Markowitz, 2015-02-16 Gertrude Stein called it the only really modern novel form that has come into existence yet the mystery genre was a century old before it featured its first gay main character in a novel Since then gay and lesbian detective fiction has been one of the fastest growing segments of the genre It incorporates gay and lesbian cultural elements and offers crossover appeal Its authors call upon a century of development in the mystery genre while providing new more accurate images of lesbians and gay men than generally found in mainstream literature and popular media This groundbreaking study of gay and lesbian detective fiction examines mystery series and historically significant stand alone novels published since the early 1960s Part I is an overview that describes how these novels make gay and lesbian life visible and forge new powerful images It also examines how they fit into the larger history of mystery fiction The series analyses in Part II are grouped according to the type of main character police officer private investigator amateur sleuth etc Each section discusses main and secondary characters of that type characteristic themes for the group and more The analyses of individual series cover main characters themes plot points and other elements Comments from authors interviewed for this book play a central role in those analyses Part III lists series spanning themes e g homophobia the closet gay marriage and the novels and series that address each of those themes *All Desire is a Desire for Being* René Girard, 2023-06-29 A new selection of foundational works from the influential philosopher who developed the theory of mimetic desire Why do humans have such a remarkable capacity for conflict From ancient foundational myths to the modern era the visionary thinker Rene Girard identified the constant competing desires at the heart of our existence desires that we copy from others igniting a contagious violence This remarkable and accessible new selection of Girard s work shows him as a writer for our times as he

ranges over human imitation and rivalry herd behaviour scapegoating and how our violent longings play out in stories from Shakespeare to religion The explosion of social media the resurgence of populism and the increasing virulence of reciprocal violence all suggest that the contemporary world is becoming more and more recognizably Girardian in its behaviour The New York Review of Books Edited with an Introduction by Cynthia L Haven Hitler's Twilight of the Gods Alexandra Birch, 2025-02-28 Music was an integral part of statecraft and identity formation in the Third Reich Structured thematically and semiotically around the Wagnerian tetralogy of the Ring cycle Hitler's Twilight of the Gods provides a sonic read of the Second World War and the Holocaust Alexandra Birch sheds light on the specific type of music promoted under Nazism linked to larger Teutonic mythologies and histories espoused in rhetoric and personal styling The book explores the musical fixation of the command as it was extended to the ordinary troops of the Wehrmacht and SS in instances of musical sadism and destruction during the Holocaust It reveals how in constructing what was German this process also intentionally fashioned a subaltern other with an assigned set of music and aesthetics The book draws on analysis of testimony and perpetrator documents to reveal the execution of this binary identity and the inclusion of music even in extreme genocidal conditions From drinking games in the interwar period to musical sadism in the Holocaust to the final delusions of the command in collapse Hitler's Twilight of the Gods illuminates how music was a component of camaraderie identity masculinity and warfare **Border Traffic** Maggie Humm, 1991 A work on the ways in which women writers from different races and cultures often choose similar alternative routes across the borders of their literary place For example Buchi Emecheta's and Bessie Head's exile in Britain and Botswana dictate the form and content of their writing **The Scapegoat** René Girard, 1989-08 In The Scapegoat the author audaciously turns to classical mythology medieval narrative and the New Testament to explore the scenes behind texts of persecution documents that recount collective violence from the standpoint of the persecutor The Law Reports of the Special Court for Sierra Leone (2 vols.) Charles Chernor Jalloh, Simon Meisenberg, 2014-03-10 The Special Court for Sierra Leone was established through signature of a bilateral treaty between the United Nations and the Government of Sierra Leone in early 2002 making it the third modern ad hoc international criminal tribunal The tribunal has tried various persons including former Liberian President Charles Ghankay Taylor for allegedly bearing greatest responsibility for serious violations of international humanitarian law committed during the latter half of the Sierra Leonean armed conflict This volume which consists of two books and a CD ROM and is edited by two legal experts on the Sierra Leone court presents for the first time in a single place a comprehensive collection of all the interlocutory decisions and final trial and appeals judgments issued by the court in the case Prosecutor v Norman Fofana and Kondewa The CDF Case It contains the full text of all substantive judicial decisions including the majority separate and concurring as well as dissenting opinions It additionally provides relevant information for a better understanding of the case such as the indictments a list of admitted exhibits and a list of documents on the case file The book which is the second in a

