The Origins of an Experimental Society Erik Olssen, 2025-04-10 In this major work one of our leading historians offers a new account of the origins of New Zealand how Pakeha settlers a Better Britain While both experiments were first conceived by savants and philosophers they gained ongoing support by lodging in the hearts and minds of the settlers whalers and missionaries mothers and farmers In turn Maori adapted these new ideas to their own ends giving up slavery and inter tribal warfare and adapting the institutions of the colonisers in ways that would re define the experiments This then is an ethnography of tangata Pakeha a people of European descent changed by their encounters with tangata Maori and their land just as Maori were themselves changed and the story of the society they built together Ranging across intellectual and cultural history from the beach at Paihia to the coffee houses of Paris Olssen enables us to understand the origins of New Zealand anew
