Bailey, 2016-05-27 For five decades no American filmmaker has been as prolific or as paradoxical as Woody Allen From Play It Again Sam 1972 to Midnight in Paris 2011 and Blue Jasmine 2013 Allen has produced an average of one film a year yet in many of these movies Allen reveals a progressively skeptical attitude toward both the value of art and the cultural contributions of artists In this second edition Peter J Bailey extends his

classic study to consider Allen's work during the twenty-first century. He illuminates how the director's decision to leave New York to shoot in European cities such as London, Paris, Rome, and Barcelona has affected his craft. He also explores Allen's shift toward younger actors and interprets the evolving critical reaction to his films authoritatively, demonstrating why the director's lifelong project of moviemaking remains endlessly deserving of careful attention. **Murder Manhattan Style**
