in crime fiction by women and to readers familiar with the sub genres of crime fiction which include noir the thriller the police procedural and the cozy novel

Lentz,Nicholas P. Dunning,Vernon L. Scarborough,2015-02-23 The primary theoretical question addressed in this book focuses on the lingering concern of how the ancient Maya in the northern Pet n Basin were able to sustain large populations in the midst of a tropical forest environment during the Late Classic period This book asks how agricultural intensification was achieved and how essential resources such as water and forest products were managed in both upland areas and seasonal wetlands or bajos All of these activities were essential components of an initially sustainable land use strategy that eventually failed to meet the demands of an escalating population This spiraling disconnect with sound ecological principles undoubtedly contributed to the Maya collapse The book s findings provide insights that broaden the understanding of the rise of social complexity the expansion of the political economy specifically and in general terms the trajectory of cultural evolution of the ancient Maya civilization
