The Red List Stephen Cushman,2014-10-15 The red list of Stephen Cushman s new volume of poetry is the endangered species register and the book begins and ends with the bald eagle a bird that bounded back from the verge of extinction The volume marks the inevitability of such changes from danger to safety from certainty to uncertainty from joy to sadness and back again In a single poem that advances through wordplay and association Cushman meditates on subjects as vast as the earth s fragile ecosystem and as small as the poet s own deflated fantasy of self importance There aren t any jobs for more Jeremiahs Simultaneously teasing the present and eulogizing what has been lost Cushman speaks like a Shakespearean jester freely and foolishly but with penetrating insight The Buenos Aires Reader Diego Armus,Lisa Ubelaker Andrade,2024-09-20 The Buenos Aires Reader offers an insider s look at the diverse lived experiences of the people politics and culture of Argentina s capital city primarily from the nineteenth century to the present Refuting the tired clich that Buenos Aires is the Paris of South America this book gives a nuanced view of a city that has long been attentive to international trends yet never ceases to celebrate its local culture The vibrant opinions reflections and voices of Buenos Aires come to life through selections that range from songs poems letters and essays to interviews cartoons paintings and historical documents many of which have been translated into English for the first time These selections tell the story of the city s culture of protest and celebration its passion for soccer and sport its gastronomy and food traditions its legendary nightlife and its musical literary and artistic cultures Providing an unparalleled look at Buenos Aires s history culture and politics this volume is an ideal companion for anyone interested in this dynamic disruptive and inventive city

colección consta de 440 conferencias de Neville Goddard repartidas en 16 volúmenes. Las conferencias han sido cuidadosamente traducidas, editadas y formateadas y en la medida de lo posible están organizadas por orden cronológico. Aquellas cuyas fechas se desconocen por completo se han distribuido uniformemente entre los 16 volúmenes y se colocan al final de cada uno. Algunos volúmenes tienen más o menos conferencias porque algunas conferencias tienen más páginas y otras menos. Así pues, para que todos los volúmenes tuvieran aproximadamente el mismo número de páginas fue necesario ajustar el número de conferencias de cada volumen. Esperamos que la publicación de estas conferencias en español aporte innumerables beneficios a todos los estudiantes de mística y metafísica.
