For instance what if there was a way the South would have been able to win the battle of Gettysburg and with it the Civil War the Titanic had missed the iceberg we were able to build a Super Hadron Collider the circumference of the moon which then opened a parallel universe to ours and George Custer had not chosen to leave his two Gatling guns behind on his way to the Little Bighorn As the cover proclaims I have also included my literary essays short stories and personal tales for all of you And as the Koran begins Not a word of this book should you doubt Tony Morgan *Earthfast, the Dawn of a New World* Richard Thornton, 2014-05-17 Earthfast is the culmination of a lifetime of architectural practice and seven years of concentrated research The journey began when archeologists at the American Museum of Natural History asked Richard to prepare architectural drawings of the Mission Santa Catalina de Guale on St Catherines Island GA One discovery led to another A big black hole in American history was filled by reading dozens of obscure 16th and 17th century books plus visiting many archaeological sites Being Creek Indian Richard was able to discern evidence from passages on Native Americans that were missed by earlier scholars This is the first book to comprehensively examine the architecture and planning practices of the early French Spanish and English colonies It is unique Richard Thornton is a professional Architect City Planner with degrees from Georgia Tech and Georgie State University He is the national Architecture columnist for the Examiner and appeared on the premier of the History Channel s America Unearthed *The Magician Murders* Josh Lanyon, 2018-03-31 Nothing up his sleeves Nothing but murder Jason West hot shot special agent with the FBI s Art Crime Team is at the Wyoming home of Behavioral Analysis Unit Chief Sam Kennedy recuperating from a recent hit and run accident when he s asked to consult on the theft of a priceless collection of vintage magic posters But before Jason can say presto change o the owner of the art collection turns up murdered in a National Forest When the dead man is revealed to be the Kubla Khanjurer a much hated part time magician accused of revealing the highly guarded secrets of professional illusionists it seems clear this is a simple revenge killing until Jason realizes an earlier suspicious death at the trendy magic club Top Hat White Rabbit might be part of the same larger and more sinister pattern