Giving Life, Giving Death Lucien Scubla, 2016-09-01. Although women alone have the ability to bring children into the world, modern Western thought tends to discount this female prerogative. In *Giving Life Giving Death*, Lucien Scubla argues that structural anthropology sees women as objects of exchange that facilitate alliance building rather than as vectors of continuity between generations. Examining the work of Lévi-Strauss, Freud and Girard as well as ethnographic and clinical data, *Giving Life Giving Death* seeks to explain why in constructing their master theories, our greatest thinkers have consistently marginalized the cultural and biological fact of maternity. In the spirit of Freud's *Totem and Taboo*, Scubla constructs an anthropology that posits a common source for family and religion. His wide-ranging study explores how rituals unite violence and the sacred and intertwine the giving of death and the giving of life.

Irreconcilable Politics Michael Hutchins, 2018-06-27. How can people with different worldviews overcome their political disagreements to make collective decisions? Immigration, capital punishment, abortion, gun control, foreign policy: these are just some of the many issues that divide us. Each of us has a unique worldview, our own understanding of justice, rights and the consequences of political actions. So how can we possibly make shared decisions that affect us all? To address this question, Michael Hutchins uses modern bargaining theory in conjunction with analysis of important political controversies to provide new insights into how broadly liberal people, those who are not inclined to enforce their own views through violence, can govern themselves despite fundamental disagreements. *Irreconcilable Politics* examines the ways in which we disagree and explores the very meaning of freedom and democracy.

The English Review Ford Madox Ford, 1924. Hearings United States. Congress. Senate, 1957. Scope of Soviet Activity in the United States United States. Congress. Senate. Committee on the Judiciary, 1957. A Theatre of Envy René Girard, 2000. In this groundbreaking work, a foremost literary and cultural critic turns to the major figure in English literature, William Shakespeare, and proposes a dramatic new way of reading and performing his works. The key to *A Theatre of Envy* is René Girard's original expression and application of what he calls Mimetic Theory. For Girard, people desire according to the desires of others. He sees this as fundamental to the human condition and works out its implications in a most convincing and ultimately easily comprehensible way. Bringing his insights to bear on Shakespeare, Girard reveals the previously overlooked

coherence of problem plays like *Troilus and Cressida* and makes a convincing argument for elevating *A Midsummer Night's Dream* from the status of entertaining chaotic comedy to a profound and original commentary on the human condition Shakespeare transforms the crude literary form of revenge tragedy into a profound and prophetic unmasking of violence even more relevant today than in his time Throughout this impressively sustained reading of Shakespeare Girard's prose is sophisticated enough for the academic as well as being accessible to the general reader Anyone interested in literature anthropology psychology and particularly theology as relevant to the overriding contemporary problems of violence in all its forms will want to read this challenging book All those involved in theatrical productions and performance will find *A Theatre of Envy* full of exciting and practical ideas In its enormous breathtaking scope Ren Girard's work suggests the projects of those 19th century intellectual giants Hegel Marx Nietzsche and Freud who still cast such long shadows today By contrast contemporary criticism seems paltry and fainthearted Comparative Literature Ren Girard was born in Avignon read cultural history in Paris and in 1947 went to the USA where he has for the last 50 years held a number of prestigious academic posts He has written more than half a dozen books best known of which are *Violence and the Sacred* *The Scapegoat* and *Things Hidden Since the Foundation of the World* he has also been featured in many interviews and magazine articles His Martin D Arcy Lecture *Victims Violence and Christianity* delivered in Oxford in November 1997 aroused the enthusiastic interest of a wide variety of British experts in many fields as well as those involved in the wider and increasingly significant world of contemporary spirituality in all its popular and peremptory expressions While not giving a naive answer Ren Girard does provide a profound and practical way to unmask violence not only in Shakespeare's world but in our own
