Summary of Elizabeth Hyde Stevens's Make Art Make Money Everest Media,2022-05-22T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Art wants quality while business wants profit Great artists fight for quality expenditures while successful businessmen fight against them 2 The Gift explains why artists don t make money because art is a gift and anything that is not a gift in some sense is not art In the market economy profits start to demand giving less and charging more 3 The art of the genius is not rewarded by capitalism The art of the entrepreneur is not appreciated by society The art of the artisan is not appreciated by society and yet it is the only way to make a living as an artist 4 The artist who sells his own creations must develop a more subjective feel for the two economies and his own rituals for keeping them apart and bringing them together He must be able to disengage from the work and think of it as a commodity while also

remembering that it is worth more than just money **Retcon Game** Andrew J. Friedenthal,2017-04-03 The superhero Wolverine time travels and changes storylines On Torchwood there s a pill popped to alter memories of the past The narrative technique of retroactive continuity seems rife lately given all the world building in comics Andrew J Friedenthal deems retroactive continuity or retconning as a force with many implications for how Americans view history and culture Friedenthal examines this phenomenon in a range of media from its beginnings in comic books and now its widespread shift into television film and digital media Retconning has reached its present form as a result of the complicated workings of superhero comics In comic books and other narratives retconning often seems utilized to literally rewrite some aspect of a character s past either to keep that character more contemporary to erase stories from continuity that no longer fit or to create future story potential From comics retconning has spread extensively to long form continuity rich dramas on television such as Buffy the Vampire Slayer Lost and beyond Friedenthal explains that in a culture saturated by editable media where interest groups argue over Wikipedia pages and politicians can immediately delete questionable tweets the retcon serves as a perfect metaphor for the ways in which history and our access to information overall has become endlessly malleable In the first book to focus on this subject Friedenthal regards the editable Internet hyperlink rather than the stable printed footnote as the de facto source of information in America today To embrace retroactive continuity in fictional media means accepting that the past itself is not a stable element but rather something constantly in contentious flux Due to retconning s ubiquity within our media we have grown familiar with narratives as inherently unstable a realization that deeply affects how we understand the world **Skiing the Guggenheim** Ross A. McCoubrey,2023-10-27 I use the wall as the tapestry to weave together times throughout history Carruthers informed me We are after all connected Don t you think By the gentle sweeping of a grandfather clock s pendulum Christmas returns each year to provide us with some of our happiest and saddest memories the winter holidays binding people together in seemingly inexplicable ways even when the threads are at their thinnest Seawater creeps inside an overturned car as its trapped occupant shivers a father sees his son for the first time in years an anxious bride awaits her soldier s homecoming snow is wiped from the names on a tombstone a dog learns the mystery of the universe a hot air balloon sails with a well known nun accompanying a curmudgeon an abandoned house feels its cobwebs pushed back by a familiar hand a young man kneels before the love of his life Tie these pieces together as you sit back in your favourite armchair with a mug of cocoa or cozy up under a blanket by the fire and ski all the way to the Guggenheim A dog or cat by your side is optional but highly recommended [Fright Xmas](#) Alan-Bertaneisson Jones,2010
